

Citizens Pay Last Respects To Long-time Edson Publisher

Citizens from all walks of life paid tribute this week to Mr. Sidney Hutton Cliffe, well known and highly regarded Edson publisher, who died suddenly while resting in his home on Fourth Avenue, on Saturday, December 28.

Mr. Cliffe was in his 76th year and has no known relatives in this country. He was predeceased by his wife, Elizabeth, who died during the second World War.

Editor and publisher of the Western Signal, he was widely known not only in this district, but across Canada.

He first came to Edson to establish a printing office in 1908 from Herbert, Sask., where he had published the Herbert Herald.

Mr. Cliffe learned the printing trade in his native Lancashire and came to Canada shortly after the turn of the century and was employed in the trade in Winnipeg, then established newspapers and printing plants in several Manitoba towns before moving to Herbert.

Funeral services were held from St. Catherine's Anglican Church on Tuesday afternoon, December 31, with the Rev. Canon H. W. Buchanan conducting the service.

Interment was made in Glenwood Cemetery with Cemetery Ministry (Edson) Ltd. in charge of arrangements.

Power Plant Sale, Swimming Pool, Civic Block Stand Out In '37

Looking back through the Leader file for 1937 we noticed many things that we'd forgotten about or that seemed to have taken place so long ago that it didn't seem possible that they were really part of the year 1937. All in all it was a pretty successful year for Edson and district. The town hadn't the spectacular year that had been in order for 1936 with its decision to pass the gas franchise with Northwestern Utilities its hospital practice scheme, its exit in light and power rates that were so welcome by every taxpayer and the other things that went to make up a brighter than usual year.

Things looked very good though with the sale of the Town Power system to Calgary Power, the increase in building permits (the first six months totalled almost as much as the whole of 1936), a continuation of the sidewalk construction program, and very important, the plans made and beginning of erection of a new Town Hall. The new year will see the occupancy of a new building after years of promise and need of it.

With the energetic Kinsmen as sparkplugs, a very substantial showing was made on the new swimming pool, a new eight-room addition was made to the A. H. Dehn school to take care of its increase in enrolment, and the new business premises were constructed to add greatly to the face of Edson as well as to the new and reconstructed residences on the close outskirts of the town.

First Baby Arrives

Little Raymond Robert George Howfield didn't waste any time in putting in his appearance these Years morning to lay claim to the beautiful gifts donated by Edson merchants.

The Sisters of St. John's Hospital at report that Raymond Robert George, son of Mr. and Mrs. Bernard Howfield of Edson, first made himself heard about 1:30 a.m., only a few hours after the little New Year himself was shown in on the second of much restful the country 'round. Baby Howfield weighed in at seven pounds, 3 ounces.

Mr. and Mrs. Howfield are Edson residents although Mr. Howfield is at present working at Hinton. For a full list of goods see back page.

New Year's Eve Festivities Cover The Whole Town

The town was really on the move New Year's Eve as larger crowds than usual were present in the unusually mild winter weather. Biggest affair by far was the frolic in the Leane Memorial Centre, but members of the W.M.A. and their guests, the Anniversary Club at the Parish Hall, and the

Agnes party at St. Michael's contributed their share to the enjoyment of the evening.

Largest private party by far would be the annual "at home" which Mrs. Mr. and Mrs. Charlie Marshall entertain a large group of the community on a rotating basis.

First prize at the residential 513 went to Mr. and Mrs. Weldon Tully, with Mr. and Mrs. John Stenning taking second prize of \$5.

The traditional prize went to St. John's Hospital with their Christ Child scene in front of the hospital.

DOWN ANY SIDE STREET boys under 13 have been playing with hockey sticks ever since the Athletics Association passed them out to every boy attending with his parents following the Edson meeting with the P.M.C.I. before Christmas. President Joe Pabonich handed this one to one lad who really shows his appreciation. —Leader Photo

Decoration Prizes Picked By Board Of Trade Judges

In a contest sponsored by the Edson Board of Trade which was Edson lighted and decorated for Christmas as it never has been before, the committee of judges had a difficult time picking the most outstanding from the large entry.

Carrot Creek Locals

The Peers Christmas concert was a huge success and congratulations are extended to teachers and students whose efforts and good management gave us an enjoyable evening.

Mr. Terrence held the lucky ticket on the computer raffish by the Peers Students Union.

Mrs. Vernon Harrow and Spaul Harrow were seriously injured when Vera's car was in collision with a half ton truck near Jack Brown's bridge on the Peers road.

Mr. Harrow suffered broken ribs, ribs and bruising. Mr. Harrow severe head injuries and shock. Mr. Harrow's daughter was treated for cuts and bruises but was not confined to hospital. On receipt of the small truck escaped injury.

A number of our local boys, who were working at Harrow, who were never sampled the wind on the practice, were shocked to learn their bank house had to be better.

—Did you know, Mr. Harrow, an eight mile wind accompanied by snow.

Santa Claus visited the Carrot Creek Christmas party, which was held in the Community Hall, and presented the children with gifts and candy.

Mrs. Annie White is staying with Mrs. Robinson who is unable to get around. Glad you were home for Christmas Mrs. Robinson. May you have a pleasant New Year.

—Mrs. Chas. Lewis is home from hospital but is not feeling so well. Hope you are feeling better before too long, Mrs. Lewis.

—Mrs. Wada is in St. John's hospital since December 26 recovering from the flu.

Mr. and Mrs. H. Thomas and family spent the holidays in Edmonton.

Mr. and Mrs. Pat Rowley accompanied by Harold, Anne and girls, spent a couple of days at home, but returned Monday to attend Mr. and Mrs. M. Harrow's "Open House" on the Peers road.

Holiday visitors in the district include: Ed Sherry, Mr. and Mrs. Bill Haliday and family, Raymond Burkenage, Larry Harrow, Don Robinson, Mr. and Mrs. Don Webb and family, and Miss Eleanor Robinson to name a few.

Mr. Bob Bradford was called to Edmonton to remove treatment. Bob injured his foot which causes a great deal of pain, but so far treatment has accomplished no lasting relief. Hope they fit it up this time Bob.

Happy New Year everybody.

First Baby Awards

For being the first baby born to St. John's Hospital in 1958, Raymond Robert George MacNeil and his parents, are richer in material gifts and in the gift of comfort from the following generous Edson merchants:

Electric bottle warmer, Mahon Electric; can of canned milk, food's Super Market, bannette.

Wilson's Furniture; instrument of first baby's Mother's Group; Glaxo baby bath tub, Edson General Supply; diaper, Kingsley Diapers; 11 & N Store; engraved silver cup, K. Gifford & Son; case of baby baby food, Bay-Mix Foods; unprinted colored photo, Edson Photo Service; surprise package, Glenwood General Store.

Five dollar gift certificates were given by: Bell's Retail Drug and Rachel Co. Ltd.

Mom and dad were not forgotten either as The Old Mill restaurant treats them to have supper for five sometime soon; Edson Furniture Service is giving \$5 worth of gas; Edson Dry Cleaners, a \$5 dry cleaning voucher. The Leader, a one year subscription to the paper everyone read (as they can keep up on next year's trends) and for dad alone, a free haircut from Fawcett Barber Shop.

Death Claims Two Lives In Car Accident

The claims of death darkened the beginning of the Christmas week holiday when a fatal car crash occurred just west of town early on the evening of December 21.

The accident in which two men lost their lives, apparently was the result of the fact that the car was on a icy stretch and going out of control, colliding head-on with a loaded pickup truck, which was going west.

As a result of the accident two men, George Chakrabarti, 34, of Millerville, N.C. and Charles Bryant, 34, of Lloydminster, lost their lives. A third man, Don Chakrabarti, 34, of Edmonton, was taken to an Edmonton hospital in very serious condition.

The truck driver, Hugh Arch of Edson, and his passenger, Malcolm Finkle, escaped without injury.

Covered Dr. J. E. Crawford, of Edson has referred that an inquest be held.

NOT THE AFTERMATH OF A MAMMOTH CHRISTMAS DINNER but a solemn part of a scientific research job is this huge stack of dishes being washed in Imperial Oil's research laboratories in Sarnia. The dishes have all been uniformly "dirtied" with a red-dyed fat and the object of washing them is to learn about the performance of various detergents. Imperial Oil has just put a \$5 million plant into operation, turning out the first detergent shampoos ever made in Canada. This new material becomes an active cleansing agent in many familiar household washing compounds.

Dairy Producers Have Fine Time

Dairy producer Glen Hinz's crash, "Please pass the sugar!" added another stick to the party's sales at the enjoyable banquet staged by the Edson Dairy Producers Association in the Com-

modore banquet room Friday evening, December 20.

Chaired by Mr. Andy Elving, there was plenty of opportunity for every one to say a few words.

A toast was given by members from the Peers area received a big hand during the evening.

And the staff Bill Smith was handling out won't all pastured either.

Telephone Building Tenders To Be Called In February

It is expected that tenders will be called for the construction of the new telephone building in Edson, according to a statement issued this week by the Hon. Norman Wilmore, M.L.A. for Edson, and Minister of Lands and Forests in the Alberta Cabinet.

The building will be the first step in the changing over of the present board supported system to the dial system which has been promised in the next couple of years.

Mr. Wilmore's statement was: "I have been advised by the Minister of Highways and Telegraphs that they now have the drawings for the new telephone building for Edson."

"These drawings are now being examined for final approval and it is expected that tenders will be called for by the first week in February."

There was no word as to when the reworking of the town would take place, but it is presumed this would go hand-in-hand with the construction of the new building.

Legion Auxiliary Elect Officers

There was a good turnout at the last meeting of the Legion Auxiliary in the Canadian Legion which saw the installation of the officers for 1938.

Some twenty-four Betty Smith installed the following: Mrs. Ann Davidson, president; Mrs. Alice Galt, first vice president; Mrs. Alice Hamworth, second vice president; Mrs. Lillian Hinchey, treasurer.

The executive committee is composed of Mrs. Marie Hilly, Mrs. Betty Hamworth, Mrs. Edna Carlson, Mrs. Florence Hart, Mrs. Francis Ford and Mrs. V. Brinkman. Edson, Mrs. Marie Hilly, color bearers, Mrs. Edna Carlson, Mrs. Edna Carlson, immediate past president, Mrs. Betty Smith.

Organizing Drive For Geo. Congrave Rehab Fund From District

Members of the Town Council, School Division Board and other prominent men in community affairs met in the Commodore banquet room Wednesday noon to discuss how best to start a fund off for the eventual rehabilitation of Edson son and athlete George Congrave who was seriously injured in Denver before Christmas.

Chaired by Joe Fehonich of the Edson Athletic Association, the meeting unanimously elected Messrs. A. W. Leonard, W. MacDonald, G. V. Bolton and Joe Fehonich to form the nucleus of an Edson committee for fund raising purposes.

The committee is to meet again immediately to get the ball rolling from Edson district. Interest in setting up a rehabilitation fund for George has been expressed by sportsmen all the way from this district to Vermilion.

George was widely known in Edmonton and Northern Alberta for his playing skill and ability and enthusiasm has been maintained since the experience of an article on George's condition in the medical section of Time Magazine.

No plans were made at this initial meeting for actual fund raising activities but one is scheduled for Friday evening and early action is promised.

Once the fund is started there would be trustees appointed to see that the fund is properly administered. Official receipts will be issued and donations will be deductible for income purposes, as it will qualify under the benevolent provisions of the R.A.A.A.'s charter.

At present George's hospital and considerable specialist expenses are being met from the insurance policy carried by the University of Denver, but this insurance will not last long enough to ensure his eventual rehabilitation. The article in Time leaves no doubt in anyone's mind about the seriousness of his condition and how difficult his landing a normal life will be.

HONORARY PRESIDENT OF THE Edson Swimming Pool Committee, Alfred Meier, on the right is presented with the 1938 Meier Trophy which was an additional honor bestowed on him when he was chosen to fill the position of the Year's done in the Legion Memorial Centre. Meier, representing the Meier in the swimming pool, is the swimming champion of the

Honorary President Committee, while Mrs. Meier looks on. The aim of the Edson Swimming Pool committee for the month through to raising is to have about keep this average in since \$10,000 per month and the enthusiastic committee. Carried on until saving there should be enough to finish off the pool started last summer.

Ottawa Liberal Convention To Be Heard In Edson

Who is interested in the coming Liberal party national leadership convention running high all across the country, Edson citizens have expressed interest in the times that proceedings of the convention will be broadcast by TV and radio.

On Thursday, Jan. 4, from 8 to 9 p.m.; Wednesday, Jan. 12 from 2:30 to 4 p.m. and 7:30 to 9:30 p.m.; and Thursday, Jan. 13 from 8 to 10 p.m., live broadcasts will be heard here. All times are Eastern Standard.

In addition to the Edson radio stations, these programs will be carried by CFTM-TV which can be received reasonably well in the Edson area.

Not Yet A Saint

Despite what one would think to see New Year's Eve, Ben, Connor's Bachelor, is not a saint, he tells us.

We played an unfortunate joke on Connor Bachelor when we said that "St. Catherine's Anglican Church had two bachelors, the annual open house when they arrived, Ben, M. Bachelor, was considered to be an up and coming one."

In our ignorance we thought it quite natural that one would have to be committed to become a saint. But an interview for our office dictionary was conducted as to whether "Bachelor" should be a saint.

Ben Bachelor, besides being a saint and a talking man, was good natured, smiling at our mistake.

Back To The Main Drag

The explosive sounds of a blundering battle going on in the vicinity of the city hall of the Municipality of the City of Edson, is not a joke.

One small girl (obviously not a western) fast continuing on a coming attraction at one of the local theatres. "That's going to be a comedy show."

Miss Nellie Armstrong, who is the mother of her fellow workers when she said, the day after her first game, "Oh, I was hardly more."

Miss's General Store and the Edson Store closed on Tuesday to celebrate their Christmas Christmas.

Vol 6 Edson, Alberta, Thursday, January 16, 1858 No.

DISTRICT GOVERNOR KEN OSALL of Devon (left) presents the charter to President Ben Parish Hall the new officers and members of the newly organized Edson Lions club on Saturday night. The Devon Lions club are also the sponsoring club of the new Edson service organization. Following a banquet in Parish Hall the new officers and members of the Edson Lions club were officially welcomed in International Luncheon by International Representative Phil Harrison of the Chilone office.

Tax Days And Canvass For George

Over 50 Lions and their ladies were on hand evening to charter the Edison Lions club at a business social evening in the Parish Hall. Representing Whitecourt, Drayton Valley, Stony Plain and both the river in Edmonton, in addition to a strong contingent of Lions from Devon, the sponsoring club, were guests their fellow Edison Lions off to a good start.

The invocation to the new club was given by the Rev. Father Joseph of Edmon, and Mayor W. H. Kimbrough welcomed the new club for the prospect of additional community service, as well as to extend the respects of the Town to the visiting Lions present.

Treat to the ladies was given by Lion Jim Smith, and answered by Mrs. Phil Higgins of California; District Deputy was Lion Gasmon of Edmond; and

to the welcome by Edison's mayor, following which District Governor Ken Deane of Dyren presented the charter to Edison President Bud Brunelle.

By far the biggest year from the point of view of additions to the commercial building inventory was 1953, when \$608,725 in building permits were issued for the \$919,000 worth of new buildings. The largest single permit came from the new city block which was valued at \$159,000; the remainder of the money, one million dollars in permits was used for residential properties.

Largest commercial building was a new 17-story hotel on 4th Avenue east which was valued at \$170,000. Other service stations built along the highway during the year averaged between \$25,000 and \$10,000. The rest of the volume was \$10,000 or under for a total of 115 building permits.

This record dollar total was exceeded during 1955 when permits were \$670,000 worth, a record. This total included permits for school buildings, the federal building, and the new St. Denis neighborhood shopping center, as well as the total amount of other non-manufacturing building.

The Edison Men's Curling Club report that they have the biggest entry ever for their bonspiel which is to be held this week.

A total of 36 entries are up on the draw and make it necessary to curl 24 hours 'round the clock to accommodate them all. At that it is expected that it will not be possible to complete the 'spiel by Sunday night.

Municipal Financing Gets Priority At Caucus

By BEN HADSON

Edmonton — Social Credit members of the Legislature were in Edmonton last week to hammer out policies for the program to be presented during the 1958 session of the House, which opens February 18. Social Crediters attending caucus are by tradition among the most initiative people in the caucus, and last week they were no exception and as ever regarding the matter there to be introduced during the fourth session of the 15th Legislature.

However, it has become fairly obvious that municipal financing will be the major issue during the forthcoming session. The Social Credit Party's elected and appointed members are standing in the opinion of the caucus as he outlined the government's proposed "new deal" to provincial municipalities. Details weren't discussed with the press, of course, but it is fairly certain that definite action will be taken this year. The new deal has been under study for more than two years.

Indications are that the government will channel more money into direct municipal grants, with no income attached, and less into building up services and paying off the public debt. The idea is to let the municipalities handle their own affairs, and the government will be able to handle its own affairs in the same way.

There is talk to the effect that long-term bonds will replace conventional grants to municipalities. For example, school and hospital boards would no longer receive separate allocations. Instead, the money would go to the municipal council and the school and hospital boards would submit their requests to the council.

Caucus discussed the effect of the new deal on municipal and school finances. One of the agenda were matters otherwise and child care. The government is expected to take over the total cost of both. At present, municipalities pay part of the cost. The members also talked about homes for the aged, and there are indications that the government plans to take over the

total cost of providing them. There also was discussion of disabled persons' pension, and of the proposed new hospital system.

All in all, municipal financing should be the major issue of the upcoming session. The fiscal picture of the new deal will determine to a large extent the shape and size of the provincial budget for the coming year. The big question is whether the budget will be larger or smaller than last year's. Last year the government budgeted for expenditures of \$100,000,000. Provincial expenditures for the last year were \$100,000,000. For the first time in years, provincial revenues are down, mostly because oil markets have declined, and so far the government expenditures have been outstripping government income.

The program of income taxes to municipalities and school boards is expected to discontinue this year, and that could account for a substantial drop in expenditures. It is believed the budget will be taken over entirely by the new municipal financing corporation, which probably will get all its money on the same market next year. Last year, the government borrowed \$40,000,000 in the corporation, and that's on loan that probably won't be repaid in the coming year.

The cabinet's three-member committee, headed by Education Minister Andrew Adair, reported on the proposed changes in income taxes. The changes, in general, are to be made in the form of a new act, which will be introduced in the House of Commons. The new act will be introduced in the House of Commons. The new act will be introduced in the House of Commons.

It may be late this year or early in 1959 to give any new type of income taxes are actually being introduced. The new act is passed, it will take considerable time to introduce, and it will take considerable time to introduce, and it will take considerable time to introduce.

It gives us pause to wonder why, when we hear, for instance, students with minor matriculation from Alberta almost all have trouble making the grade in competition with other Canadian boys their age at such institutions as Royal Roads service academy.

Of course, center heavily with the road and get off at the annual meeting of the Alberta Progressive Conservative Association in Calgary, urging the federal government to give every assistance to the R.C. in building the section of the Yellowhead Road from Jasper Park to Kamloops.

For all practical purposes this gap between Jasper and Kamloops is all that is holding up a second Trans-Canada highway that we know has considerable mileage advantages, not to mention other obvious advantages, over the southern route for the people of the central and northern half of all four western provinces.

Another resolution of tremendous interest in this connection was the one urging the federal government to promote markets overseas for Alberta's tremendous coal supply. In addition to promoting more markets for coal for energy purposes, such as the initiative offered by the provincial government is not, by research facilities for the coal.

The tough problem of farm surplus was also tackled by the caucus and while it is only of academic interest to the immediate Edmonton area, the plans of the C.A. Before The Magistrate

SATURDAY, JAN. 11 — Edson Police had five cases of traffic offenders, failing to carry valid license licenses and were fined \$10 and costs each.

Sunday, Jan. 12 — Terry Polver had one charge charged with having no registration for his vehicle. For this he was assessed a fine of \$2 and costs. A second case, that of a trailer owner failing to have

a valid license license, paid a fine of \$5 and costs.

Thursday, Jan. 13 — With most of the licenses in magistrate's court filed this morning the first case was charged with failure to have a tag light on his 19513 two-wheel trailer. A fine of \$5 and costs was levied on the driver of a construction machine.

A construction truck was also at fault for the most charges who paid \$5 and costs for failure to have adequate tail lights on his truck. The same case was charged under the Liquor Act with illegal possession for which he paid a fine of \$10 and costs.

Relieve Unemployment DO IT NOW!

Again this winter the Dominion Department of Labour are sponsoring a campaign to relieve the winter unemployment situation. This campaign urges business and householders to have as much construction work done in the winter as possible at a time when skilled workers are not employed on large projects as they are during the summer months.

The local UIC office is reporting this week on the unemployment situation in the Edson district says that at the present time it has 180 unemployed construction workers and 40 unemployed carpenters besides a number of first class painters and decorators. These make up the largest group of unemployed in the district with loggers and lumbermen predominating to make up a total of 325 unemployed men.

Local businessmen and householders are being urged to have whatever work or renovations done during this winter unemployment. They point out that at this time many skilled workers are available to do jobs that can be done in winter. These same workers will be busy on other jobs when the summer construction period starts and will be in ready condition.

Seasonal unemployment in Canada is partly a matter of weather, partly of habit. Commercial action by governments, industry, national and local bodies, and private citizens has been best to reverse years, on the aim of changing a national habit of seasonal unemployment.

It is a long-term campaign which requires for its success the determined efforts of a large number of people to all ends of the year.

The provision of more winter work provides widespread benefits throughout the community. Unemployment means a loss of pride in industry and a waste of manpower that can never be made good.

Drama Workshop Starts Next Week

The volunteer group who organized the five week Drama Workshop last fall are looking forward to having participants in a similar shop which begins January 22 at the high school.

Members of the original fall workshop had nothing but high praise for director Miss Helen Nelson from the Department of Education. Some members of the first group said they had never got so much fun out of money spent as in the weekly get-togethers.

The classes are to be held in the high school for four or possibly five Wednesday evenings starting on January 22 at 8 p.m. Anyone who is interested in any phase of drama is cordially invited to attend.

It has been announced informally that the workshop will be held in the high school auditorium. This is not quite true as the new and school street Wednesday, January 22, in the auditorium and it is toward them.

School members will get the wrong impression and think that nothing has been cancelled. Rather, the drama workshop will be held in a high school, (corrected) AND NOT in the auditorium.

Mr. Michael Fortier and son left this week to join his husband in Sudbury, Ontario.

More Skates Needed Says Edson H&S

The first regular meeting of the Home and School Association for 1968, will be held in the high school cafeteria on Wednesday, January 23.

Guest speaker will be Mr. Lloyd Rader, vice president of the Edson Rotary Club, who will address the gathering on the Paul & Patsy Club in regard to safety on a bicycle. He will also show two films, one, a Walt Disney one, "I am no hero in a night" and the other a film on skating while driving will be narrated by Bob Rader.

An interesting report will be given by one of the three ladies who attended the Home and School House and school convention last month in Edmonton. These ladies found the convention most informative and will pass this information along to other ladies.

The three ladies in charge of child meetings, Mrs. Neil Land, Mrs. M. Thompson and Mrs. E. Paulson, report that they have more requests for skates, but to date have very few skates available.

They ask that anyone having a set of skates hanging over the door want to bring any more, please any of them to them and let them know what they have.

Edson Craft Centre Hive Of Activity

Four Edson women are putting
in up to 16 hours a day furthering
their knowledge of the crafts
presently enjoyed at the Edson
Craft Centre.

The four women, Mrs. Bill Perry,
Mrs. Laura Mahon, Mrs. A. L.
Cunningham and Mrs. John Lyden
are busied up in preparation for
teaching their fellow Centre mem-
bers what they have learned in the
area of advanced pottery and
paper modelling, the latter a
new craft. An instructor in these
crafts is here from the Culture
Activities Branch, to follow the
new plan of training local persons
to teach the crafts in their own
centres.

Classes begin at 9:30 each morn-
ing and continue until the particu-
lars have been in full scope
of hands-on problems. They
begin shortly after nine in the
afternoon and again continue on
to 11:30 each day. Besides all

this study, a workshop is held
every evening.

Try pointers are specializing in
glass, but are also getting in
extra work in the electric where
which is so new from the Depart-
ment. They are hoping to see
them as electric wheel of their
own before too long.

Regular craft hours are kept
as well with weavers, knitters and
wood workers having their Tues-
day and Thursday evenings at
their favorite hobby. Visitors are
welcomed to stop in and see just
what the crafters could make time
to and would find a visit an inter-
esting one. The Centre is usually a
hive of activity with each craft-
person busy in their own center.

It is a busy spot and a favorite
one for the many members who
are regular workers, either men
or women, as they complete a
project or make plans for a new
one.

MURRAY'S Super DRUG

IT IS THE RAPIDLY BEING ACHIEVED WISE of both the pro-
fession of medicine and pharmacy to not only be able to help you when
you are sick, but also to prevent any serious illness.

IN THIS WONDERFUL AGE many new discoveries have been per-
fected that can do your body in real disease.

VITAMINS ARE IMPORTANT in helping to increase your ability
to fight off sickness. To benefit most from their use be cautious about
using the products of manufacturers who have an established reputation
with the medical world.

WHILE THE LABEL, as required by law, specifies the strength
when packed, the only positive assurance you have that the available
potency is still there when you take it is the reputation of the maker, and
the person from whom you get it.

IN OUR PHARMACY we stock the products of the reliable drug
manufacturers who uniformly perfected vitamins and whose products
your physician approves. We also personally guarantee the quality and

Vol 6 Edson, Alberta, Thursday, January 23, 1968 No.

A rink from Whitecourt skipped by Geoff Hill, Whitecourt, carried off the Edson Motors trophy, symbol of supremacy in the primary event of the Edson Curling Club Bonspiel run off Friday, Saturday and Sunday. The spoils were very successful, and the many spectators were treated to some excellent curling during the three day event. Kenner from Edmonton, Puchala, MacKay and Whitecourt as well as an excellent representation from the host club made up the original 36 rinks, and when the smoke cleared only 41 Grand of Edson was able to carry off a first. A first win came in the third or Mahon Electric oval, over the Mitchell rink from

Although Friday's contestants found the ice heavy, colder weather (lighted) things up nicely, and ice conditions were ideal from then on. The second event for the Top Ten Trophy went to the City rink from Edmonton, and Pryor of Foothills was the winner of the Edson-Horseshoe event.

A Man Of The People

The sudden death of Mr. Chris Pattison last week was when suddenly the hearts of the many hundreds who knew him in this part of Alberta.

Connected intimately with the early history of the Alberta Coal Branch, Mr. Pattison, had the confidence of all and was a spokesman for the humble in the seats of the mighty. His two terms in the Alberta legislature brought credit to his constituency and he drew support and admiration from many citizens who would not ordinarily support a man who was a Labor leader.

He smiled with a laugh, but never lost the common touch.

Not Enough Coverage For Really Serious Ills

The case of hockey player George Cowgill is a very good example of why private insurance should be advised and why private insurance companies are not far reaching enough. The policy held by the University of Denver provides for coverage for \$5,000 which is a much higher than average liability protection than can be procured by the average person.

From what we can find out about all the family's company policies it is possible to say, there is almost always some limit over which the insured person or his family has no protection. The average worker would not be able to pay for a couple of hundred dollars but for any serious and prolonged illness by any member of the family he is completely unprotected.

On top of this we have two instances where health insurance policies where the companies immediately refused to pay what would appear to be legitimate claims. One was later paid after the insured threatened legal action.

The people of the nation wonder if the best possible medical and hospital care that science and modern medicine can provide without the question of whether or not there is money to pay for this care or not. No right-thinking person would say that treatment for some serious illness should be brought to a halt because the \$500 insurance coverage had been exhausted, but this is what the private health insurance companies in effect tell us—at the same time suggesting the slogan that government operated schemes are not the answer.

The question of whether the province or the Dominion, or both, should be responsible for a health scheme has been a political football long enough. Let's hope that the provincial and federal governments now in session will enact legislation which will remove this question of bankruptcy which now faces any family breadwinner who has to try and pay heavy medical bills.

As far as this newspaper is concerned, private enterprise has not proved it can do the job—it is definitely a load that should be spread over the whole community when serious illness strikes.

Let's Not Sell Our Heritage Before We Know Where Our Gas Is

The empty barrel makes the oil barrel more valuable than most other commodities, especially the empty oil barrel.

The reason along in the oil business has not often been the immediate profits of the petroleum products of the past few years... many products and low loss materials.

Ministerial Borrowings Must Change Source

Edmonton — Premier Manning's announcement last week of the suspension of the Edmonton Police Commission accounts primarily to this. The government has needed the funds of the leading business. From now on, and for the first time in several years, Alberta municipalities will have to secure their capital loans on the open money market at the best interest rates they can find.

This was the latest development in the process of overall reworking of provincial-ministerial financial relations. The Premier also announced that more money will be channelled into municipalities, schools and hospitals operating funds in an effort to save rising taxation. At the same time, municipalities will be placed in a more difficult position than have been used in past years to buy municipal debentures.

The announcement had municipal officials by surprise. They had been counting on borrowing money through the MFC for their capital needs. The Premier Manning said it was not such an option, because municipal rates have been high for the past two months. Since borrowing by municipalities would be more costly than borrowing by the province, the MFC would be more likely to be used in the future.

At the same time, it's not much help to municipal authorities who have been requesting loans they're asked to prepare their budgets. The overall plan of municipal financial relations is a complex one, and it is not clear what the Premier's intention is, why was the action taken? An indication of the background may answer that question, at least in part.

The Premier's intention was not to stop a little more of the money that has been flowing into the province from the MFC. It was the government's plan to stop the flow of money from the MFC to the municipalities. It was the government's plan to stop the flow of money from the MFC to the municipalities. It was the government's plan to stop the flow of money from the MFC to the municipalities.

Dear Doug:

Please find enclosed money order for \$2.00 for a years subscription to your paper.

I've just recently all touch with Edna and District. I did see John Thomas and his wife a while back also Don Buck. As you will notice I'm off on Vancouver Island, a lovely place, beach and climate.

We visit Victoria every week and visit Roy Anderson and Steve, also see Ruby, all well. Also Merle and Mrs. and Gordon.

Mrs. Wood and my pretty well at present. Kindly to do in the garage.

kindest regards to all.

Yours truly,

A.

Edson's newest service Club, the Optimist Club of Edson has another pre-organization get-together Monday evening to prepare final plans for the organization meeting now set for Monday, February 10th.

ary chairman William Bruce to members and guests heard reports from the various committees which have been actively preparing for organization. Of special interest was the report on membership given by Bill Owens. Bill reports that more than thirty memberships are in, and a later report brings the number up to 40. This

Peter Serdinsk gave a program of the role of the Soviet consular officials for the fledgling club as drawn up by Peter himself. Canon Howard Buchner, member of the nominating committee, gave a resume of his laws to its adoption. It was given by the chairman of the committee, Cliff Bell. One topic in particular that struck the members was the role of the consular officials.

Members who have been suggested for office in the club were asked to state their views, and the guests present were also asked

Chairman for the evening, Percy Wells, introduced Mr. Cameron of Edmonton, who spoke on the idea behind the Pilgrimage for Youth. Mr. Cameron said that Oddfellow and Rebekah Lodges were proud to be able to send three students to learn more about the activities of the UN as well as the only Order which can send students to actually take part

Each song of the Lodge was sung by one student. This song extolled the virtues of the American people.

Chairman A. A. Leonard was elected to be the trustee on sub-division No. 6, which comprise the town at the close of nominations to fill two trustee positions on the six man board. Mr. Leonard has been acting chairman of the board since the death of Mr. J. C. Doherty.

An election was necessary in sub-division No. 1 and will be conducted by Messrs Paul Powell and Thomas Whitfield both of Woodville. The election is to be held at the school house in the Woodville school district.

Other members of the school division board are: L. Vento of sub-division No. 2; E. H. Madson of sub-division No. 3; J. A. Larson of Klam, No. 4; W. W. Atwood of Woodville No. 5.

Annual meetings have been or will be held at Woodville, Tuesday, February 4 at 2:30 and Wednesday in the evening; Post, Tuesday, February 5 at 2:30 and Wednesday in the evening; a special meeting will be held in the school district board room at 2:30, Tuesday, February 12, and the next meeting will be held at their office.

The Coal Branch School district meetings are scheduled for Saturday, February 8, Monday, February 9, Wednesday, February 11, and on Friday, February 12.

Urban and district residents will have a chance to hear a first class accordion concert shortly when Mrs. E. Pettit will give an accordion recital in the high school auditorium with 25 of her pupils taking part.

The program will take place on Saturday, February 18 starting at 7:30 p.m. The early starting time is necessary as some of Mrs. Pettit's younger students came from out of the country. This should make an interesting evening for anyone who attends the concert.

With the assistance of school students helping by arrangement, the seating and Mr. Art Leonard in charge of the affair, the entire proceeds will go to the Georgia Congress Bicentennial Fund.

There is still over \$100,000 in vested with Calumet Power Ltd.

The Edson Local P.U.A. No. 1 is holding a social evening in the Trail School on February 13th. Everyone welcome.

Sorry to hear Mr. Andrew Burgess is in the hospital. Hope to see you home before long.

Wednesday afternoon, go to the Maryjane Corbett and Mr. Albert Jones.

Congratulations to Mr. and Mrs. Albert Jones on their 1st wedding anniversary.

Chad to see Miss Jannette Wynne out of the hospital.

Two daughters and a grandson of Mr. Andrew Burgess are visiting here from the States.

Mr. and Mrs. Albert Jones and youngest daughter Heather, drove to Edmonton on Thursday with Mr. Albert Jones where Miss Heather will receive medical care.

There have been four home evenings in our district in the past month. The first, held at the home of Mr. and Mrs. Martin Thomas, when a few friends dropped in to visit them and to their new home.

Mr. and Mrs. P. Wolmer were surprised at their home on December 28 when a group of couples walked in to welcome their new home and congratulate them on their 25th wedding anniversary.

On January 11, 22 friends of Mr. and Mrs. Allen Chiswell surprised them in their new home. The evening was spent with games and dancing.

Mr. and Mrs. Joe Wynne were

lost on the 1st when 18 friends called in to say they had heard their new home was sold and thought they would come in to see for them.

With games and dancing a good time was had by all. With the ladies serving lunch everyone went home happy.

A church has been started in the part of the city and Mrs. Frank have in our new district, on the children will all be going to Sunday school there when it is ready.

Mr. and Mrs. Frank have been very good at making their home and creating the children.

Mr. Van Buren, Mr. Forrest O'Brien and Mr. Martin Thomas are all working up at home at the present time.

Mr. and Mrs. Norman Smith have moved into our district. - Waterloo Editor

Midge's Trounce Jasper High

Edson's Babe Jasper Midge trounced Jasper High School yesterday 16-2 in an evening game. Thursday Edson was never behind in a game in which they took a commanding 8-0 first period lead, and from there on sailed to an easy victory.

Charles Henning led the scoring punch with four goals and three assists, while David Asher blanketed the red hot line and set up four others. Eddie Larson also added a hat trick for Edson and helped in ten more. Jasper's Richard Irvine for Jasper, both his markers being unassisted.

At the end of the second period Edson held a 10-1 lead over their badly outclassed opposition. This they increased to 16-2 by the end of the third period.

Other good players for Edson, Stevenson and Brown each collected a pair, while Harkness, Bert Bevan and Rapier's added stops.

The Voice of Edison Conspires

Vol. 6 Edison, Alberta, Thursday, February 13, 1954

Over 100 enthusiastic delegates nominated Dr. Hagt-Horner to contest the Jasper-Edson constituency in the federal election at a Progressive Conservative nominating convention held at Edson Saturday, February 8.

Delegates were on hand from most of the 15 zones into which the Progressive Conservative Association had divided the huge riding for purposes of organization.

Starting at 1:30 p.m., the renovation proceeded to the nominations with Mr. R. A. Backing of Honey Plains allowing his name to be put forward in addition to Dr. Werner's. At the close of the balloting Mr. Backing moved that the convention unanimously name Dr. Werner as its choice to contest James Egan.

Dr. Horner announced that he would be taking a leave of absence from his connection with the Harbord clinic and would devote his full energies to the two month campaign. It seemed he would be intended to make Jasper Eden's interest his full-time occupation.

Following a buffet supper, served by the Anglin W.A., halloting was closed at 8:30, shortly after which the P-C candidate was announced. A standing oration showed Hugh Hurner that he had the convention behind him.

Getting into the swing of the campaign for the coming federal election the Jasper Edison Liberal Association will be holding a nominating convention in Edison on Wednesday, February 10. The convention will be held in the Legion Memorial Centre beginning at 10:00 a.m. and anyone interested in furthering the Liberal cause is cordially invited to attend.

This will be the first time that a Liberal nominating convention has been held in Edmonton—the centre of the constituency—and it is expected that delegates will be in attendance from all points from Jasper to Bayhead.

National Kin Week, February 16th to 23rd

National Kin Week being observed across Canada this week recalls the founding of the Canadian service club by (Bill Rogers and several other survivors from World War I) in February, 1920, at Hamilton, Ontario.

The organization was started to promote and direct fellowship among young business and professional men, between the ages of 21 and 40, and especially to serve the community in which they exist.

The record of Kinmen Clubs is community service in well known throughout the country and in many instances, the benefits of Kinmen efforts have been felt beyond the boundaries of this country.

For instance, during and after World War II, the Kinmen "Milk for Britain" drive sent over 20 million quarts of much needed milk to British youngsters.

Locally the Kinmen have been responsible for getting food and playgrounds at strategic spots around Edson, building an outdoor rink adjacent to the arena, and their major project, of course, has been the community swimming pool which will eventually cost in the neighborhood of \$25,000 and which is being completed.

Besides the community projects, the Kinmen are continually building within their own membership.

The growing use of parliament as a provider, the upholding of civility, the upholding of business and professional ethics, and the development of co-operation, tolerance and understanding amongst all races and creeds are internal projects that are being carried on continuously.

In its 28 year history, the Kinmen Club now numbering 282 with a membership of over 10,000 people, is still going strong between the ages of 21 and 40. When a Kinman reaches 40 he can no longer hold office, to give the younger men a chance at leadership, but he retains a privileged membership as long as he stays active.

Kinmen Club Makes Plans For Alta Teen Conference

The Kinmen Club held a meeting on Sunday, February 14, the main object of this meeting being to get the representatives meeting the other way. Plans for the four-day Alberta Teen Conference were discussed and a rough program was drawn up. This committee has a tough job as it must plan all dance, sports, recreation, games, etc. and any discussion would be postponed.

The Queen's and John's Committee made its report and gave a list of suggested prizes in its executive. Two representatives were to give a brief outline of the work being done for the conference and to ask the Kinmen to choose several young residents and to help choose Edson's Teen Queen.

Education Emergency To Be Aired Over The CBC

With a Rural Committee working on education in Alberta, it is most important that as many as possible know the broadness of education being given by the CBC. Every Canadian has some stake in the welfare of the province and what is taught. We have no overall system of education in Canada. Some clubs have obtained experience in Canada schools are serving reference in education committees. To many, the problem of learning is a national emergency.

CBC's education radio program, "Canada's Education," will be broadcast in the afternoon, February 17th. This series will take a sounding out of what's going on in Canadian education.

These broadcasts are planned to coincide with the Canadian Conference on Education which takes place in Ottawa the week of February 17th, and will continue.

BRUCE FRISLEY

Bruce Frisley has taken all his schooling in Edson. Bruce Frisley is a student for the "Edson Kinmen" in the year 1940.

KEB LUTON

Ken Luton has taken all his schooling in Edson. Ken Luton is a student for the "Edson Kinmen" in the year 1940.

MARLENE ACHAMBER

Marlene Achamber has taken all her schooling in the Edson district. Marlene has made many friends since she came to Edson High School. This year she is secretary of the 1940 Edson Students Union. Marlene is 17 years of age.

FULA REBER

Fulla Reber has taken most of her schooling in Edson. Being interested in sports and team activities, she made Paula, popular in and out of school. Last year she took an active part in Edson week. Paula is 17 years old.

Edson Kinmen Sponsor New Evansburg Club

As to the custom with service clubs, one new club organized in a neighboring area. In this way the Kinmen are helping with the organization of a Kinmen Club at Evansburg.

At last count over 20 had been signed up. A former Kinman, Guy Dempster, is to be charter president of the new club.

A special charter night is being organized and members of the Edson Club and their ladies will be among the visitors in the big night which has been set for Friday, Feb. 21.

Max Kirkman Was Kin Charter President

Good and enthusiastic Max Kirkman, was the charter president of the Kinmen Club of Edson when it was organized in 1911. Max was through the president of 1911 then served a full term in 1922.

Following him in the "big chair" were Bill Hays, Walter Thiel, Walter Walker, Bob Burke, and this year Kinman.

Former members of the club include: Clarence Brown, Bob Burke, Al Galt, Doug Cullen, Max Chas, John Demaschuk, John Pley, Walter Fowler, Ray Gardner, John Galt, Ray Galt, Neil Galt, Gus Galt, Joe Griffiths, Leroy Krensch, Gerald Mahon.

Will Chooses Most Popular Teen-ager

In conjunction with the coming Alberta Teen Conference, which will be held in Edson this year, the Edson Kinmen are holding a contest to determine the most popular Edson teen-ager.

Two boys and two girls are competing for the honors with votes being cast on a point basis for each one. The four who have their names up are Paula Krensch, Marlene Achamber, Bruce Frisley and Ken Luton. Pictures and signatures of each appear below.

Thomson To Carry J - E Liberal Banner

Feeling that Edison was the central point in this vast constituency voting members of the Jasper-Edison Liberal Association turned out 120 strong at a nominating convention on Wednesday, of that week to nominate Mr. Dale Thomson as their candidate in the March 31 federal election.

Delegates were on hand in Jasper to the extreme eastern boundaries of the constituency to choose their delegates and to formulate plans for an intensive 30 day election campaign.

Getting an early 10:30 a.m. start, the morning hours were taken up with registrations, with nominations taking place following after lunch addresses by guest speakers. Following nominations of Mr. Thomson and Mr. Doug McKee as candidates, the balloting

Horner Starts Election Meetings off For Edson

By CAROL ANNE

More than a hundred persons gathered in the Parish Hall Wednesday evening to hear the first candidate to be nominated in this constituency start off the pre-election political rallies which will become a common enough occurrence before the March 31 federal election.

Dr. Hugh Hornor, standard bearer for the Progressive Conservatives faced an attentive crowd of men and women as he gave his views on the questions of the day. Dr. Hornor's clear manner of speaking was appreciated by those in attendance who did not have to sort out the all too common sarcasm and road closures to get to the point of the speaker.

The Progressive Conservative candidate feels that Jasper-Edson constituency has a large stake in Canada's future, because of the richness of its natural resources, and other potentialities. He was proud of the federal government in its short seven months term, saying they had fulfilled all their election promises.

Among the thirteenth, said De la Roche, the Conservative party did some things they were elected to do. The number of jobs in the office last June were increased 40 per cent. The number of new jobs were increased through a new stability act, and through the new investment tax credit. The government stored grain, lowered the interest rate, and lowered the income tax and what De la Roche said was most important of all, was the Bardeen Commission to study Canada's energy resources.

He said that among the things that the government is power was additional help to welfare services and that the government will all it can to help alleviate the employment situation brought by the Liberal government. He said the recession was brought on

the revolution was brought on

Carrot Creek W.I. News

The Carrot Creek W.I. met on February 24th, the home of Mrs. Henry Anthony. There were six members and one visitor present. Mrs. Helen Hansen reported on U.I. and the Girls Club. The letter from the Constitution Committee, Mrs. W. H. W. H. Hansen and Mrs. V. Brundel had each made a pleasing review which were inspected by the members.

Some recipes were handed in to the secretary to be sent to Mrs. W. H. W. H. Hansen for the constitution book.

Mrs. L. H. W. H. Hansen read her report on the meeting.

The March meeting will be held on March 12th, at the home of Mrs. V. Brundel, at 2 p.m.

LOGS 2 MILLION MILES ON 65-MILE CNR RUN

WOODFORD, If you were to say that CNR's wooden, heavy-duty log skids literally hauls every inch of the track between Winnipeg and Edmonton at the U.S. border, you wouldn't be far wrong.

Reason for this is that he has spent the past 40 years working aboard trains running between those two points, making thousands of runs up and down the same 65-mile stretch of track. In fact, Mr. Carlson estimates that he has logged 2,000,000 miles along it since he first started on the run in 1917.

Now, after a railroad career extending over 40 years, he has retired after making one last run over this, by now, very familiar stretch of track.

EDSON HOCKEY FANS were treated to an intermission of martial music when the PPCLI Army team played Edson Athletics a couple of weeks ago. (Shows he, with 32 drum sections in the foreground in the arena, and which drew appreciative applause from the audience.)

Athletics Drop Semi Final Game To Vegreville Rangers

The Edison Athletics dropped the first game of the best of three semifinal to Vergelliers Rangers 4-1. The Athletics, remaining undefeated, will play the second of two games with the Rangers this coming weekend.

Vergellier took an early lead, scoring on a home run from Ed Kanian and fired the shut out from the Edison net.

Edison's defense was a common one was secured by Ruskak. This was probably the easiest goal the team Vergellier has ever scored. In trying to clear the puck, Vergellier hit the net.

Steve Lyons fired in at free, of the goal.

John and John Raych was looking for a goal.

At the same time, the puck hit a skate blade and glanced in an open corner.

The second stanza Rangers again saw Vergellier's one goal.

The Edison Athletics took the evening on a pass from the Rangers.

Ruskak's puck came in at 1:17, giving the Rangers a 2-1 lead.

Edison took the score for the second time in the regular, Rangers scored on a goal from the front of the net at 3:35. This goal for Danekers broke a tie.

The Edison Athletics took the front range in the Edison's hands scoring one. Danekers scored on a one point goal on twenty-one seconds.

Every year about the first of April a number of men head into the bush here in Alberta to man fire towers operated by the Provincial Forest Service. You find these towers — 50 foot steel structures spotted on peaks throughout the timbered areas of the province, which lie to the west, mostly among the foothills and toward the east slopes of the Rockies. Some have been erected quite close in to towns and settlements; others rise from summits pretty remote. Last summer I visited a fire tower, mainly a pretty view.

Edson F.U.A. Interested In N.B. Vet Service

The New Brunswick system of government veterinary service has recently come up for discussion among the members of F.U.A. (Farmers Union of Alberta) at the annual meeting in Edmonton last week. The F.U.A. has been interested in the system for some time, and it was brought to the attention of those who have had an opportunity to learn of it.

The article continues in the March 4 issue of the *Edson Leader*.

By Michael Giffin.
For rancher Harry Hesterman, who has a nice ranch in the Edson area, the idea of a "hot foot" in his field is a familiar one.

WITH O. E. MONTGOMERY
Cattle and sheepmen may be busy, but at least they give people something to help for the millions of dead livestock that are being shipped to the slaughterhouse.

These dollars are a small price to pay for so many deaths.

And then there are the people who must close the house behind them in this program, and writing down all kinds of foolish information about the question, in the hope that the radio station will call up and award them \$500.

It is all very well to say that they could pass the time more profitably in some other way, but this would mean that the \$500 is short order.

In fact, however, a job wouldn't be nearly as rewarding. The program, however, is intended to help livestock producers, and it is not a bad idea to have a small prize.

Behind the field work of the subcommittee, however, is a more serious matter, the full-time work of the subcommittee, the full-time work of the subcommittee, the full-time work of the subcommittee.

While New Brunswick already has other services in operation, the full-time work of the subcommittee, the full-time work of the subcommittee, the full-time work of the subcommittee.

MILK TREATMENT
I have very rarely done any milk treatment through the use of penicillin, but I have done it on a few occasions.

Penicillin has been used in the treatment of dairy cattle for some time, and it has been found to be effective in treating certain types of mastitis.

COME BY THE CARLOAD! YOU'LL HAVE FUN!

MURRAY GRIER AND ANNE JOY officially open their premises this weekend for the service of the public. Murray with his Edson Royalite Service and Anne with her Anne's Royalite Lunch. For some time the familiar bright white colors of the Royalite station have been a commonplace sight on the Highway one block east of Main which together with its futuristic architecture, makes a modernistic addition to Edson's approach to the heart of the town.

Murray, formerly a service and supply man with Starline Petroleum, has become well known in Edson during the several months he has called Edson his home. For Anne Joy needs no introduction to the travelling public as the local authority for her car and every delight. This latest addition to service for the public will find a wide and growing acceptance among discriminating users of gasoline and oil products, while they have a little lunch at Anne's.

Kinteens Canvass Town For Billets

The Edson Kinteen club, at their canvas Edson, house for house, for billets for the forthcoming British Columbia Tour, is making a good record.

A group of club members, led by the captain, Mr. J. H. Brown, are canvassing for billets on Monday, and as a result the British Columbia report a sharp increase in billets. To date the club has secured 10 billets, and the number that they will require in order to billet all of the tents will be in Edson from April 18 to 19.

As the canvassers will be unable to visit every house in Edson, though, those who have not been called on, and can possibly billet any of the visiting Kinteen club are asked to contact any member of the Kinteen club or call out and let them be found at many of the club's down town business places.

Legion Social For Rumples

Members of the Legion and the Ladies Auxiliary gathered in the Legion Memorial Centre on Friday evening to honor immediately past president Chris Rumples and Mrs. Rumples.

Mr. Rumples has been transferred to Edmonton with the Imperial Bank. During their stay in Edson the Rumples have been active in community life and are especially well known.

Mr. Rumples will stay behind in Edson for the time being.

Optimists To Sponsor Hinton Club

Next Edson Optimists attended the organizational meeting of the Hinton Club held in the Valley Hotel Wednesday evening and successfully launched the initial preparations for the club.

Included in the Edson party were: Lint, Governor of District 13 William Brown, Edson president Bill Owen, new club building chairman J. P. Wells, as well as Harry Berwick, George Callin, Jim Hild, Lew Robinson, Frank Smith and Ray.

4-H Club News
MUSCO VALLEY 4-H CLUB

Club members, Edward Fabian, president, and committee members of the Musco Valley 4-H Club held their regular meeting at the home of Mr. and Mrs. Bill Owen on Friday evening.

The club members present: The chairman of the meeting was Ed Fabian.

The meeting was opened at 8:30 p.m. by the members reciting the 4-H pledge. Old and new business was discussed including correspondence which had arrived before the meeting.

The club leader, Mr. White, then presented an interesting talk on how a meeting should be conducted and the procedure followed. The meeting was then adjourned at 9 p.m.

A delicious lunch, which was supplied for Mrs. Owen was then served.

R-A Service Station Opens On Gas Alley

The new service station to open along Edson's Gasoline Alley is now in operation.

Without any fan or fanfare Mr. and Mrs. "Percy" opened their R-A Service last night of 40, two hours. The only R-A station in town that was able to have full service service and yet not having any customers.

Official opening with prizes and what was more will take place some time in the future but until then it is business as usual at Percy's R-A Service.

TO CUT TAXES • CREATE JOBS RESTORE CONFIDENCE START CANADA HUMMING AGAIN

- MORE MONEY FOR YOU from lower taxes**
 - a 55% tax cut for all Canadians with taxable incomes up to \$1,000!
 - a 100% boost in basic exemption for all married couples during the first three years of marriage!
 - no more special excise tax on cars!
- MORE MONEY FOR ALL \$400,000,000 extra to spend**

This increased buying power will start putting men and women back to work immediately — will "signal" business to speed up, go ahead with expansion plans — will create demand for basic materials, construction, transportation and all the other services needed by a busy, growing Canada.
- MORE JOBS FOR CANADIANS from more business dollars**
 - a 50% tax cut on profits up to \$10,000 a year will strengthen and stimulate small business.
 - a 50% to 100% increase in depreciation rates will encourage new investment this year.
 - These timely "tax lifts" are still another way to put more money — and more people — back to work again.

THIS DIRECT ACTION TO INCREASE JOBS NOW CARRIES OUT PROVEN LIBERAL POLICY TO CUT TAXES, BUILD UP SPENDING POWER WHEN BUSINESS SLOWS DOWN AND UNEMPLOYMENT MOUNTS.

Edson's Bob Titley Golden Gloves Winner

Canada has the White Phoenix, Edmonson has Matt Baldwin, but Edson has a champion, Bob Titley, an Edson boy with three years experience in amateur boxing brought home the championship in the 80th class in the Edmonson Optimal Golden Gloves Tournament held last weekend.

Bob was one of the seven Edson fighters that trained at the Titley gym in the Golden, and although there was only one champion, the other boys gave excellent account of themselves. In the 80th class, Titley fought Matt Baldwin, and although he was not a professional, he brought home the championship, although he was unaccompanied.

Edson had won over C.W. Côté.

Learning Objectives

With less than three weeks until the March 31 election to make up their minds, the voters are just beginning to get a deluge of party pamphlets, letters and words through newspapers, the radio and TV.

The candidates, one of whom will represent Jacques-Ethier in Ottawa are the individuals most voters want to see for themselves. Alphabetically, as they appear on the ballot, they are: Dr. Hugh Horner, physician, Barryhead (P.C.); John Lutz, farmer Sanguid (C.P.); Paul-Thomson, economist, Fort Amuniboine (Liberal); and Charles Yuill, retired, Barryhead (Social Credit).

1000

By L. W. NEWCOMBE

During the years he has made a fine contribution toward the betterment of his community, and in being greater security and welfare legislation and services to farmers of Alameda.

John Leo

He is a writer-up and pictures of the line farm, which no doubt has been well known in 1883 he was the C.V. candidate of which he has been board member and director for years. He is proud of the program and statements of the C.V. and is happy for the privilege of again serving in this election.

He is a man who is very proud and thorough. The first son of the Thirtieth, he had his share of early trials, long winters like that of 1919-1920, but he raised a family of eight children free of care which received a University education. The above is written not to detract from him, but to show he does not like but to emphasize the fact that his attitudes and high ideals of service make him a valuable representative in Ottawa, for his constituency.

He knows the farmers and labourers problem, from the ground.

CHARLES YULLIS, who has represented Jasper-Idem at Ottawa for two terms, is a former mayor and school division trustee of Sarinac, where he carried on a business for many years. He is well known in the East end of the riding and has become a familiar figure in the West end. Mr. Yullis is a member of Social Credit party in the House of Commons.

HUGH PRINER, M.D., who promises a strong voice for Japan's children in the next Diet session, is a Government, is a Burnhard physician who knows this vast constituency thoroughly and can give an effective representation at Ottawa on this riding's complex problems. He expects to speak in a contest at all the smaller places and larger towns before the campaign winds up. A veteran of navy service in World War 2, he is in his 40s.

Since the coming to Edson of M & M Store Ltd. and Bud's Super Market, the phrase "City shopping facilities at City prices" has taken on a new meaning for the thousands of shoppers in the area West of Edmonton. Both the huge stock carried by Bud's for the convenience of budget-conscious housewives and the deep discounts given by M & M on the wide selection of merchandise available at the store in the M & M has caused that many of the shoppers in the district that used to go out of the district, now desire jobs and prosperity right in Edson.

Both Jack Meach of M & M, and Bud Brunelle, of Bud's Super Market, believe that the best way to build up a business is to move large quantities of merchandise at rock bottom markups. Budget wise shoppers have been proving their business sense good ones. Try to match the values on the following list.

3 NEWSY NOTEWORTHY NEWSPAPERS

- * THE EDSON LEADER
- * THE HINTON HERALD
- * THE JASPER TOTEM

In the last couple of years the people of West Central Alberta have become confirmed readers of one of this combination of three newspapers that serve their area best. With a policy of vigorous news reporting and editorials that reflect the best interests of this area, without swerving where the chips may fall, more and more West Albertans are coming to be "over to cover" readers.

This growing response has been rewarded by want ad space time and time again. A common plea has been "please take that ad out—I could have sold the item five times over." Merchants wishing to reach any special market or blanket the whole area are coming to use the facilities of this growing chain of weekly newspapers at our special combination rates.

For the handy subscription form below on that you, too, can know the views and news in this large district that has progressed forward steadily in the past few years and experts think is due for further development.

MS. MILLIE WORTON couldn't wait until she got time to read the specials in last week's Leader when we put out a special shopping section that covered the area from Drayton Valley to Jasper. Mrs. Worton, of course, is the lady who keeps our file straight around the office and may be pre-occupied in our favor. But hundreds of our readers have found that they can find what they want in the columns of The Leader. Incidentally, Millie doesn't know that she made the front page and it will come as a shock to her tomorrow morning.

It was decided at the last meeting of the Edison Kiteen Club

It was decided at the last meeting of the Edison Kiteen Club

emulative, that, in order to estimate attendance figures for the coming Western Canada Teen Conference, Edson's registration day will be Saturday, March 29. Registrations will be taken between 10:00 a.m. and 4 p.m. at the Republic Coffee Shop. The fees for the Conference will be: Edson Kidzoo members, \$4.00; non members, \$8.00.

The deadline for the purchase of Kitecon memberships will be March 25. All Yeoms from Eden who wish to attend the Conference are requested to either register and pay their fees or simply give their names to who ever is in charge on March 29.

The Billet Committee reported that, though they received good results from their canvass for billets they are still short of their needs by a large margin. Anyone who has a place for one or more of the visiting teenagers is asked to phone 137 and give their name, address and number of teenagers they can accommodate.

Vote As You Please... After You Think First

"Vote a true phrase, but phrase only" has long been a slogan of "armies" of speakers by such non-political, but interested bodies as Chambers of Commerce and service clubs. This is a belief that is held by earnest citizens who want the democracy of our country to be alive and functioning political in action. They believe that the best way of ensuring a free expression of opinion is for everybody to vote.

We don't completely agree with this free-sounding slogan. People who have no opinion, but go into the balloting booth undecided and then put an X on the first blank space that eye lights on are not exercising an opinion. They're not doing anything but going through the motions of helping to run their country.

After six concentrated weeks of propaganda through radio, TV and the press, we would have thought that people would know the names and histories and even some of the policies of the four candidates running in this constituency. However we were brought up short by one "citizen" asking us the other day "who's running in this constituency any way?"

Voting is a privilege, but it is also a responsibility and it seems to us there is little sense in urging that this privilege and responsibility be exercised by the type of citizen who is neither able nor able to "vote."

All of us should consider that the men we are electing will have charge of the affairs of our country for the next few years. That is the way it is in every country where men in mind when we step into the polling booth March 31.

It is in this fact of interest that has sent a member from Jasper-Edson to Ottawa in the last two elections who can only say that he has "camped on the doorstep of the government at Ottawa" in the interests of his riding. His promise to go on camping on government doorsteps should carry no weight with intelligent voters.

Barley it is obvious that Jasper-Edson should have a man, but at Ottawa who can go through the door and sit in with other government members while they are deciding what to do with the constituency and the rest of the country.

Political parties give the next government in going to be a Conservative one. Jasper-Edson should make Mr. Dr. Hugh Horner give them to tell our side of the story.

EDUCATION IS NOT EVERYBODY'S BUSINESS

A "left indictment" of the recent Canadian Conference on Education in Ottawa was followed by the distinguished speaker and author Dr. Hilda Neelands in the April issue of "Canadian" magazine. The article was entitled "What we need to cope with the current crisis in education." Dr. Neelands was not only a critic of the present state of affairs, but she was also a critic of the present state of affairs. She was not only a critic of the present state of affairs, but she was also a critic of the present state of affairs.

Dr. Neelands was not only a critic of the present state of affairs, but she was also a critic of the present state of affairs. She was not only a critic of the present state of affairs, but she was also a critic of the present state of affairs. She was not only a critic of the present state of affairs, but she was also a critic of the present state of affairs.

A PUBLIC SPIRITED NEWSPAPER

To be influential a newspaper must give its readers the facts and for readers. We believe the Calgary Herald is in a unique position to do this. It is a newspaper that is not only a newspaper, but it is also a newspaper.

There are people in this province who would profit immensely by an immediate and transparent gas export. These are the people who are short-sighted and fail to look ahead into the long run of the gas industry. They are the people who are short-sighted and fail to look ahead into the long run of the gas industry.

There are people in this province who would profit immensely by an immediate and transparent gas export. These are the people who are short-sighted and fail to look ahead into the long run of the gas industry. They are the people who are short-sighted and fail to look ahead into the long run of the gas industry.

Legislature Puts Pressure On To End Session

By BEN MASON

Education — Members of the Legislature have been summoned to a sitting place in an effort to hammer through a hefty part of their business by the end of this month. There's a mountain of work, including the budget estimates — which have to be cleared by March 31, the end of the fiscal year. And to date, the standing has been slow and laborious.

As a result, Premier Manning found it necessary to ask opposition co-operation in a crash program of working, ahead and night sessions. The premier's intention is to get through the budget estimates and the Finance Bill by the end of the month. The Finance Bill is the most important of the session. The Opposition agreed on the condition that private members will be heard on the Finance Bill.

It is apparent that the House will work long hours this week, adjourn for March 31 as members can clear federal election bills in their home ridings, and then return for three days to vote on the Finance Bill and try to pass the Finance Bill Friday. There are three reasons for the necessity to turn on the heat. The session must close two weeks later than usual this year. Easter falls early and progress has been slow.

The House met four nights last week, and at the time of writing had passed only about \$70,000,000 of the last budget of \$140,000,000. Parliament's position by Opposition members' last week's session.

Among other bills which must be passed by the end of the session is the Finance Bill. The Finance Bill is the most important of the session. The Opposition agreed on the condition that private members will be heard on the Finance Bill.

Agreement between the Government and the Opposition is necessary to get the Finance Bill through. The Finance Bill is the most important of the session. The Opposition agreed on the condition that private members will be heard on the Finance Bill.

At this time 60 per cent of the members were in favor of the Finance Bill. The Finance Bill is the most important of the session. The Opposition agreed on the condition that private members will be heard on the Finance Bill.

Marlboro Club Donates To Auxiliary

The Women's Club of Marlboro on appreciation of the welfare work the Hospital Auxiliary has done in St. Luke's Hospital have made a donation of \$100 to the Auxiliary.

There are 250 members of Marlboro Hospital patients in the paid care and the Ladies Club felt they would like to do some thing to help the Hospital Auxiliary.

Rebekah's Celebrate Anniversary

Marking the third anniversary of their home in Eden, Wisconsin Rebekah today celebrated the occasion by holding a wheel tournament and social evening at the home of their regular meeting last Thursday evening.

To add to a holiday air the hall was decorated with bouquets of daffodils and other spring flowers. Thanks of the evening leaders.

Rebekah members were members of the brotherhood of the home which brought the social evening to a close. The high day rate which had been presented to the ladies by the Rebekah Lodge as their share in the celebration.

Live with Laughter say the Conference Kids

This will be a big week in the life of the the Edson Kinteens members. Over the past months and particularly during the last month they have been in a flurry of activities in preparation for the 12th Annual Western Canada Teen Conference. Now these activities have reached their climax with the arrival on Wednesday and Thursday of more than two hundred visiting teenagers.

Coming from Taber, Lethbridge, Medicine Hat, Red Deer and Edmonton as well as from our neighboring towns of Hinton and Jasper, the visitors will be welcomed with Edson residents who have opened their homes for anywhere from one to a half dozen according to their facilities. Most of these homes will provide breakfast, as well as sleeping accommodations and are adding to Edson's reputation as a friendly town by welcoming these boys and girls.

Beginning Thursday morning with registration, the Conference is packed with a planned agenda with very little free time left, for seeing the sights. Theme of the Conference is "Live with Laughter" and through the Conference the stress will be on getting the most out of life.

Leading some of the discussion groups that are the serious business of the Conference will be speakers from the Alberta Safety Council and the AAA. Dr. J. Lewis of the Edson Health Unit, Corporal Wm. Bruce and Mr. Mansie Burleigh of the Edson Optimist Club. Guest speakers at the banquet which take place Friday and Saturday evenings will be representatives of the Edson Kinteens Club, the Town Council, the Board of Trade and Mr. Edwin Huth of Hinton.

The discussions are liberally interspersed with cake breaks to give everyone a chance to get acquainted. Entertainment for the visitors and the more than 100 host boys and girls who registered will be in the form of a variety show, a water race, dances on both Friday and Saturday evenings and a picnic party. Friday at midnight the crowning of Miss Western Canada Queen Teen will take place and on Saturday morning of the Outstanding Teenager will take place.

The Conference will wind up Sunday with church for each denomination followed by the closing luncheon highlighted by speeches, comments and resolutions.

Those with wheel-towners leaving by way of bus, train and car, Edson will settle back and reflect on their last days of the hurricane type of activity that only adolescent teenagers can provide.

Edson Honors Maxwells on Golden Wedding

The of Edson's best loved elderly couple, Mr. and Mrs. A. S. Maxwell were honored by family and friends Saturday April 12 when about 120 guests attended the 50th Anniversary celebration of their Golden Wedding Anniversary which was held in the Anglican Parish Hall.

Arranged in a number of their family to honor Mr. and Mrs. Maxwell the three hours was held in the afternoon from 3 to 5 and as the evening starting at 8 p.m. for the dinner between a banquet was served to 25 relatives and out-of-town friends for the Edson United Church N.A. most of whom have worked with Mrs. Maxwell for a considerable many years.

The Hall was decorated with bouquets of flowers, from out of town and local friends. During the evening, with Mr. A.S. Maxwell acting as MC, a letter of congratulations from Prime Minister John Diefenbaker was read to Mr. and Mrs. Maxwell by Mr. Ed Hinton. Mr. Leonard presented them with a scroll on behalf of Premier C. C. Manning and other telegrams and messages were read to Mr. and Mrs. Maxwell. They included messages from Mr. Hugh Keenan, M.P.; Mr. and Mrs. Adams, Laguna Beach, Calif.; Mr. and Mrs. C. Baker, St. Catharines, Ont.; Mr. and Mrs. H. Thompson, Edson; Mr. and Mrs. A. Thompson, Edson; Mr. and Mrs. R. Thompson, Vancouver; Mr. and Mrs. R. Thompson, Valda, Vancouver; B.C.

MR. AND MRS. A. S. MAXWELL CUT CAKE

On behalf of their many friends, Mrs. Harry Wilson was the toastmaster. Mr. Maxwell with a sense of humor spoke telling of knowing the Maxwells in earlier days when they had been residents of the district during an evening hours period. (Out of town guests included: Mr. and Mrs. S. Christie and family, Beavertown; Mr. and Mrs. A. Maxwell and family, Telford, B.C.; Mr. and Mrs. W. C. Armstrong, Edson; Mr. and Mrs. J. J. Johnson and family, Mrs. J. Watt, Mrs. E. MacInnes, all of Edson; Mr. S. Landley and Christine, Medicine Hat; Mrs. S. Christie, Beavertown; Mrs. R. Haney, Lacrosse; Mr. L. Hout and Mr. Carl Wilson, Telford; Mr. and Mrs. Alex. Minn, Beavertown, Alberta.) Mr. Maxwell was born December 11, 1878 in Telford, B.C., and emigrated to southern Alberta as a young man, later moving to the Telford district.

Former District Man Dies After Accident At Hinton

A highway accident which occurred 9 miles east of Hinton late Sunday night claimed the life of Dale McKee, age 37 of Camrose, and completely demolished the 1954 Chevrolet car which was driven by Charles McKee, son of Cameron McKee, age 31, was not hurt other than slight scratches.

Dale is the son of Mr. and Mrs. Paul McKee, longtime residents of Edson and now known to reside in Hinton. Mrs. McKee lives at Jasper and Mr. McKee lives at Camrose.

The car was a total wreck, which resulted in a ground up on the left side of the road which entered the vehicle between the motor and left front fender, passed through the passenger compartment and trunk. More than 100 feet of rail passed through the car and six heavy pipes were sheared off before it was brought to a halt.

The two men, who had been visiting friends in Jasper over the weekend, were returning to their home in Camrose when the accident took place. When, after the driver of the car, stated that the first thing he remembered was the sound of the crash and the impact of the city hitting off guard rail posts.

Passing motorists found Mr. McKee in a dazed condition, and fellow passenger Mr. McKee who was thrown clear of the vehicle was in a semi-conscious condition. R.C.M.P. and medical aid was summoned. Mr. McKee was rushed by Med ambulance to Edmonton, where he was treated for multiple injuries. He failed to respond to

Golfing Within Six Weeks

That's the word from the latest surge of interest in getting Edson's Golf Club a going concern in order to be getting in six weeks a lot of organizing has to be done.

Ed potential golfers are asked to come out to a meeting in the Camrose-hotel room at 100 this Sunday afternoon, April 20.

Edson Board of Trade a Community Force

I have been asked many times, "What has the Board of Trade done for Edson?" Well, however, that question is more than by an active member of our organization. The objective was, to serve as a means to give business to be become an active member. My wife has been working with the Board of Trade for years and it is difficult to say that the need to justify its existence.

The Board of Trade exists to work with other groups, such as the town council and the service to the community for all the institutions of our town. It is a growing community and we have been steadily before the federal and provincial governments as well as before the industry in industry.

The desired needs of this district are never too much of it would be fruitless to say up some existing activities from Edson will quote only one. After many years of pressure that Edson needs to be for a new post office

FRED DEURE ACCEPTS THE EDSON LEADER trophy and congratulations from Leader Sport Writer Sam Phillips. Fred's 402 average led North Western Baseball League sluggers, and in addition he was the recipient of the Astoria Hotel Trophy donated to the most valuable player in his team.

Edson To Be Featured Thursday On CFRN-TV

A camera team from CFBN-TV did Edson town for the regular Thursday evening series "Country Editor" they have started on tonight in Northern Alberta. The crew was out in connection with the ten conference here last weekend.

Edson will be featured, even along the Main Street. Such other shots of the town as the churches, the new town over block the federal building, east and west highway approaches will be included.

Editor D. M. Cation of the Edson Leader will provide the "live" commentary and backdropping him will be shots of the Leader staff putting the paper to bed.

With over a hundred TV sets at Edson now it is hoped that reception will be good so that friends and neighbors can gather at home with TV to see their town on the air. The hour, as scheduled for 8:00 p.m. Thursday, April 24.

Softballers To Hold Meeting

Edson Men's Softball League officials are holding an organizational meeting next Wednesday evening in the Working Team room. The meeting starts at 7:30 and anyone interested in playing softball in the Edson League is asked to be in attendance.

A station in this area, and (radio) TV programs. The Board will offer public as a community center, activities, display such as shop and other projects.

The Board of Trade, from one of our other organizations, was not both great in their projects, and we will what we are going to happen in the future. The Board of Trade is a community organization, and it is not just a group of people, but it is a group of people who are interested in the future of our town.

But let me illustrate the work of the Board of Trade. In the past, we have been a community organization, and we have been a community organization. We have been a community organization, and we have been a community organization. We have been a community organization, and we have been a community organization.

Mr. D. M. Cation, President of the Board of Trade, is a community organization, and he is a community organization. He is a community organization, and he is a community organization. He is a community organization, and he is a community organization.

What Does The Board Of Trade Do? A Good Question

We are quite often asked what does the Board of Trade do anyway? Is it more than a bunch of men meeting for a luncheon away from home? Why don't we see more of it for this town?

Our usual answer is what do YOU think the Board of Trade should do for a town? Should they stand on their heads on Saturday morning in front of the post office? Well, no we don't expect the members to stand on their heads in a public place. But what do we expect?

Promotion of Edmonton and District interests. An official check on government projects in this area — both municipal, provincial and federal. Sponsoring projects that are not quite in the province of the Town Council, but which should be sponsored by some responsible organization.

It was the Board of Trade who last week supplied the Saturday night banquet for the visiting teenagers. (The Kiwanis supplied the Friday night ones).

It was the Board of Trade who pressed the government for the early installation of day telephones — which project is now being started with the building of the new telephone quarters.

It is the Board of Trade which organizes the reception for the Yellowhead Circus each year. A member from Edson usually attends meetings of the Yellowhead Route Association.

Members of the Board of Trade counseled with the Town when hard surfacing of Main Street was undertaken. Many members felt it was time economy to put such a light coat of asphalt over such a shallow course of gravel (it will be Main Street members who will urge a more substantial blacktopping program eventually — they will have every right to do so — they will be paying most of the cost for it).

If anybody protests about the highway being routed north of Edson — it will probably be the Board of Trade. It is the Board of Trade which retained the Commissioner for Penitentiaries on his visit to Edson to look us over for a possible penitentiary site.

It will be a much better organization if everyone now asking what it does, will attend meetings and put in their two bits worth. This week is Chamber of Commerce and Board of Trade week — it's a good time to join this semi-official body devoted to our district's interests.

Teenagers A Fine Bunch

It was our privilege to watch some of the activities of the 200 teenagers on a convention in Edson for four days last week. They're a fine bunch of kids and they earned things off very, very well.

There have been some loose talk about wholesale delinquency. There was nothing of the sort. Several delinquent youths had to be checked by the police, but there was nothing of any consequence in the actions or conduct of the group's roll set.

The official hosts, the Edson Kiwanis Club, carried things off wonderfully well and their efforts are to be congratulated. The chaperones and other adults who attended the functions report almost on difficulty in the way of discipline. They too, should be thanked by parents for their strict supervision which did not unduly cramp the young people's style.

The only regret as far as this editor is concerned is that we were too old to rock around the clock with our youngsters.

Provincial Revenue Picture Changing

By NORM S. W. HENNING, Provincial Treasurer

It is an oft heard lament that additional revenue will not help pay the cost of the new taxes of your spending less. There is an increase also in the revenue calculated from the Provincial Treasury. The tax collected in 1931-32 is expected to yield the sum of \$22,000,000 while \$19,000,000 will come from the Insurance Corporation next year. Various borrowings and fees will bring the total of this department up to \$28,116,700 — an increase of \$1,116,700. The total under the Alberta Budget Act will provide \$48,000,000, the same as last year.

The lands and forests will yield an increase of \$1,116,700. The money of provincial forest management will be increased to \$1,116,700. The total under the Alberta Budget Act will provide \$48,000,000, the same as last year.

These are the facts about our revenue — 35.7% from department with Ottawa, 14.2% from Post Office Tax and Aids, 10.2% from the Lower Control Board, 4.3% from the Natural Resources, and 12.8% from all other sources.

You will want to know the chief sources of our revenue and which are the most important. We are proud to say that the total revenue is \$48,000,000 more than last year.

What are we doing for health? 18.8% of our income and \$11,116,700 will be spent on health. The total revenue is \$48,000,000 more than last year.

Are we ready for our undertakings? Oh yes. It will take \$11,116,700 to do the work of the health department, the children who are not yet of age, the mothers with children who are not yet of age.

The Maxwell Golden Wedding

Cont. from page 1

Christine Grindley, was born in Norway, June 20, 1885, and came to North Dakota where about as young and later married with her family in the Holders district where she lived until her marriage to Mr Maxwell.

Well known by the old timers all the way to Edson and up the trail branch, Mr and Mrs Maxwell moved to Edson in 1911 where they operated a restaurant and looked after the post office until 1918. Mr Maxwell also owned a number of farms and audits doing contract hauling during the opening of the Elbow district and the building of the railway. In 1918 they moved, to

Chapman on the trail branch and did there until two years in the service of the Elbow by running a general store and post office.

Coming to Edson in 1929, Mr Maxwell operated a general store until 1930 when he went into the garage business, as Ford dealer until 1942. Since his retirement at that time, Mr and Mrs Maxwell have spent much of their time on their homestead in miles on the River Lake Road.

During their life in Edson, both Mr and Mrs Maxwell have been very active in church and community work. Mr Maxwell served as a member of the Elbow Elks Club of which he was the first chairman and a chapter member when the club was formed in 1927.

Mrs Maxwell has always been active in United Church work, having served as a member and president of the U.C.W. many years and more recently as a member of the Board of Stewardship.

They have three children, Mrs. D. Catherine Christie of Fredericton, Allen H. of Telford and J. Donald, who resides in Edson. They also have 12 grandchildren.

Pulp Assoc.

To Meet

A meeting of the Edson and District Pulp Association has been called by President Bob Wainwright for Thursday April 22 at 8:00 p.m. in the Commodore banquet room. All interested are urged to attend. It is not necessary to be a member to attend.

LEW ROBINSON is the most recent garage operator to appear on the Elbow street scene. Lew and his wife are planning a second opening at Elbow street and west. A crew has been busy remodeling the front of the former Willis George this week. Lew tells us that the name comes from George (his brother) built combined with his own name. His first job was to know him when he was manager of Waterloo during here a couple of years ago.

Mrs. C. S. Brandon returned from N.Y. where she was visiting her mother and sister Al present she is staying with her sister-in-law Mrs. Aaron Berglund. Mr. C. S. Brandon left for Winnipeg this week accompanied by Lawrence Berglund.

Trail Bride Honored By Shower

As a wedding April 2nd a shower was held at the home of Mrs. H. Venable in honor of Miss Laura Bence first Trail bride of 1936 whose marriage to Robert Scott took place on April 12. The evening was spent in playing cards and Mrs. Bence served and Mrs. James Venable.

The bride-to-be was played in a blue and white dress, beautifully decorated in blue and white with white ribbons, trailing down to the floor. The bride was carried to the altar by a young man in a suit, decorated to match the bride's dress. The ceremony was held in the home of Mrs. Venable.

A lovely lunch was served by Mrs. H. Venable and her hostess Mrs. (Miss) James with help from some of the ladies. Many thanks go out to Mrs. H. Venable who took over the shower for Mrs. Venable. Thanks also to Mrs. James for the lovely afternoon and all on the lot and umbrella.

The Voice of Edison Conscientiousness

The requisition to the local taxing authorities from the Edison School Division No. 12 will be reduced six mills to 27 mills this year, the budget meeting of the school board decided at their meeting on April 10.

Under the new grant formula the Division received an increase in revenue from grants and the new assessment makes up a total budget of \$1,109,994.14. Prior to its adoption the budget was discussed with representatives from the various collecting authorities in the Division. Local taxing authorities include the town of Edison and Hinton, the villages of Wilkeswood and Evansburg, and Local Improvement Districts 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827,

Edison Council have their budget meeting scheduled for next Tuesday when it is expected the mill rate for the year will be struck. Last year's mill rate levy was 60 mills comprised of 40 for school, 2 for hospitalization and 18 for municipal purposes.

Hooke Variety Show 'Tops' Is Concensus

Residents of Edson were treated to some excellent entertainment last Friday evening with the first level appearance of the "Hooke Variety Show". This group, composed entirely of Civil Servants, most of whom work in the

department of Municipal Affairs put on a show which was predominantly written as it was also included musical entertainment and comedy and concluded with a variety of short sketches.

The show was well received by

the Edson Citizens Club and the local branch of Civil Service Association of Alberta. The performers received an ovation and all gave credit to the fact that the show was so well received by the citizens of Edson.

One of the highlights of the evening's entertainment was the musical number performed by the

Edson Boxers On Jasper Place Card

A busy career of Edson multi-layers journeyed to Jasper place last Friday night and of four hours taking part in two very named events. Several of the boys were in the line-up for the Alberta Finals the previous week-end, and all expect to go to the finals this Saturday, the 26th, for a good thing, but they have been getting plenty of practice in the last couple of days.

In the earlier rounds, the boys had dropped a distance to Paul Burgess of the town of Jasper. But, the boys had a good thing in it at 110 pounds. Billy Tiley, who had a 110 lb. and a good thing in it, and had a difficulty in being defeated. Fred of Jasper Place, a very strong boxer, was in the line-up for the finals. However, an aggressive, winning boxer, was in the line-up for the finals. However, an aggressive, winning boxer, was in the line-up for the finals.

FUA Hear 300 Signed Farm Petition to Govt.

Carrot Creek, FUA, meeting was held April 22 at the home of Mr. and Mrs. Ed Smith. Eight members were present. Goals in mind Mr. and Mrs. Ray Gordon, Louisa, Mr. and Mrs. Paul Walter, Petrie, Mr. Bill Smith, Edson and a number of potential members.

The annual FUA picnic was discussed and plans initiated to get the ball rolling early to avoid the summer rush. It is estimated to have a round 200 names were signed to the petition. The petition was then signed by the local FUA and later presented to Parliament in Ottawa. A greater part of the evening was occupied with discussions regarding the matters of price, taxes, and a cash of size added by a slight controversy concerning a part of them. At the close of the night, new visitors FUA representatives Mr. Smith, Mr. Walter and Mr. Gordon, along with a few well-known friends, lunch was served by Mrs. Smith and Mrs. Gordon. The next regular meeting will be held at the home of Mr. and Mrs. Ray Gordon on May 25 at 8 p.m. All FUA members and visitors are cordially invited.

Carrot Creek

Thanks to their work near Carrot Creek, a number of local men arrived at the scene of the accident Sunday night in time to administer first aid to the victim.

It was reported that the victim was first seen in the Carrot Creek area by a local man, Fred Smith, who was driving a car at the time.

Smith, who was driving a car at the time, saw the victim and stopped to render aid. He was assisted by a number of other men who arrived at the scene.

The victim was taken to the hospital and is now recovering. The cause of the accident is still under investigation.

There are under way for a show at the home of Mr. and Mrs. Robert Smith (Harry Smith) but no date has been set as Harry and Bob are in Calgary and no one knows when they will be home.

Mr. and Mrs. Bill Harkness and family were the guests at the home of Mr. and Mrs. H. Smith.

The occasion being Mr. Harkness' birthday. May you enjoy many more years of health and happiness.

Mr. and Mrs. Smith made a rough trip to New Westminster last week to visit Mr. Harkness' father, Mr. H. Harkness.

Mr. Harkness is very ill. Mr. H. Harkness will be moving to their home for the summer of 1938.

Related congratulations to Mr. and Mrs. Harkness on the arrival of their infant daughter, Mrs. Dick Harkness and baby on May 1st. The baby was born at the home of Mr. and Mrs. Harkness.

We hear Mr. Fred West (Lester) is recovering nicely from his recent severe illness.

We are pleased to announce the
dance at Carrot Creek Hall sponsored
by Local No. 211 P.O.A. was a
huge success. Music supplied
by Miss Toni Hahn and her
soubrettes of the West, a top
mouth orchestra from the city.
Half the profit from the dance
has been donated to the Carrot
Creek Community Hall (to be
helped improve and complete the
hall and build a new hall).
Mrs. Kirk one of our former
Carrot Creek residents is back in
the district for a visit with her
many friends and neighbors. Mr.
and Mrs. Kirk and family owned
the farm that now belongs to Ed
White.

A repair gang is busy re-flooring
the bridge across the Carrot
creek north of the Poplar
farm.

A number of local school children
are down with tonsillitis and
croup.

The concert on the Blue Bird
balconies Saturday sponsored by
Terry Nelson was well attended
and those fortunate enough to go
enjoyed an enjoyable evening. The
concert kept a good many away who
had planned to attend.

We hear — via the grapevine
that Miss John Grier and Mr.
Fred Perry are anticipating wedding
bells on the not too distant
future. Congratulations Fred and
John.

Mr. Kenny Ross (see Brown-
hollow) was the recipient of
many beautiful and useful gifts
at a magnificent dinner held at
the home of Mr. and Mrs. Frank
Wagner Sunday April 27.
We are happy to report that
Mrs. Robert Blacker and son are
coming along nicely in St. Johns
Hospital. Edson Mrs. Blacker and
her son are very severely burned
in a propane explosion last Thurs-
day morning, April 22.
Mr. and Mrs. Ken Walsh have a
betrothal set, the first in our im-
mediate vicinity we believe.
Jack and Herb Hahn are de-
fying a steady looking Pontiac ther-
apy. Here about a week ago.
A celebration dinner has
been arranged for Mrs. Ken Hahn
call they should say 11 at 2
p.m. at the home of Mrs. Albin
son.

Our "Irresponsible Teenagers" We Laughed At These...

By YVONNE NELSON

HITON—

"Irresponsible teenagers" is a term very commonly used. All types of magazines, newspapers and books use it in articles about the nation's biggest problem, the adults and citizens of tomorrow, our "irresponsible teenagers."

Recently a poll was conducted in Hinton to find out just how many of the teens were having a gay and carefree life. They are so widely publicized for having. It was taken on a group of 10 students from grades 10, eleven and twelve in the Hinton High School. No particular students were chosen to be interviewed for the survey. It was made in a way to prevent, as often as possible, an honest average.

The chief point showed by the survey was that 60 per cent of the teenagers in this group are holding part-time jobs while attending school. Moreover, they do not only work on week-ends, but on school nights, some working up to 20 and 30 hours a week. On the average, the hours of work in a per week range from 2 to 10 hours to 25.

The next point brought out by the survey was that 15 of our 40 teens are getting an allowance. Out of this allowance, the final and most surprising fact revealed by the survey was that 71 per cent of the group buy their own clothes. The two out of ten discrepancy between the percentage buying their own clothes and those holding jobs is that most of the girls, for school with the money they earn. Some were the money required in working the way and help their parents out by supplying their own spending money during the school year if they do not have a part time job.

Thus our average teenager works 20 hours a week, at least school approximately 30 hours a week, buys his own clothes and supplies his own spending money during the school year. These are the facts revealed by the survey and this is the then the rest of the nation can stop worrying about "this younger generation" or "irresponsible teenagers."

Thus far the general Edson-Whitford region has proved to be principally an oil and gas province and, perhaps, among the largest natural gas provinces yet discovered in Alberta. Proven oil reserves are estimated at 100 million barrels and the estimated gas reserves are 100 billion cubic feet. The Edson-Whitford region is one of the most important oil and gas fields in the province. The discovery of the field was a major event in the history of the province and has led to the development of the region. The field is expected to be a success and to provide a good outlet for the producers.

The magnitude of the investment in the field and the fact that the field is one of the largest in the province will be highly productive in providing additional natural gas to the province. The field is expected to be a success and to provide a good outlet for the producers.

Exploratory work, including geophysical and hydrographic work, has been completed. The field is expected to be a success and to provide a good outlet for the producers.

While some of the three major prospects discovered in the field have been considered by the province, the majority of the prospects are still in the early stages of development. The province is expected to be a success and to provide a good outlet for the producers.

Edson Golf Club Has Four Sand Greens Ready

The volunteer Edson Golf Club work parties have completed four sand greens and expect to have two more by the end of this week.

The club has obtained the services of a greenkeeper, but there is plenty of work for volunteer work parties. A club dinner is planned for Friday, May 16, in the Parish Hall. Tickets are to be obtained from any member of the committee. By 10 o'clock on Friday, May 16, the dinner will be held in the Parish Hall. A large work party was held on Saturday afternoon in the course of which the sand greens were completed and a team of horses were in action. Not to mention the volunteers who want to play golf this year. Don't forget the general meet-

PAY DIRT...
Having been a farmer, I know the most expensive for the most people. But you can't pay dirt every time by keeping your soil built up with the type of fertilizer required for the soil on your farm. For best results send samples of soil to and to the University of Alberta for free analysis, then use the recommended fertilizer and "pay dirt" with higher crop yields.

THE PRIDE AND JOY REFLECTED ON THE FACE of one these young fishermen in an un-
hundred of carefree boyhood days. The three
boys, left to right, Peter Dupre, Ted Martin and
Wayne Gaudin, caught the minnow, rainbow
trout in their hands down below the railway
dam. The boys are fishing in the creek close
to the shore and are nearly the same distance
as these fishermen young and old, are heading
for the great open water whenever possible
on after school hours for quite a number of Ed-
son kids.

The Edson Leader

The Voice of Edson Constituency

Vol. 6 Edson Alberta Thursday, May 13 1936

PAUL JACOBI HANS FRASS

CATERING TO SPORTSMEN and athletes in Edson and district with
just about anything they could wish for will be Edson's newest busi-
ness, the P. & H. Athletic Supplies store located down Main Street at
the Sherwood Hotel building. The new store named for its owners
Paul Jacobie and Hans Frass will officially be opened for business
this Saturday when the public is invited to attend open house and
get acquainted with Messrs. Jacobie and Frass.

Edson Town Population Up

Population of Edson has been made
a gain of 34 from the census count
of a year ago, in 1935, at present
according to the report of Edson's
official census taker, Mr. W. F. York.
Just after the war Edson's popu-
lation was around the 1200 mark.
In 10 years the total has almost
doubled in Edson town proper.
The latest figures do not include
the "greater" Edson population in
Clamson, the Grande Prairie
Trunk, the North Road and other
village and all of the growing which
is usually estimated to be about
2000 more citizens.
This "outpost" population
could put on in the Alberta popu-
lation if there was any change
in being called a city.

Town Proclaim Clean-up Week

Edson Town has designated next
week (May 19 to 26) for clean-up
week. Citizens are urged to pay par-
ticular attention to their yards,
backyards, alleys, fences, etc.
With the introduction of an im-
proved garbage truck the town
will keep on at least once a
week pickup.

Use of the proper containers and
the placing of paper and other
refuse in food barrels, rather
than in the cans or right beside them is
the right way to do it.

Well Known Men Run White Rose

Two well known local men
have taken over the White
Rose service station in Edson this
morning, Friday, and Saturday, May
10 and 11. Jack Adams, owner
of the station, and his family are well
known in the community.

The main point is being made
around the station is for who has
had years of experience in service
work in this area.
They have brought with them
all the best in their new
service on. Look for it.

MAKE IT SAFE WEEKEND

With the prospect that it will
be a busy day, it is suggested that
the driver of the car is being
charged with failure to yield the
right-of-way to a pedestrian.

Kinsmen Expect Pool Open By July First

Edson's great community project since the Memorial
Park was hacked out the town needs the swim-
ing pool is really in spring advance. The Kinsmen commit-
tee committed itself to \$11,000 worth of plumbing fittings,
filter plant, and heating equipment to complete the swim-
ing pool, at a meeting last week.

Delivery of the material is expected in a few weeks and
a target date of July First for the grand opening has been
set. Chas. Construction, who were responsible for the
pouring of the basin last fall, have commenced preparing
footings for the filter plant building and the bathhouse.

An equivalent value of over \$22,000 has already been put
into the project in donations of money, labor, and material
and money raised through car trips, bridge parties, head-
cups and all sorts of social events. It has been an effort that
looked almost impossible when Edson's young men's service
group tackled it.

The committee are confident that the project can be com-
pletely paid for this year if money can be raised in similar
quantities to last year.

A cheque for \$7,000 has been received from the Provin-
cial Government, other contributors being the City of Edson,
such as Calgary Power Co., who have given \$1,500. In
\$200, in a recent letter, Canada Post and Northern Telecom
Ltd. have made the biggest contribution, but even busi-
ness in Edson and most individuals have gotten in the swim
last year.

The money raising idea being kicked around is a combined
effort by all service clubs in Edson to put the project over
the top financially this summer.

22 New Canadians Naturalized Here May 1

Thursday May 1st was a very
stable day in the lives of twenty-
two Edson and district residents.
For that day at District Court in
Edson, they received their Cana-
dian citizenship papers. Most of
these people were fairly new resi-
dents in Canada having come to
this country since the Second
World War.

As they have been here since 1914,

THE MAJESTIC WHITE BELL "BANGER" helicopter seen patrol-
ing the forest in this area during the past week or two is the
latest addition to the forest fire fighting equipment owned by
the Alberta Department of Lands and Forests. The white pilot
of aircraft with the Alberta Government crest on its side is
capable of rapidly moving considerable weight of equipment or
personnel into places of difficult accessibility in its forest pro-
tection.

During the height of the fire season, this craft, with the
conventional fixed wing type of plane purchased by the depart-
ment last year, will be represented by forest commercial planes
in readiness. Unlike features in the interior which, being con-
trolled by the Hon. Norman Williams (pilot at right) M.L.A.
for Edson and Minister of Lands and Forests, and Mr. P. Platt,
of the department (in uniform). With the plane's wide side
door opened, the view increases the utility of the aircraft
in forest protection.

DIRECT DRIVE CHAIN SAW
only 19 POUNDS 6 HORSEPOWER

A low-cost EZ-6 chain saw starts to pay for itself the first time you use it. Easy to operate, its 19 pounds are perfectly balanced so let you do any kind of cutting faster with less effort. With 6 full horsepower, you can cut through 8" oak in 4 seconds, 14" pine in 12 seconds — and bring down trees up to 5 feet in diameter. The EZ-6 turns woodpile into log cash crop... cuts fence posts, hogpoles, cordwood... makes part-time and full-time cutting both practical and profitable. Come in for a free demonstration today.

The Voice of Edson Community

Vol. 6 Edson, Alberta, Thursday, May 22, 1936 No. 21

BECAUSE SHE WAS THE FIRST BABY born in Edson, Mrs. Wm. Fisher (now Mary Comstock) is shown accepting the gift from Mrs. A. Goldschmidt, president of the Hospital Auxiliary, while auxiliary members Mrs. Alton Goring and Mrs. J. B. Taylor look on.

MISS EVELYN TALPASH who was among the class of more than 100 nursing graduates from the University Hospital on Monday, May 11. The graduation exercises were held in the Ladies Auditorium. Mrs. Talpash, the daughter of Mr. and Mrs. Alton Talpash of Edson, is a real home town girl as she was born here and attended all her education in the Edson elementary and high schools before beginning her career at the hospital.

Edson is the third Edson girl who has graduated in nursing this spring, the other two being Misses Florence Fells and Blanche Knebel.

Yellowhead West Of Park Very Dusty

Several Lewis and Clark have just returned from a trip to Vancouver over the Yellowhead Route. Ross reports that he made the 440 miles to Vancouver in 14 hours and that it took him 19 hours for the return trip.

From Littleford, 70 miles north of Kamloops, the road is paved all the way to Vancouver. Littleford is just 20 miles the other side of Blue River.

While the route is getting better every year, says Ross, the rough immediately west of Jasper Park is still rough and extremely dusty. If there is a rain on this section, the conditions for the Yellowhead route at Mount Edson on Sunday will be considerably improved.

Local Bingo Fancs In City

Menderson J. McVingler, A. Brichard, J. J. Watson, J. Hume, and Miss Irene Van-Clark, Edson, will be the city's first bingo night with Mrs. Mary Stankin at the head of the table at which several cash and a home-theatrical trip were given.

Miss J. Brichard was only one number off the \$2,000 trip, she won the grand and Miss Watson had only one to go on a 1935 lottery.

Pulp Assoc. To Meet

A regular meeting of the newly organized Alberta Pulp Association is scheduled for Wednesday, May 28 at 7:00 p.m. in the Commercial Hotel room.

Members and all others interested are cordially invited to attend.

KIDS WITH SWEETS have been gathering on the Memorial Park grounds on Tuesday evenings to hear the edmonds of bike safety. Our stage phony has caught Cal. W. down, O.C.A., in the middle of a group of wild bike fans. Presumably by Mayor Wm. Kambois as official bike safety week, the week of May 25 to May 31 will be celebrated on the final day by a giant bike parade.

Starting at 12:30 at the Memorial Park the parade will feature decorated bikes and bicycles. The theatre corner lot is to have the little two legs. Following the parade free treats will be given to participants and spectators at 2:30 there will be motion pictures at both theatres. The parade is jointly sponsored by the Home and School Association and the Optimists Club.

School Division To Borrow \$195,000 For Buildings

Edson School Division (over school and third readings to bylaws to borrow \$195,000 for building at Hinton, Pore and Fulham at the regular meeting on May 8. Purpose of the money will be to build and equip:

- A three roomed school at Hinton
- A four roomed addition at Hinton
- A classroom addition and multi-purpose playroom at Pore
- A multi-purpose playroom at Fulham (Haddock)

Following negotiations over several months, the school board unanimously accepted a new teachers' salary schedule which was recommended by representatives of both committees:

Teaching	1 yr.	2 yrs.	3 yrs.	4 yrs.	5 yrs.	6 yrs.
Minimum	\$2200	\$2300	\$2400	\$2500	\$2600	\$2700
Maximum	\$2500	\$2600	\$2700	\$2800	\$2900	\$3000
Minimum	\$2000	\$2100	\$2200	\$2300	\$2400	\$2500
Maximum	\$2300	\$2400	\$2500	\$2600	\$2700	\$2800

Principals will receive \$125 supplement for the first six months supervised, \$100 for the next six and \$50 per month for any over that figure. Veterans' cash will receive half of the schedule (supplementary work pay can be held up to 80 days).

Present at the meeting were Messrs. J. J. Fennell, W. Williams, J. H. Linton, J. Haddock, L. A. Wells and A. W. Leonard. Trustees: Superintendent J. H. Fennell, Assistant Superintendent P. J. Hume and Secretary T. W. J. Haddock.

Edson School Division Board that all children whose sixth birthday falls before the last day of the year (to be accepted for grade 1 next September) and that those whose birthday falls in January and February be accepted if they meet the entrance requirements of a bona fide citizen's child.

Also that upon completion of the meeting in June, parents of children who grade five and whose birth days fall during September to December be interviewed and strongly advised to keep their children home for another year.

Letter to Miss Contact Officer: A permanent resolution was unanimously passed authorizing the purchase of 100,000 shares to be issued to contract loan on school vans upon approval of the divisional board.

Sole Buildings: Moved that the following schools be sold or sold in Northville, school in Wildwood and District Agricultural Society for \$100,000. "Crested Hill" to Mr. George Hume for \$250,000.

Mr. and Mrs. Ken Lee and children of Edmonton spent the week end as guests of Mrs. Bill Owen. Mr. Owen attended the Optimists Convention in Calgary at the weekend.

Calgary Power Ltd. sponsors Alberta's first comprehensive economic survey

In the interest of Alberta's future economic development, Calgary Power Ltd. sponsored this comprehensive survey covering every phase of the province's economy — from the development of our natural resources to our manufacturing industries.

The survey is an expansion of confidence in Alberta's continuing development. The destiny of Alberta's industries and business depends on the correct interpretation of present conditions and an accurate forecast of future trends. To do this there must be clear insight of our economy. This insight must be based on information and predictions that are comprehensive and accurate in scope and intelligently interpreted.

The survey will provide background material for all those who wish to be better informed about Alberta.

Special chapters are devoted to utilities, water resources, transportation, minerals, topography, geology and other factors affecting the economy of this province.

This Survey on Alberta will be made available to Government and interested officials of the Province of Alberta, Chambers of Commerce and Boards of Trade, industrial representatives of Calgary, Seattle and Victoria, leading industrialists, and industries that are interested in locating in Alberta. Copies are also being sent to Canadian Trade Commissioners in the United States and abroad. Daily and Weekly newspapers in Alberta will receive a copy.

Calgary Power Ltd., Seattle, Washington, incorporated and incorporated in Canada, is a subsidiary of the Calgary Power Ltd., Ltd., of Calgary, Alberta, Canada.

To Visit in Homeland

Mr. and Mrs. Jacob Fuchsen and five sons, Edward and Irving left last week for an extended holiday trip to Norway. Two years ago members of the family visited the old country, traveling over together, but coming back at different times.

A fellow-trip in education has been awarded to Mr. Peter F. Bergson, Assistant Superintendent of Edson School Division according to an announcement from the University of Alberta last week. During his stay in this division, Mr. Bergson has become well known for his talks on the new "streamlining" program being instituted in the public schools.

**YOUR CANADIAN PROPANE LTD
DRIVER SALESMAN**
— part of your community

SPRING, Summer, Fall or Winter — through road conditions be good or bad, it is the duty of your Canadian Propane Ltd. Driver Salesman to make sure each delivery of dependable BLUE FLAME PROPANE is always on schedule. To ensure you of proper guidance, his truck is equipped with a PRINTER, approved and tested by the Government Bureau of Standards.

Life of staff members of Canadian Propane Ltd., the driver salesman and his family are part of your community. They buy food, supplies, and other services locally — their children attend your schools. Your town is their town too!

THROUGH THE Study Window

Those who don't know what to do with themselves after school on a Sunday evening, and those who are looking for a place to study, should be very interested in the service of the study window. The service is held every Sunday, 8 a.m. on CHSD.

Main Drag

—Mrs. Hendricks says she'd been pretty sick at home, was sick all last Sunday and a deal of it in the past two weeks.

—Edna, who returned from a visit with her aunt, Mrs. Lower, in Hudson, Maine, saying the weather was very dry and windy while she was there.

—Best intelligence says that the weather was rather hot from the coast with rain.

—Miss Albert, home in Edson from a month long holiday in the States, says that while there he had looked over the migration situation in Little Rock.

—Three fellows in a taxi, who were sitting in the street, turned their heads to watch a pretty girl as they passed on an auto.

—Miss John Layton says the girl who was not very active these days that with everyone in town she had a very good time while the weather was nice.

—The church people, too, had a very good time last night when they had their car parked.

—Mrs. Nellie Layton, who was home from a visit, says she was very much interested in the service.

—Walter Fowler says that he had been working and studying in the city and was very glad to be home here to arrange for the birth of the only child of the Commander. Walter said that he had no more last week, possibly with an expected mother who was a guest at the hotel but her baby is a boy.

—In the morning, when we continue with our service, we will have a very good time in order to make it hard to have the entertainment. In the evening, when we have a very good time, we will have a very good time in order to make it hard to have the entertainment.

CALGARY POWERMAN Ben Bousie supervises the pull-out of Edson's new lighted street, while Fred Armstrong on the ladder watches it high enough to clear traffic.

THE RED LIGHT (right) bobbed up and down tonight when the switch was thrown this week. A Volkswagen passed through without stopping Edson's first day and go light, a car with one of the better known Edmontonians.

Men just barely managed to catch the green light, the half-ton truck (center) was the first vehicle to reach it. It was the first time the street was lit, and the light came on for the half-ton truck from the west and the street began from the east. —Lester Photo

ERIC JOHNSTON LEFT not old school on First Avenue and Main while George Oble stands ready to catch it during the coronation operations on lower Main Street. Moving back to the digging ditch and further back may be seen the large terrace, which seemed not great obstacle of moving and then clear. At the ditch per deep or a power shovel back over on the road end. Immediately the ditch was deep enough more than a dozen gravel trucks started dumping and packing in the fill ground for the solid foundation the building needs. The fill ground is being left open to allow it to settle before hard working. —Lester Photo

Fire Hazard Forces Forest Closure

An extreme fire hazard in the Edson area forced the Department of Lands and Forests to issue a Silvicultural Order closing all forest areas north to Edson and west to the Peace River on Wednesday of this week. Forestry officials stated that the situation was particularly dangerous in the 1958 season, when the use of aircraft had enabled the Department to take immediate action on fires and keep them to a few acres at best.

Local forestry men state that there have been 31 fires in the Edson Division in the last year, but all of these have been caused by the crew. Most of these fires were caused by campfires or campfires falling from the top of the forest. Wednesday night's lightning storm caused two fires, but closed by crews today in by helicopter control through the night, and communications flight. Thursday morning closed both, either on Department or controlled.

As we go to press a very cautious rule is being set on Edson, but Forestry officials stress that a general two day rule will be necessary to have travel restrictions can talking to them. Williamson, staffed chambers improve the general hazard, the forest staff is to say that a real order is required to return the forest to normal forest. The silvicultural management of the public is necessary to ensure that fire such as this area experienced in 1958 do not occur again in 1968.

Minister Tells Lumber Operators To Raise Sheep

"I am not prepared to go home and start an investigation," Hon. Norman Wilmore, Minister of Lands and Forests, told some 20 members of the Alberta Forest Products Association at a special meeting in the Commodore banquet room Friday, May 23.

Mr. Wilmore was referring to a belief which the lumber operators from this area had presented to him before the meeting. In essence the belief was that the government make it possible for the lumbering industry to survive alongside pulp operations.

In answer to a request that a commission be set up to compare the operator's problem, Mr. Wilmore said, "I will not discuss it with my Department." It was pointed out that such a commission might furnish information which would be of value to the forest industry and to the economy of Alberta, but Mr. Wilmore refused to consider the establishment of a commission under any terms.

Under questioning by members of the association meeting, which was chaired by Mr. E. B. Johnson of Edmonton, Mr. Wilmore said he would not consider any changes in the regulations concerning stump limits, or any other changes.

When asked if the operators might furnish an opportunity to get timber in another area if they agreed to move from this district, the minister replied that they would not. He stated that the operators seemed to want a guaranteed stump.

A member of the meeting answered that all that was wanted was a supply of timber, or an opportunity to get enough timber to keep in business. Mr. Wilmore's answer to this was "That's your problem." He suggested that the operators might turn to raising sheep if "they were not smart enough to log and make a living," but he did not propose to make available any timber.

The meeting was adjourned by President Johnson following the minister's abrupt refusal to listen to, give any consideration to any proposals or suggestions from the operators of any kind. Mr. Wilmore had stated that he would be present at a further discussion with members of the Association later the same evening, but did not attend as had been arranged.

Another meeting of the Alberta Forest Products Association (Edmonton Division) for the discussion of plans for bringing their case to the attention of the Government is planned for the near future.

Local Operators to be Brushed Aside?

The more I think about it the more preoccupied I get about the attitude of Lands and Forest Ministers Hon. Norman Wilmore and Mr. H. P. Kelly, after the meeting of the local operators and the meeting of the provincial operators in the latter part of the week. The attitude of the local operators is in itself a study. It is the attitude of a man who is not only a member of the local operators but also a member of the provincial operators. TOWN OF EDSON NOTICE Water Rationed

The Town Water supply situation is critical. Consumption on Tuesday, May 27th, was over 200,000 gallons which exceeds the capacity of our wells. It is most important that everyone use water with care so that a reasonable tolerance between supply and demand may be maintained so that the normal domestic service and fire protection can be assured.

UNTIL FURTHER NOTICE, the use of garden sprayers, hoses watering and use of garden hoses for washing cars and other purposes is permitted ONLY BETWEEN THE HOURS OF 7:00 o'clock and 8 o'clock p.m. each evening.

The above allowable watering is being permitted on an exploratory basis and is subject to cut-off by Public loud hailer.

Fire Hazard Curtails 1958 Yellowhead Caravan

By M. BLANKS ALEXANDER

Difficulties faced the Yellowhead II byway Association and the Jasper Chamber of Commerce when they planned for the Fifth Annual Yellowhead Caravan which culminated with a picnic at Mount Edith on May 22. Preliminary arrangements could not be completed until the 15th and the road expected to be closed on May 23. When the caravan was finally made extensive for the 1958 season, both British Columbia and the Jasper National Park took a look at it though the caravan would be a success. The area still burned within fifteen miles of the road and one was urged to be more than usually careful. One area, with fireplaces and available wood and a stove, was specified as the only smoking area, but gasoline camp stoves were allowed.

Way Station of Edmonton again led the caravan, together with the Yellowhead II byway Association and the Jasper Chamber of Commerce. The caravan was a success and the road was closed on May 23. When the caravan was finally made extensive for the 1958 season, both British Columbia and the Jasper National Park took a look at it though the caravan would be a success. The area still burned within fifteen miles of the road and one was urged to be more than usually careful. Soccer Assured For July 1st Sports Day

Money and Gary Fournier and Martin Shapiro were in Edmonton last week to check on the possibilities of having the July 1st Sports Day. They were successful in finding an interested team in the 1958 Edmonton Soccer Club.

To date the Soccer Club have been practicing north of the city and having a game each Sunday, but with the still uncertain of the city will provide the boys they will need a lot of practice and help and are looking for a sponsor who will provide the equipment necessary for the team. The club will meet approximately 1000 men, but it is needed.

If the club is to meet outside clubs on even terms, the members are also looking for a coach who can help them to improve their game and bring it up to the standard that will be necessary for them to defeat the District Champions.

A game will be played this Sunday against the newly organized Memorial Club. Game time, 3 p.m. in the Memorial Park. Friday evening the boys will get together at the Memorial Park for a practice game. At this time the best eleven will be chosen for a team to meet the Edmonton club on July 1st. Then the new eleven will play the rest of the club to get the feel of working together.

Kindergarten Closed Till September Term

Mr. George Wender and his twenty kindergartners started their first day of school on Monday, June 2, but Friday afternoon, when they had a picnic, they were told that the school would be closed until September. Mrs. Wender said she was very much surprised and disappointed when she heard this, but she was happy to hear that the school would be closed until September.

Recently they paid a visit to a grade one and a grade two class of school where teachers Mrs. Wender and Mrs. Harrison gave them a welcome and showed them a lot of what is expected when they enter school. Students of the class of twenty will enter grade one in September.

Kindergarten classes will start again in September, likely the day after school starts. Mrs. Wender is already receiving registration for the fall term and feels that she will only be able to take up to 25 children so that they may be able to register.

Mrs. Wender said that she was very much surprised and disappointed when she heard this, but she was happy to hear that the school would be closed until September.

Mr. and Mrs. Wender have the proud parents of a son born recently in a city hospital. It. Henry is in Edson during for Caroline until the new brother and then get home.

Betty Durston left Sunday to work in the city during the summer term. Mrs. Durston is in Edson during her mother's absence. She is making her home with her grandparents. Mr. and Mrs. C. Durston for the time being.

The following could come up for the building. That's the grade one. A neighbor loaned his tractor to some farmer and he was not to be used for a short time, but next day he was seen working around the house, making for the tractor incidentally the farmer.

Mr. and Mrs. H. Thomas and Mr. and Mrs. H. Thomas are in Edson during the summer term. They are making their home with their grandparents. Mr. and Mrs. C. Durston for the time being.

THE UNPUBLISHED STOP of the CNE museum train which stopped in Edson one night last week created considerable interest for those who knew about it coming. The train was on its way to Prince Rupert at 11 miles per hour (quoted by the museum director) and there was no time for the engines to be stopped for the crowd. The museum

38 Edson District Graduates in Class

Graduation exercises were held in the auditorium on Thursday night last when more than thirty-eight graduates were honored by their staff, parents, friends and fellow students. None of these thirty-eight were people who have returned to improve their marks in "C" subjects. The longest which preceded the exercises was attended by two hundred students and guests. Robert Kiewit acted as toastmaster.

Mr. J. Fisher, Superintendent of Schools, presided over the exercises. Principal M. H. Macdonald, in proposing the Toast to the Queen, presented the Toast to the Graduate and members of the history of this particular class passing out that their achievement in date was outstanding and that some of the above that at most graduate classes is predicted for them in the forthcoming examinations. Paula Bouch of the graduating class replied.

Graduate Robert Clark offered the Toast to the Staff, thanking both teachers and parents for the guidance and encouragement which they have so generously given to bringing the time to the culmination of their high school careers. Mr. W. Raby in reply for the staff stressed the importance of perseverance in the face of obstacles.

Following the banquet an anti-rope of them to four hundred covered for the formal exercises. Mr. Bouch acted as Master of Ceremonies. The large class time of having him on the stage presented an impressive picture against the star beamed curtains.

Decorations and best wishes were extended to the graduates when by Mayor W. H. Kiewit for the Town Council, by Mr. Fisher for the Department of Education, by Mr. A. W. Leonard chairman of the Edson Division.

Commissioners Hear Appeal On School Requisitioning

Representatives from the Alberta Board of Public Utilities Commissioners heard a brief from the Town of Hinton requesting an examination of the method used by Edson School Division No. 12 in arriving at their requisition for the Legion Hall, Edson, Monday, June 9.

Commissioners will have heard the appeal from the Town of Hinton on the requisitioning of the Legion Hall, Edson, Monday, June 9. The school budget was drawn up this year on the assumption that the requisitioning of the Legion Hall was already paid off by the Province which was the coming into the requisitioning of the Town of Hinton and the pulp mill.

The Board will hear down a few weeks it was thought.

Mrs. Don Williams of Delta, Alberta, the former Miss Pelly, is in a long time at the spot some time in June from her father's house out a Sorensen's Pad.
—Don Williams saying that he will let his house be had made the day they moved moving to Delta.
—Miss Adams Hall, former at constant for Mrs. Williams, in town for a few days.
—Belle and members of the Main Drag banding place chug out to see where the first truck was going. It just went as far as Market Street where a little boy had stuck the starter key of his daddy's car into the dash lighter and caused minor trouble.
—Mrs. Don Williams telling us that Sunday while travelling on the highway they saw a big tree out of June last between the Bently and Marshall homes.
—Marion Gary giving her a rest up to her on the steps of the Imperial Hotel building for his transportation.
—Mrs. Marie Butler saying that on their return from the 22nd Convention last weekend, saw Mrs. Butler had received 2,000 new from the members of Temperance in Edmonton. A lot of people going around.
—L.A. State the house, home on leave from Chatham, N.B. for a month, not being able to take all the money time and getting in at Edmonton for order.
—Don Hardway a farmer Edson has been here looking up much school (home) as Mr. Mahon, Walter Taylor and others. Don is married and lives in the Chatham. He is the son of Mr. W. A. and Mrs. J. W. Hardway and has been back in Edson since the war.
—Mrs. Kathleen making the rounds for a brief visit from Prairie Valley. Mrs. Kennedy operated Edson's Public House on 10th Ave. years ago.
—Maurice Keadwell humming a tune that the new city centre would be open before the end of the month. The contractors are still putting the finishing touches starting to look like the city centre it was designed to be.
—Interested spectators watching the "red nose" horse jumping games on the new outdoor grounds, on 10th Ave. with the stores facing on 4th Avenue will really change Edson's skyline.

THE DRUM MAJORETTES WERE AN ATTRACTION IN THE PEDAL PUMPER PARADE SATURDAY

THEY WERE SO GOOD that the prize couldn't decide who should have the Home & School Association trophy as top pedal pumper, as they decided to let Patricia Pattison and Billy Mahon each keep the trophy for six months. The trophy is to be given annually to the Pedal Pumper who has the most policy in like knowledge, manipulation and traffic safety rules. The first winners of the trophy were so well matched that it was impossible to pick which was better. Making the presentation is Deputy Mayor P. W. Wells.

Mr. and Mrs. Spence like their double double double, but they and had hardly purchased the house for the last time when they were on their way northwest to Edson and Jasper. They will be making their home at Edson where Mr. Spence has a home which he intends to move a lot of time and at Jasper where daughter Francis (Mrs. Tom) and their grandchildren will do much to live there from growing old.

A lot of people with bags under their eyes on Monday, after-effects of a late night or shall I say night. For the boys who don't know, come until early dawn morning.
A girl as 'boy from every room' appeared every one of some of the sidewalks to give two very dancing people a gift after the fashion.
More girls missing more periods than running through all the final inches that go to make a better and better fashion show.
Your books from one end of the school to the other while people, misanthropic about people's books.
The grade is running around the school long before school is officially out because they are giving semi-final exams this week.
News, remarks about the festival: one here heard repeatedly how new — and it's given indeed and that — and question "Did you have fun?"
The curators' hard work and many plans did come all beautiful and the festival was a wonderful success.
"Homer's" finding of the grade going home, spent from one of the bigger boys around the school.

Junior Band To Lead Edson July 1st Parade

For the first time in the history of Edson, an 18 sponsored junior band will lead the July First parade up Main Street.

Following immediately behind the band will be members of the Edson and Local Legion Lodges from Edson and Lacombe who will be in uniform and marching with a sense of honor.

Under the direction of Mr. Rudy Kottel, and assisted by Messrs. Bob Brown and Jack Christie, the band feel they are now ready to take a small part at least in the parade. Mr. Kottel feels that they have done a tremendous job in the short time they have been practicing.

The members of the band have been working hard too. They are making a major contribution to the band in the making of their uniforms. Mrs. J. Lindstrom made a trip to the city last week and picked up the material and is making the most of the time and effort for the seven girls.

The girls are all in the 11th grade of white and purple. The girls are all of good stature and with purple and the lacework which is of white lacework. P-C's Meeting, Edson Saturday

Efforts have been made to contact citizens interested in Progressive-Conservative affairs and told them about the convention being called for organizational purposes at the Legion Hall in Edson, Saturday, June 21, at 2:00 p.m.

Purposes of the meeting is to get the provincial conservative organization started again, elect officers and elect delegates to the P-C leadership convention to be held in Edmonton in mid-August.

As there is no central index of association members a public notice is the only way of notifying those interested in Edson P-C constituency affairs.

All wishing to attend are cordially invited to get up carloads and come out for what should only be a short meeting.

The founding of the Edson community swimming pool is with a long way from the top and a number of Edsonians will again be waiting for the pool to be built.

All the plumbing, heating and cooling machinery for the pool has been ordered and delivery is expected shortly. Work on the foundation and walls for the dressing and shower rooms is proceeding with a crew from Chamberlain Construction Corp. working on the site.

The target date of July 1st will not be possible, but the pool should definitely be in operation before too many weeks are gone.

COMPETING AGAINST ALBERTA

Edsonians last Sunday, as Edson's Donald St. John, a member of the Edson Legion, who spoke at the meeting, said that the Edson Legion was competing against the Alberta Legion in the upcoming election. He said that the Edson Legion was a strong contender and was well prepared for the challenge.

Promises Consideration District Lumbermen's Brief

Vol. 6	Edson, Alberta	Thursday, June 26, 1968	No. 2
--------	----------------	-------------------------	-------

DISTRICT GOVERNOR KIM

Mr. Hinman was present to discuss the brief submitted to the Hon. Norman Wilshire in late May. Mr. Wilshire was asked to be present as he is reviewing medical care at Rochester, N.Y.

The minister told the congregation that he would check with the county officials in the Department for factual information and then present the question to the Cabinet at an early meeting.

Following "Chair's" consideration, Mr. Hinman will then return to Idaho for a meeting with the full membership of the Forest Products Assoc. to draw the "Chair's" reaction to the suggestion of a brief.

The delegation met with the acting minister following a general meeting of the Association held in the ASOP Hall Saturday evening, June 10.

Mr. Jack Kerns, District Agriculturalist from Poncha, answered the welcome stating that the district would be holding a county town to get behind a farm meeting the way Edison had. He said that other meetings had been strictly farm-sponsored, but that they appreciated the help Edison had given and hoped other towns would follow that example.

The entire state of officers of the association were re-elected, the only change being that Mr. Wadley was re-elected as a first year director on a three year term. He is the best known of the boys' second three year term as director of the association.

P. Wells Captains Golf Tournaments

At a meeting of the Edison Golf Club held Tuesday evening, Mr. Ferry Wells was elected Tournament Captain and will be in charge of all tournaments.

A two-ball foursome will be held Sunday, July 6. Starting time is 9 a.m. Participants are requested to phone Mr. Wells at 330 to report their best score (lowest score) on the nine holes.

All members who have not yet paid their membership fees are asked to contact John Sturges, any member of the Board of Directors.

Former Edsonite Dies At Coast

Word was received this week that Mr. Harry Marten Vane, a former resident of Edson, had passed away suddenly at Kelowna, B.C., where he had lived since his retirement.

Mr. Vane, who was 38 years old, was the son of Mr. and Mrs. J. Marten of Kelowna. He was married to Mrs. J. Marten, who is now residing at Kelowna.

After leaving Edson about 20 years ago, Mr. and Mrs. Vane and family lived at High Prairie.

23rd Annual Sports Gets By With Only Few Rain Drops

Energetic members of the KAAA were out bright and early Tuesday morning turning off the playing field at the Memorial Park in an effort to get it in shape for the ball tournament. It looked for a while as though the weatherman would defeat their purpose and pour buckets full of water down on the diamond, but late in the morning the sky cleared and for the rest of the day the weather was perfect for a sports day.

It took about 800 gallons of diesel fuel and a number of loads of sand to do the trick but the ball diamond was in fairly good shape when the boys were done with it.

The annual sports day got underway just after 10 a.m. when the big parade moved up Main Street.

The parade featured everything from the radio club to the school band and many of the floats were made up of the latest models in motor cars.

The Edson Planning and Housing Committee is the first to be organized in the city since the war.

Several hundred Edison citizens turned out in the bright sun to watch Premier E. C. Manning cut the ribbon that officially opened Edison's fine new civic building at a history making ceremony Wednesday afternoon, July 9.

Miss Viola Olson presided. Mrs. Wilmore with a lively banter kept on behalf of the Council and Mrs. Laura Manning presided. Mrs. Manning with a dash made in the Edison Craft Center of Edison class. Mrs. Manning graciously accepted the gift and said she would keep it among her souvenirs of Albert, Iowa.

Others present at the event were former Councilor W. Nagata who brought his best wishes, Mr. H. H. Olson of Council Construction, the general contractor of the building, Mr. R. T. Beckhoff of North West Wholesale Furniture who supplied the furniture for the centre.

Following the closing of the ribbon across the iron doors by Mrs. Manning, the ribbon streamers into the brightly lighted rooms of the beautifully appointed rooms.

JOKE OF THE WEEK

"One I want Albert to have a thoroughly modern and up-to-date education," said his mother. "I believe I can."

"Yes, of course," said the headmaster. "Thank Latin is, as you know, a dead language."

Civic Centre Our Pride and Joy

For those who used to apologize for Edmonton's "temporary" town hall that lasted forty years, the new civic centre is a dream come to fruition. It is nice to have a fine modern building for the centre of our civic administration. Incorporating as it does town administrative offices, police department, fire department, public library and the Edmonton Health Unit, the building is ideally planned for our present needs as well as those of the foreseeable future.

At the House, Mr. E. T. Higgins, Alberta's government treasurer and acting minister of finance, said that the new building was the most important thing of the year. It was a honor to have him. E. C. Manning, Alberta's premier, and Mrs. Manning, as well as Mrs. N. A. Wilmore, out from Edmonton for the opening too.

We couldn't help but notice the pride in the eyes of such visitors as Mr. W. G. T. Harrison, C. H. Trapp, H. A. Stewart and all the others who have seen Edmonton through its tribulations since 1918. The building is a tribute to them.

As we all know the centre is paid for completely from the proceeds of our municipal light plant and system to Calgary.

When a loan can make the difference

A loan from Imperial Bank of Canada is hardly the answer to Edmonton's particular problem. But if you have made of financial conditions, a loan from Imperial Bank may solve your problem. Whether it's business or personal, large or small, take your money problem to your local Imperial Bank manager. His experience gained in many years of helping people, is at your disposal.

Live up to your local branch of Imperial Bank today and have a check with the manager. He'll be pleased to help you.

Still Dicking On Federal-Provincial Hospital Costs

Edmonton.—The new Alberta hospital insurance plan was met with indifference in Alberta on the day it was first presented to the public. For the most residents of the province there was no noticeable difference. Under the program, the province will receive approximately \$1,000,000 a month from the federal government toward operating costs of the hospital treatment system. The plan differs in only one respect from the new program in that the province will receive \$1,000,000 a month from the federal government toward operating costs of the hospital treatment system. The plan differs in only one respect from the new program in that the province will receive \$1,000,000 a month from the federal government toward operating costs of the hospital treatment system.

Another little 18 two-year editor will think the structure should be called the Civic Centre—not civic building. We can use headlines which read "C.C."—but not known brand of brand. Edmonton "C.C." has and is more expensively in a two bit word meaning it should be better to the ear.

One involved the \$1.50 to \$2.50 per day for the hospital treatment system, which is expected to be paid for by the province. The plan is to be paid for by the province. The plan is to be paid for by the province.

All this naturally raises questions about the above mentioned plan. The plan is to be paid for by the province. The plan is to be paid for by the province.

The reason for forming the MFC in the first place was to have an outlet for the surplus. With the government guaranteeing the interest, it was believed MFC would get reduced interest rates.

Discussion parties are being held in the city to discuss the plan. The plan is to be paid for by the province. The plan is to be paid for by the province.

Myra Botnen Guest At Bridal Showers

Miss Myra Botnen was guest of honor when Mrs. Ann Westman of Edson and Mrs. H. Schmitt of St. Paul held a surprise wedding shower at the home of the latter.

Many lovely gifts were received from the bride's friends and relatives. Mrs. Ann Westman will take place on July 11.

Recently, Joyce Carlson and Marjorie Schmitt, who were bridesmaids at the wedding, were also guests at the home of the bride.

Shower gifts were played and a delicious buffet lunch was served. Refreshing the evening was the presentation of many lovely gifts to the bride.

Westward Who!

STEPHERA G. ACORN

It was even before 1880. A few trappers on horseback, with several packhorses behind, followed the river winding its way westward. Edson Creek was well known. There had been a few changes in the landscape and in the course of the river for two great full years had already taken their toll of rock, timber and wild life.

The glacial morning combined the hills and forests in the distance, and ear changing changes in the river valley in local glimpses of winding creeks and rivers.

Only the middle-aged trapper made his way alone made the usual river crossing (stake) and continued on the height of land he spotted the familiar landscape, the beautiful lake at the foot of the Shining Horn where he would rest in his journey and make trade with the inhabitants of a Cree or Sioux camp before traveling on westward through Prairie Creek (Edson) and through Creek (Edson) and on to Lake.

He was Nathan Jack, Old Jack who called him, who lived on the land known as Jack's Flat. He had been a guide in the mountains of Pike's Peak, Colorado, a man without schooling, but not without education, for his education was of the Indian. A self-taught, clear shrewd man and an interesting story teller.

The trapper must not have been about, making for his trail in the hills and in the distance, where the creek is named. In the first while man to cross such of the territory.

Kin Fire Sale Gives Value And Helps Local Pool

Edson and district folk tell they had hit a gold mine of values when they offended the Kinsman sponsored Fire Sale held last Saturday and this Wednesday in the old Voltaire Style Shop Building.

Some of the merchandise was, understandably, a bit the worse for fire and water damage, but the

majority of it was in first class condition and calling for a description of what it would be if purchased now.

Klansmen organizers under the direction of Kin D. Leonard, of the sale say there is still well over a hundred pair of boots and shoes left as well as some clothing. This

gaged in pulp production, and the agreement with North West Pulp and Paper Ltd., was formulated from the best advice and information available to the Government at that date. He said "It was not the intention of the Government to discontinue the tie and to take the pulp industry to the market."

Mr. Murdoch said that certain part of the timber industry in Alberta has been losing 312 operators or persons in against 352 operators in 1966. Unemployment figures for these three years were measured.

"According to the statement of the Alberta Forest Products Association (Edmonton Division) concerning the sale of larger timber berths, the association said that this is presently the only way to solve the problem.

"The fact that the Government wishes to dispose of some areas of commercial timber, and that the Government when government surveys are completed, the government will offer areas for sale, within a production limit of revenue of approximately 200 million dollars.

Referring to the statement of the Beef concerning revenue losses in the industry, Mr. Hovind stated that lowered rates of royalties granted to the pulp company had been felt necessary as an inducement to bring a pulp industry to Alberta, and to compensate for lower net prices realized on pulp through having to pay high freight costs when the industry was established at a distance from the ultimate market of the product.

In mentioning the request for selective cutting Mr. Harris stressed the cooperation of pulp production and the wood and lumber

Blood Needed

time again the Canadian Red Cross is preventing the opportunity to donate blood. The words "opportunity" is used here, because in effect the Red Cross has set up a system whereby you can save your blood - blood that you can depend with at the present time - until the possible future time when you will need it to save your life. Every Canadian citizen is potentially going to need a pint of blood to save his life in the future, therefore every Canadian citizen should have a pint of blood now in preparation for the future.

Blood in Western Canada is now a premium. The blood banks are getting low. Every person who can and cannot are asked to donate a pint of his blood. The banks for Edmonton is 500 pints short and makers of blood donors with an actual teen population of more than 2000 persons and as many more in the city flying districts. It is hoped the quotas will be reached and blood.

Make a date to be at the Legion Memorial Centre on Thursday, April 17, from 2 to 5 in the afternoon and from 7 to 9 in the evening.

With a record of many lives already saved, the Canadian Red cross is bending every effort to extend this service throughout Canada. Success of the undertaking, however, depends upon the response of public-spirited men and women who will give their blood freely and regularly so that no life may be needlessly

Gives Govt. View

Mr. Huettig said that for some time the Government has considered limiting the size of timber holdings of large companies, and that there are fewer than ten companies presently in Alberta holding more than five years' supply of timber. Referring to the

The basis upon which the agreement was changed, Mr. Jones told, when North Western Pulp and Paper Ltd., changed their proposed mill plans from 300 to 450 net daily production, and the additional area was felt necessary to insure a sufficient timber supply.

Mr. Ilwaco noted there had been changes made in computing deposit costs for many years, those being based on twenty per cent of the cost of royalties. The latest estimate called for timber, and less per cent on such succeeding million feet estimated to be on the way. He agreed that cruising for travelling, logging, and other distant areas, extensive areas having inclusions in applications, and particularly the higher costs of experienced student survey parties.

His said consideration was being given to assessing cruising from an even more realistic cost basis throughout the project. Mr. Ilwaco said that presently under consideration is a plan for refunding percentage of deposits on withdrawal of timber. He said that timber is removed, down to a minimum of thirty per cent

Concerning overmature timber, Mr. Iversen said that the Government would be willing to set an eleven inch minimum stump limit on pine in some areas and said this would allow increased pole production which should be profit-

TO ALL HOLDERS OF VICTORY BONDS

HONOURABLE DONALD M. FLEMING,
MINISTER OF FINANCE

of the Government of Canada, announces an offer
to replace all unmatured 3% Victory Bonds with
new 4½% 25-year bonds, or with other shorter
term bonds of other interest rates in accordance
with the terms of the offering.

This Canada Conversion Loan of 1958
represents the largest financial operation ever
carried out in Canada in time of peace or war.
It is designed to re-organize over 40% of the
National Debt on a basis which will provide a

higher income for these investors taking advantage
of it, and at the same time reduce for the Govern-
ment the volume of financing to be done in 1959
and subsequent years through 1966.

All holders of unmatured 3% Victory
Bonds (Canadians now own a total out-
standing amount of \$6,416 million) are now
offered the opportunity to convert into the
new non-callable

CANADA CONVERSION LOAN OF 1958

4 1/2% 25 YEAR BONDS

In addition:
you receive an immediate
cash adjustment

In no case is the bondholder required to
make any payment to convert into
the new longer term bonds on which
he will receive higher interest than
on the old bonds.

YOU are urged to consult imme-
diately with your investment dealer,
bank, trust or loan company or other
financial adviser about the terms of
the conversion offer.

ALSO AVAILABLE:

4½% 14 YEAR BONDS

3½% 7 YEAR BONDS

3% 3½ YEAR BONDS

Applications may be filed and cash adjust-
ments received now. Be sure you share to
the full in this unprecedented opportunity.

Green Acres . . .

By DICK ROCKING

MAKING BETTER HAY
Hay is in full making now. Every year, more farmers are cutting hay early in order to get the best possible quality of feed. But still, too many people don't get the best value from their hay or silage crop.

Alfalfa leaves, cut when the alfalfa is in bud and the green leaves are still on the plant, are the best quality hay or silage. In fact, the yield of protein and minerals is enormous.

Agonomists have analyzed protein, minerals and fibre content in the sprouting growth of alfalfa before it is cut for hay or silage. The results show that the best hay or silage is made from the first two years.

They find that the first year's growth is the best. The second year's growth is the next best. The third year's growth is the least desirable. The reason for this is that the first year's growth is the most tender and contains the most protein and minerals. The second year's growth is the next best. The third year's growth is the least desirable. The reason for this is that the first year's growth is the most tender and contains the most protein and minerals.

They make this statement of the alfalfa leaves, but the hay or silage is made from the first two years. The home grown protein from high quality alfalfa is one of the cheapest sources of protein for livestock. It is also one of the best sources of vitamins. It is important to have as many leaves as possible during harvest.

To get the greatest value from your hay or silage crop, cut it early in the morning and before the sun is hot. This will preserve the vitamins and minerals. It is also important to have as many leaves as possible during harvest.

PROFITABLE
If you're looking for the most profitable way to raise your livestock, you should consider alfalfa. It is one of the best sources of protein and minerals. It is also one of the best sources of vitamins. It is important to have as many leaves as possible during harvest.

Only as little as 1/2 ton of alfalfa will produce 1/2 ton of hay or silage. This is a very profitable way to raise your livestock. It is one of the best sources of protein and minerals. It is also one of the best sources of vitamins. It is important to have as many leaves as possible during harvest.

MARKET LAMBS
Several smaller sheep operators have reported excellent results from raising lambs. Many of these operators have reported that their lambs are selling for a high price. This is a very profitable way to raise your livestock. It is one of the best sources of protein and minerals. It is also one of the best sources of vitamins. REA Hooked Up East Of Edson

It was a big day Wednesday, July 2, when the electricity was turned on in the eastern section of the Edson-Pulham Rural Electrification district. Member farms in this section which are wired to the satisfaction of the government were at that time, or will be, within a few days, hooked up and turned on.

The section west of Edson, however, is not yet as far progressed as the eastern one, although work there is progressing at a very favorable rate and it should not be very long before the lights are turned on in that section also, thus giving the entire district that luxury and necessity which is a boon to modern living.

The first planning for rural electrification was begun in 1936 when the federal government, through the Rural Electrification Administration, began work in connection with the Calgary Power Ltd. and Rural Electric Service in installing, constructing and maintaining the lines in the district.

Since rural must be given to the benefit of services of the R.E.A. for the very extensive and efficient work which they have contributed towards the end of rural electrification, some of their efforts have been given.

The members of the board are: J. D. Macdonald, president; J. D. Macdonald, vice president; J. D. Macdonald, secretary; J. D. Macdonald, treasurer; J. D. Macdonald, auditor; J. D. Macdonald, chairman of the board.

Edson-Pulham, who is the present president of the association, and J. D. Macdonald, past president, deserve a word of thanks for their extra efforts to get the organization running smoothly and keep it that way. This work was especially heavy when the district

Grand Old Lady Poses At Grande Prairie Home

Last Friday, July 19th, witnessed the passing of one of the oldest partners of the Grande Prairie and Peace River district, at the person of Mrs. Fred Seal.

In the fall of 1911, after a short stay in Edson, she, together with her husband and family, moved over to the Edson-Grande Prairie tract, arriving there in January 1912, very shortly before the birth of her first son.

Mrs. Seal was very widely known throughout the whole Grande Prairie area, where she continued to the end and helped those in trouble.

She herself to move her son her husband and five daughters. Mrs. Seal and her family lived in the north country besides a very large number of grandchildren and great grandchildren.

Interest took place in the Grande Prairie cemetery on Sunday and included in the large number of relatives and friends attending from near and far.

Mr. E. Seal and daughter Mrs. Seal, who were present, were the only ones to be buried.

Funeral services were held at the home of Mrs. Seal.

LEADER STAFFER Carl Ann is trying to figure out what kind of a building. The last, about four inches in diameter, was brought into the leader office by Mr. A. Johnson and her son Jim. They got the old little last in the bottom of Reflection Lake and Jim says there are some of them on their side of the lake. He spent one and found a woman inside and thinks likely it is a house for some sort of house. Jim says there is another and thinks likely the lake that he has never seen in the years he has lived here. Last winter he noticed holes of a little like substance in the water which disappeared when spring came. Now there seems to be a mattress like substance rising from the bottom of the lake in spots. Anyone know what it is?

Contracts for School Buildings at Peers, Fulham and Hinton Let

Two local firms figure in the contracts awarded for new school buildings at Peers, Fulham and Hinton by Edson School Division this week. Robert Co., was low bidder on two mechanical contracts and the three for electrical work. Another local firm, Alberta Mechanical Contractors Ltd., received the bid for the mechanical contract at Hinton.

Ask Royalty For Pool

The Provincial Oil Royalties have started to send the effect of the 10th Anniversary Pool Fund. To date there are only four in, but Kinnear hopes they are the forerunners for a great many more.

The cheques are received about four weeks after the application is sent in so anyone planning to take it over to the pool is urged to get the application in as soon as possible.

Funds are needed now for the equipment that is in. The cheques are either for turned over to the total of any bank or they are given to the Pool Treasurer, at Columbia.

Lost Pup Gets Care

Already lost a puppy? The lost Chihuahua puppy, stopped at the roadside table near of town on Highway 10, had been found by ranch men, at the spring after looking out of the back door.

During their investigation, when they discovered a little black and white puppy under the table who appeared to be lost and a little bit scared.

It answers to the name of Miki, but wanting to know it alone, the Chihuahua puppy is sent to their Grande Prairie Trail home.

It's a cute little guy and more than likely some youngster is searching for him. The puppy can be picked up at the Chihuahua home.

Big Day of Timber Festival Presents Organized Turmoil

Arriving of power saws, shovels of midway barbers, the ring of saws being into trees and the roar of giant logging equipment will all be part of the organized pandemonium that will prevail at the festival grounds on Hinton's big day, August fourth.

With two days to go started, the Hinton Timber Festival will crowd all of its big entertainment features into the final day, Monday, August fourth. Arriving in a caravan of trucks for the log sawing championship of Alberta and Western Canada, tree falling and log chopping contests, fire fighting demonstrations, exhibits of logging equipment, crowding of festival queen and giant grandstand show.

Starting on Friday evening with the Twin Town Raffle party the festival will swing into full action by Saturday afternoon. Guy Deming and Arnold Hansen, the two fellows responsible for the Woodlands part of the show, will get things underway for the log sawing eliminations. Displays of logging equipment will be translated into location and persons will be on hand to give information and explain the operation of such equipment as "carry-lift", three quarter cord capacity crane and the new famous pulpmoored hydraulic. One spectacular piece of equipment that may possibly be on hand is a specially constructed pulpmoored crane capable of carrying a 50 ton load.

By early Saturday afternoon the midway should be in full swing. Staffs of Rotarians, working under the supervision of Emerson Begun, will operate the twelve different games of skill. In addition there for the kiddies and adults will be set up and in operation. Closing down for Sunday, the midway will again be in full operation Monday morning.

Saturday night will be the big night for the light in heart and foot, so dancing gets underway at the Athabasca Valley Hotel. Headed by Bob McEwen, the dance committee has arranged for music by the Harmony Kids plus the half hour floor show by "Mr. Variety Himself" Murray "Hater" Parker. These two talented groups will again hold forth on Sunday night when the Loggers' Mikado starts to roll at 12:01.

Sunday morning will present an open air church service at the Festival Grounds to be conducted by the Protestant denomination and commencing at 9:30 a.m.

A separate feature of the three day program will be the basketball tournament which starts at 12 noon Monday. Teams from the Northwestern League will be competing for \$250 in prize money. First game of the afternoon will pit Hinton against Kananis, while the second game will find Jagers in MacKay. Final game for the prize money will start at 5 p.m. Adding yet more excitement to the event is the prize money display that the first two games will come towards the League playoffs which are slated to commence early in August.

The Canadian Forestry Association free show, giving both the light and the serious by way of comic and documentary on conservation, will be held at the Hinton Theatre and will start at 8:30 Sunday evening.

The Mikado Parade may carry festival celebration till early morning, but not long enough that they will overshadow the great festival parade. This spectacle starts at 10 a.m. and winds its way through town in a conclusion shortly before grounds before heading home for lunch.

Monday afternoon all the big money men will be in the stands for the log sawing trophy for the week. Lured close to the festival grandstand, the sawing circle will give the audience an opportunity to see men from the South try their trade as they sweat it out for the sawing supremacy.

On to a breather for the editors and audience as well, will be the final eliminations for the honors of top man in the falling competitions and the by past and acrobatic display of the "BAP 25 Jet Aircraft".

Kicking off the big grandstand show to a flying start will be the final elimination for the honors of top man in the

HAPPY CREEK'S ENTRY LAST YEAR WAS THIS BUCKING VEHICLE. This one also drew lots of people, as the July 14 parade at Edson this year.

Ample Camping For Visitors

Visitors coming to Hinton for the Timber Festival can be assured of ample accommodation if they plan to stay in the hotel or restaurant.

Three resorts, hotels, with combined total in excess of 100 rooms, will be able to provide top facilities for their weekend guests. However, reservations would be wise for either hotel or resort.

Committed in charge of accommodation, have been assigned to the Hinton Trailer Park, that there will be ample space for those who want to camp for the weekend. Facilities include fire pits, wood and water.

Town Declares Holiday For Timber Festival

A special by-law passed by the Council gives the people of Hinton a chance to enjoy the holiday weekend and for those not participating, an opportunity to see all the big excitement at their own timber festival.

Given their reading on July 31, the by-law states that all shops, stores, restaurants, drug stores, banks, and other business establishments and offices, shall be closed on August 1st.

As and added reminder to the business of taking a holiday, the by-law states that any breach of the proclamation will result in a fine not exceeding \$100.

would last year champion Robert Lorenz and George Kibbe are bound to be among the top five for the championship round, but outside competitors will undoubtedly give the local boys a run for their prize money.

Official crowning of the Festival Queen will mark the entry of Murray "Hater" Parker, who will emcee the star studded grandstand show. Starting at 8 p.m. the show will run for three nights in a row, starting hours of first class performers. The task and beauty who have failed by the end of the grandstand show will then be able to take in the Canadian Legion Dance which follows immediately after the grandstand show and takes place in the Athabasca Valley Hotel.

BLISSFULLY YOURS —

By Mrs. Hollister

This past week turned out to be a very successful one for me, and I sincerely feel that the usual world's day week.

With a busy period ahead in preparation for Hinton's annual show, it was no time to sit idle. I had to get out and visit with folks from other places.

The first surprise of the week was in the form of some very old friends who dropped in to see me around Hinton. They told me of the many changes in the world since they were last here.

It was a very pleasant surprise to find that they were still in the same old place, and that they were still as active as ever.

Alberta, rich province that it is, is the richest I have seen in this hemisphere. It is a beautiful land, and it is a beautiful people who live in it.

A taxpayer sent a letter to the state comptroller's office saying that he had checked on his income tax two years ago and had not been able to get a good night's sleep since.

He returned 228 and added: "If I still can't sleep I will send the money."

Power Blackout Each Evening

Manitoba have been issued to town residents that electric power will be temporarily discontinued each evening for a short period around 11 p.m. each day for the major portion of this week to permit testing of equipment at this point and during the summer.

Power for the town is now being supplied by auxiliary means while the large turbine generators are shut down for a maintenance check. Cutting off of power supply has been done at intervals of about one hour which requires the full output of the auxiliary generators.

Fine Food For Festival

To make sure that the many spectators can experience the best food without great inconvenience, three hotels will be in operation throughout the three days.

One, located in the cutting road will be operated by the Hinton Hotel. Another, located in the town, will be operated by the Hinton Hotel. A third, located in the town, will be operated by the Hinton Hotel.

Curling Risk Doubles As Exhibits Building

The industrial exhibits building which is also known as the Hinton Curling Club is to be a feature of the main Hinton Timber Festival this year. Opening on Saturday August 2nd, this building will house many varied displays of interest to all visitors to Hinton.

Business hours in Hinton which have already proved highly successful, the Hinton's Bay Company, Ltd., then from 10:00 to 11:00 a.m. Variety Show, Store and Valley Style Shop. These, and other displays from the town and from Alberta generally, will occupy the rest of the building.

The new side will be devoted to exhibits by various departments of North Western Power & Power Ltd. Presumably the latest equipment involved in the making of the Company's product, Alberta.

New Woodmen Event For 2nd Annual Show

Two brand new events will get started in the woodmen's competition at this year's Hinton Timber Festival.

Under the direction of H. E. "Doc" Williams, a tree falling competition will be held on Monday afternoon, August 1st. This will be a test of the woodmen's skill in that it involves felling a tree in a specified time.

Another new event is a tree standing contest. The contest is to be held on Tuesday, August 2nd. It is a test of the woodmen's skill in that it involves standing a tree in a specified time.

Each tree will be numbered, and the woodmen will be given a list of the trees to be felled. Each tree will be given a red pointed marker, and will be held in place by a stake.

Timber Festival Church Services At Grandstand

Protestant denominations at the Hinton area will make on Sunday morning, August 30, at 2:30 a.m. for combined church services at the Hinton Timber Festival Grandstand.

Bible School August

Plans for July 20-21 Bible School are well under way in the town of Hinton. The Anglican, Lutheran and United Churches are co-sponsoring the school for the second year.

Two lectures are planned to discuss the transportation problem. One group is to meet in the hall, the other in the Valley Room. The first is to be held from Monday, August 19, to Friday, August 23, and the second from Saturday to Friday, August 24, to August 28.

Should inclement weather prevent the service from being conducted at the festival grounds, the Hinton United Church Hall on Highway 100 will be used.

An open invitation has been extended to all to attend the formal combined service, which will be held at the Grandstand.

STOREKEEPER WAS BANKER TO MANY WHO DON'T KNOW HIM

A younger man is indeed the banker, he also looks after the people and their money. He is not a banker, but a storekeeper.

And the banker's still present, they look at the money and the people and their money.

Some of the people who still have their money from the storekeeper are the people who don't know him.

Pool Building Now Getting Attention of Critics

Records

According to a story in Tuesday's *Edmonton Journal*, the reservoir is expected to be installed in the B.A.O. Oil well with 50 miles northwest of Edmonton has an estimated capacity of 400 million cubic feet daily. The lake provides record water levels for the first time. Wetland was estimated at 350 million cubic feet daily.

The reservoir is being built on the same level that recent years have seen a low water level. The reservoir has been built on the pool. The reservoir has been built on the pool. The reservoir has been built on the pool.

Another spectacular well fire as it blew in with tremendous force several months ago. Fortunately the escaping gas was contained with contact with a spark and there was no flame. The drillers crew managed to cut off the flow after a tremendous quantity of the gas had escaped.

There is no word on development for the well until a decision is made on the policy of exploring gas in the United States margin by the provincial and federal governments.

MR. GEORGE LETENOWSKI passed away at the CNH residence during the last trip last Friday afternoon after 29 years with the company here. A long-time employee of the company, Mr. Letenowski first worked at the company in 1913 as a car trimmer. He was in 1922 at central and Ashland, at Edmonton in 1931 and 1934 and then took up leaving for several years. He first came to the car department here in 1939 and has been here ever since, except for three years as Chaplain from 1950 to 1953. Mr. Letenowski's three daughters now in turn, his members of Edmonton local lodge arrivals and his wife, Mrs. Letenowski, who has been here for many years. Their many friends will wish Mr. and Mrs. Letenowski many years of health to enjoy their retirement.

The township received unconditional grants to the Town of Lebanon from the Provincial Government at several times over the past few years. The last grant was \$1,300,000 in 1967. This year's grant will be \$1,312,000 from the amount appropriated last year by the Legislature. Of this \$1,312,000 in dollars is being given to the municipality this year. In 1967 the grants were half of the cash disbursements.

The Edison grant is lower by about \$400 than what the budget committee of the Council figured. Part of the revenue loss is due to the fact that the town had a total of \$2,860 this year compared to \$2,111 last year. The hospitalization contract will cost \$11,540 this year; compared to \$5,300 last year.

It is interesting to note that Edison's grant is \$6,000 more than the city of Dumbellville and a little better than \$2,000 more than that received by our neighboring town of Hiram.

Kin Kar Bingo Set For Friday Night

There will be a tap for this kind of fun at the Kin Kar Bingo which is to be held at the Edison Arena on Friday, Aug. 21, 10 o'clock. Prizes totaling \$25,000 will be given away.

Before the bingo starts, Extra Acts will be on the bill. Each act will be 15 minutes long.

Prizes will, of course, be for the winning pool which is nearing \$25,000.

WHAT OFFERS FOR THESE BUILDINGS? No reasonable offer will be turned down by the Edison-Kinross for the two buildings formerly occupied by the *Camel* and *Essex*. The *Essex* again note the important feature. The covetors of the Greenbaum estate will be glad to hold the buildings for a long time for what they will bring. They must be removed from the site by the purchaser right away. Check with Kinross & Krooth of 217 W. of Central & Krooth if you are interested.

Mrs. Phyllis Chapman has returned from holiday and is busy again as district manager in the local Sampson-Bears office.

For part of her holidays Mrs. Chapman took a week to fly to Virginia where she visited the big control office of Sampson-Bears which is also the mail order headquarters for the Western division of the company.

While there she met several of the officials in the company, including the general manager, Mrs. Chapman says it was all very interesting and she wouldn't have minded it for anything.

On her way home from Regina she stopped for a visit with sons Pat and Gerald, who are employed as welder and welder's assistant on the pipeline at Sudbury. Current. Her next stop was Dryden, Alberta, to visit friends, and finally a two day visit with relatives in Edmonton before coming home to the daily grind.

Under the leadership of John Vanderwal, ten boys met at the Memorial Park Wednesday afternoon to try their hand at soccer. The boys were very interested in the game and are all set to have a go at it.

There is a possibility that they will accompany the senior team to Mercer on Sunday for a game with the boys of the Coal Branch town.

Mr. Vandermal extends an invitation to all boys between the ages of 8 and 12 who would like to try soccer.

Practices are to be held Wednesday afternoon on any boy interested is reminded to be at the Mercersville Park next Wednesday afternoon for the opening practice of the boys soccer club.

Mr and Mrs. Oscar Rasmuch left Sunday for a two week holiday in Vernon and Trail, B.C. They will be visiting with Mrs. Rasmuch's sister Mrs. Gordon Dixon at Vernon and with other friends at Trail. Mr and Mrs. Rasmuch were making out by way of the Yellowhead route.

Kindergarten To Be Held In Parish Hall

Mrs. George Winchester has an interest that she will be holding her kindergarten classes in the Anglican Parish Hall this winter. Classes will begin on Thursday, September 10, and will have the same hours as last year, 9 a.m. to 1:30 p.m. on the last day of the year. It is particularly helpful for the child who has just moved from one area to another, and for those who are new to the area. They will be held in the parish hall, which is a very nice building, and they will be held in the parish hall, which is a very nice building, and they will be held in the parish hall, which is a very nice building.

Mrs. Winchester's after-school classes are a favorite with mothers, as they give them a free period for five afternoons in the week. Prior to this the classes were held in Mrs. Winchester's home, where a meeting for interested mothers will be held at 8 p.m. on August 28.

Legion Plan Labor Day Regatta

Following the successful event held last year at Deer Lake the Edson Legion have decided to open our second annual Regatta at Deer Lake on Monday, September 1st.

Suggest that on the agenda for the day will be speed boat races with probably the most enjoyable part for the kids being boat rides on the lake. There will be candy stands for the ladies and women, and a hot dog stand for the men.

For adults there will be bridge games which will have a wide assortment of prizes to help keep activities running smoothly. A hot 100m safety demonstration will also be a feature of the afternoon.

To make a perfect ending to the day a dance is to be held at the hall in the evening.

COMPLEMENTING TWO STEAMER biplanes, which have been flying out of the Edison air strip for at least a week or two was an "Avenger" torpedo type bomber as used by the navy. Takeoff and landing presented problems to the heavier aircraft, but reports are that it really outperformed the fleet with its heavier load. The two biplanes flown by Pat Kogler and Gil Pettison of Aircrew Ltd., Westborough, Mass.,

Crown Hill was "surrounded" by the bulldozers and ground crews recruited by Forestry officials.

The question still unanswered by forestry policymakers—if two planes do same good, why not a 30 or 30 of them? We would still be bombing Germany if bomber command had thought the same way during World War II as Lands and Forests do in Alaska.

As a follow-up to the brief submitted by the local lumber operators to the Provincial Government requesting more consideration for the interests of local lumbermen, a meeting has been scheduled for Friday, August 29, to discuss the problem.

In attendance at the special meeting of the Alberta Forest Products (Edison Division) will be officials from the Department of Lands and Forests and representatives from North Western Pulp & Power Ltd.

Members of the Association and prospective members are asked to contact Miss Isabel Franklin, secretary at Marlboro (telephone 462-1111) for more information.

Plan Local Competition For Regatta

Elmer Fossheim, chief of the London Bureau, is

Elmer Fomheim, chairman of the Legion Regatta committee is busy these days lining up some local talent to round out the big Labor Day Regatta which is to be held at Bear Lake a week from next Monday.

If the weather holds as nice as it has been for the past few weeks it will do much toward providing a successful day. It is hoped to have a demonstration of water skiing by local skiers and a Red Cross Society demonstration.

The water sports will only be a part of the entertainment as there will be bingo and confections booths on shore as well as a big dance to round out the

day, to be held in the evening.

Mr. and Mrs. Earl Pollock are grateful to several Edmon-
sons for their prompt application of a little-known method
of artificial respiration in drowning cases. Their son Reginald
S. had been pulled into the swift current of the McLeish
River at the Brown's Ranch during the Legion sponsored
picnic Sunday afternoon.

Two of his swimming companions, Dennis and Louis Stepp, gave the alarm after they were unable to pull him into quieter water after he had got into difficulty.

Harvey Conover, of Haddock, was able to pull him out of the swift water, after efforts by Paddy McFallen, who dived in fully clothed, though unable to swim, failed.

Mr. Fennel had only just read of this method of life saving in a recent issue of Reader's Digest. The very fact that the

Look who's wearing her 'immediate cash adjustment'!

Cheer! What next? A lady can hardly keep up with things these days. What with dogs spinning around in the sky and all. And now all this excitement about changing over your Victory Bonds. I was sorry to see minor gas. Had it so long you know. But when

the young man at the bank explained that these new bonds paid more interest. Well! I know a good thing when I see it. And besides, he gave me a nice cash adjustment—which I straightaway spent on a new bonnet. Like 17?

Offer applies only to wartime Victory Bonds.
FOR EXAMPLE: a \$500 8th series Victory Bond exchanged for a \$500 Conversion Bond paying 4½% will give you \$6.75 in cash immediately. The higher interest will yield \$22.50 per year instead of the present \$15. See your investment dealer, stockbroker, bank, trust or loan company today.

District Lutherans Install Resident Pastor

Installation and ordination services for Robert W. Hudson, new Lutheran pastor in this area, were held last Sunday at 8 a.m. in the Christian Reformed Church. A large number of fellow and district Lutherans took part in the service that culminated in the new resident pastor to his new parish.

The work in this field was started by the late Pastor Martin J. Hoyer in the early 1930's. Early this year the Board of Trustees of the Alberta District Lutheran Church, Edmonton, decided to establish a Lutheran church in this area. At a meeting of the board, held at the home of Rev. Hudson was called on the first Friday resident in this area parish. While Pastor Hudson

KATHY'S COLUMN

BY KATHY AND NED

Who was that certain teen age boy that was ducking out the back door of the candy store? That he wouldn't have to go right out of there and help the community. There's one slightly overgrown juvenile.

Ferry M. (the guy) just now with some of the candy store. He's a very red and looking a round with that frightened expression and a wailing back across the street after he had in half way on a and fairly to his residence that he was clear.

All the time talking to back Hudson when he was in from the car. Heated him up that all there was to do in the city was with the candy store. He added afterwards that things picked up around town after the girl next door showed that he was alive and a school for six years when he was sixteen on the 14th so that when she found them out he got a good look at what the city has to offer on the line of girls. He felt all the rest of the Edmonton that he knows all too good.

Could he help but notice James' taller walk. Now it seemed in a black velvet jacket down a hallway, with the leaves rustling in a kind behind the back. He couldn't help but hear

the report that he liked to make a specialty of himself and that the outfit was commonly referred to as a "candy store." Then turning to look at Hudson's feet, he saw that the boy had taken out the gift for quite a while. I guess, they must have been the first. I got that straight from the house mother.

And as for the candy store, it was a very nice one. It was in the old Mill Centre, a few miles to the left of the city. Hudson and Kathy made an attempt to go to the city. Hudson's three milkshakes and a bar plate of chips they had just finished in the candy store.

SYLVAN AND GRILL LAKES
Alberta's picturesque parkland is lovelier for its many sprang led lakes that dot the wooded landscape with sapphire blue. Two of the largest and most popular of these resorts are Gill and Sylvan Lakes. Plus a holiday here, for such places are meant for family fun from the first sun up even until the last one of corn is reaped over the beach houses at dusk. Near the Peace Hills, nestled in Indian land, Sylvan and Gill Lakes are close to interesting historic sites.

Robinson who passed away Wednesday, April 13th at a city hospital, following a lengthy illness. Funeral services were held in the Carroll Creek Community Hall, Interment in the local cemetery. The rapidly rising attendance for the May 1st flower show at the beautiful Floral Altitude, a statistic of sympathy was a reflection of the popularity of a grand old lady who will not be remembered and mourned.

We find the bulk barn is literally overflowing under the suns of hot summer days. The farmer, Mr. M. J. Hendon and sons, of Alameda, with his power machinery and Mr. Sells, made short work of haying this year and the thirty tons of hauled hay in the barn brought forth some creating profits from the old building until it finally decided to go and leave it.

Skin Diving Enthusiasts Exploring Bear Lake

The latest activity at popular Bear Lake is skin diving. It is a sport which has attracted many of the enthusiasts of the sport. Although there is no record of any one having been killed by a bear in a large lake or on any waters, it is a sport which is a completely different world and has to be experienced to be believed.

Although the lake is very deep, the water is very clear and the bottom is very soft. The water is very warm and the sun is very bright. The water is very clear and the bottom is very soft. The water is very warm and the sun is very bright.

60,000 new reasons every day for mechanized farming!

In these days of man-made plagues we find it necessary to find a way to increase our food supply. The answer lies in farm mechanization. In a scientific approach to food production, the development of modern machinery has increased output per acre and per man-hour.

In this development, Massey-Ferguson plays a leading role throughout the world. In Canada, in the United States, in South America, in Africa, in Asia, in Australia.

All the world's farmers, wherever farming is mechanized, need some kind of machine to make their work easier and more efficient.

Welfare Officer To Address Hospital Auxiliary

Mr. Helen Boyd, Welfare Officer for this district, will address the Hospital Auxiliary this Tuesday evening at 8 p.m. The meeting will be held in the lavatory of the hospital, south entrance of the main building.

The subject will be "What our statutory child welfare". Anyone interested in this subject is not welcome to attend.

The Auxiliary is getting organized for their fall work. First on the agenda is a cattle with guests. In the hospital, the first prize will be a dinner and lawn table cloth donated by Mrs. Fred Macdonald.

Normal price is to be \$10 in cash. Tickets may be obtained from any member of the hospital auxiliary. The draw is to be made on Thursday Day.

Last Summer Holiday

With the last holiday of summer coming up this today day weekend, most of the vacation plans will be made by most families.

In Edson retail stores will be closed last holiday service will be available from service stations and hotels.

The post office will be closed Monday except for two hours from 10 a.m. to noon for general delivery mail (no saving bank or money order transactions).

August holiday closure in the district is the Legion sponsored regatta taking hold Labor Day at Bear Lake.

BEAR LAKE will take to the rear of northward motor on Monday, Labor Day afternoon, when members of the Edson-Parkview Association will compete for the Clint George and the Bear Lake trophy and other prizes. This is the second year the trophy has been held and added attractions of bingo and kiddie rides, etc., are planned by the Edson Legion committee headed by local commercial Edna Froese.

The 50s boys band will be on hand and the local Scout troop will run a fair corn stand as well.

Big Day Planned For Optimist Rodeo

There is no riding ahead with plans for first Big Rodeo which is to be held on the Gordon Mat which runs on September 12.

The rodeo is the first that has been held near Edson in many years and it is hoped to make it an annual event.

Among the events planned for the rodeo are barrel racing and cow boy racing. The rodeo will not be for profit either and they expect to bring in a few dollars.

There will be music for the rodeo and the night the rodeo will be held at the Mitchell ranch to close the evening.

Golfers To Play Off For Gilmick Trophy

Members of the open golf course will play off for the Gilmick Trophy which will be taken by the winners of the tournament.

The trophy and individual cup will be won by the winners of the tournament.

The trophy and individual cup will be won by the winners of the tournament.

Operators To Meet Officials On Local Berths

Members of the Edson District Alberta Forest Products Association are meeting with Provincial Government officials and officers from North Western Pulp & Paper Ltd. in the townhouse.

Support from local residents, except at the meeting is to discuss the berths now available to timber operators in the Edson forest unit.

The government is the only one who can make recommendations to the government about their problems and the meeting is the first since the meeting.

Members of the Edson Board of Trade will also be on hand for the meeting.

Altie's Doing All Right

Altie, who has been working for the North, grand manager of the Altie, is doing following a lot of work similar morning.

Altie received a bad shaking of his right temple and his arm. But he has no broken bones. He is at present a patient of John's Hospital.

The accident occurred about 4 p.m. on Monday when he was working on the machine with a large piece of wood.

Local Cadets Home From Vernon Camp

Seven cadets from Edson have arrived home this week from Vernon, B.C., after a seven-week summer camp.

Ring Found At Three Mile

Mr. A. Macdonald reports that one of her boys found a fine black ring with the initials "M" on it at the "Three Mile" road last week.

The ring is in good condition and the man who lost it will probably appreciate having it back. The ring doesn't seem to have been lost for long into a pocket.

EACH PASSING WEEK SEES more progress on the construction of the dam. The water will be available for coming week. As can be seen, the back house walls and the filtration plant walls are nearly completed this week.

By D. E. MONTGOMERY

For many children of the 1930's, it is Christmas all year round. They get presents for going to school, presents for the birthday, presents for coming home for fall, presents for coming home for winter, presents for coming home for spring, presents for coming home for summer.

Some of the newspapers will be filled with advertisements urging people to visit the young folk in their homes with all the new games, fashionable fashions and latest cocktail glasses.

As while men used to approach the Indians when the Indians had their cornucopia, people now approach children with extreme care, carrying gifts.

The conversation doesn't even start until the little hero holds out the wad of money and decided whether it is worth the effort of his high performance.

It is a sad story. But why throw the baby out with the bath water? Don't we live off as an old man?

I'm still a fairly young man, but I can't help feeling that by neglecting the youngsters to an entire absence of gifts, we are doing them wrong.

They're expecting the children with a Santa Claus complex which will be a real bother when they grow up.

Now available at all persons

under 40 years of age

people do have to work for what they get. But a youngster with the idea of work in his head, and yet do him a favor. If he does get anything handed him on a plate it will come as a happy surprise.

Many of today's generous parents are up to the 1930's when the money was spread thin, and boys thought themselves well treated if they got birthday presents, let alone back-to-school presents, and even presents and gifts for not playing hooky.

Now, I suspect, they are trying to make up for what they missed by introducing their children with gifts.

However, a great number of

initial money has been adher-

ed with an experiment of the Al-

bert Department of Highway in

making highway repairs in a

material that permits their use by

traffic while heavy trucks are

in use.

First trial was applied to a

one mile strip of one lane of the

Highway south of Ponoka. The

application of a mechanical ap-

paratus made it possible to ap-

ply the material in place of com-

pressed asphalt and previously

before the surface was raised.

Crushed rock was applied, im-

mediately behind the roller. In-

crease had was applied by a com-

bine built of heavy stretching

rolls set across the road sur-

face.

The road was opened to traf-

fic hours after finishing the pre-

paring. Instead of the two to

four days required previously

A second experiment will be

undertaken on the 16 Highway

just east of Ponoka. Confiden-

ce of finding of the initial trial

could change the province's

cracking methods. Roads com-

plete would be raised and re-

newal work resulting periods could

be materially reduced.

Breaks Leg In Fall From Truck

As Edson got into Shirley Mayne, a police officer at St. John's Hospital, where she received a broken leg. Mayne is the daughter of Mr. and Mrs. A. Mayne, and was visiting her aunt and uncle, Mr. and Mrs. E. Mayne, at the time of the accident. She was riding on the side of the farm truck with her aunt when she lost her hold and fell under the truck. She suffered a broken leg and extensive bruising to her other leg.

It Works!

The "Miracle Plane" on ad on the inside pages of this issue announces the free plane that will enable themselves to clean their silverware, gold, copper, etc., with just a drop of their valuable.

Local housewives who have tried the plane for a year are anxious to show how it cleans their silverware. The original box with no hard wearing rubbing and polishing.

How do you get it? Because your Leader or take out a new subscription to your favorite district newspaper.

The plane is valued at a dollar, but you can't buy it anywhere. You have been selected to get the exclusive franchise for the Edson district.

Act now—the quantity is limited.

Local Man Given 60 Days On Theft Count

A local man, Edwin Alfred Mayne, was sentenced to 60 days in St. John's Hospital on a charge of stealing a rifle, in his kitchen's closet, Wednesday afternoon.

Mr. Mayne, the father of four children, is charged with stealing a rifle from the farm of Mr. J. Macdonald, four miles west of Edson.

The man was remanded for sentencing until this date. A separate charge of illegal possession of a rifle was also laid against Mr. Mayne for which he received an additional 30 days jail term.

A companion of the defendant, who was also charged with theft, had also been charged with theft but due to lack of evidence the case was dismissed.

Injured In Fall From Tree

Shirley Anderson, 8 year old daughter of Mr. and Mrs. Charles Anderson, was injured when she fell from a tree Sunday when she fell from a tree near her home.

Shirley was playing with some other boys at the time and fell out of the house, striking her back on the way to her room.

She was taken to hospital here and her leg and arm were put in plaster where it was found to be broken. Following observation in Edmonton, he was reported home on Thursday and is reported as doing fine.

Golden Fields

In this district, 35 years in this district we don't remember a year when we have noticed more golden fields than we have this year.

The same fact about the year made fire fighting a necessity for the Forestry men, against grass and other crops in some fields.

We have even seen some healthy green corn—through this year!

Pulp Mill Looks To Being Here A Long Time

That the pulp industry in this area is here to stay was the impression created last Friday evening when members of the Alberta Forest Industries Association (AFIA) met with Government officials including the Hon. Norman Wilton and officials of North Western Pulp & Paper Co.

The meeting had been arranged by the Forest Products Association through President E. B. Johnson, of Edmonton, who chaired the informal questions and answers meeting.

Mr. D. Crowley, speaking for the pulp company outlined the program being undertaken by the mill to establish the annual growth rate in this area. Mr. Crowley emphasized to the meeting that it was the policy of the company to cut away under their control and not to cut into the "wild capital."

Mr. Crowley stated that he believed the meeting of the mill was to be held in the area, but even if they wish to do so.

In the meantime the policy of the company is to make available to another operator, namely, of a new operator in order to make available to their present operations if they will follow the government regulations imposed on the mill.

In explaining the growth survey, Mr. Crowley told the meeting that the significance of the survey was that it would be the first time in the history of the pulp industry in Canada that the data from all their plots will be compared and analyzed by electronic computers. In this way the company will know the annual growth rate for the first time in the government.

The speaker paid tribute to the Forestry Branch saying that "we have in Canada in these better forest practices that has resulted in the improvement in Alberta." Mr. Crowley said that his company knew the still regulations imposed on forest practices are strict to be met for the pulp mill in the long run.

This compares to the old practice of the seed of the Crown-shilling the operator to go in and take off the seed and leave the soil. We can now afford to operate the way," he said, "we must be able to grow up to full growth in 90 to 100 years."

Alberta - - - The Fortunate Province

Since the announcement by Premier Manning at the first press conference on the subject of the Alberta energy situation, just what we're saying all along.

Some are quarrel with the object of the plan, the fact that it calls for the use of the province's energy resources, and that it calls for the use of the province's energy resources, and that it calls for the use of the province's energy resources.

For the fact that we have the problem of what to do with surplus money has nothing to do with the energy situation, in the opinion of the majority of the province's citizens.

At the next election, Mr. Manning's government should go down in defeat, it is known that there was 700 million dollars

City Man Wins Golf Tourney
A city man, Mr. Jack Ruddy, won the first open golf tourney held here on the local course, won a first of the money and took home the Gilmicki Trophy and a handsome cup donated by Gilmicki and Son.

Ruddy's top score was 72 on the Valley course, Mr. Williams, who played last and only four, 2nd handicap winner was by 1 level of Edson with runner-up being Billy Rose. Entries were from Portage, Valley, Edson and Edson as well as several local golfers.

The other three winners, and off to a flying start at 8 a.m. and continued throughout the day with the 22 hole finish ending late in the afternoon.

Local golfers are reminded of the club tourney to be held this Sunday, September 7, when members will be facing off for the Edson Daily Trophy.

If you get it once while our supply lasts, for each new or renewal subscription we receive from you, we will send you a premium "MIRACLES" silver and gold cleaner.

This little plate placed in your sink or enamel dish cleans and brightens, and shines instantly. No rubbing. No scrubbing. No harsh cleaning. No more tedious, painful and often dangerous scrubbing. No more tedious, painful and often dangerous scrubbing.

This one method will not harm, on any enamel dish cleaning, these fine properties your silver and gold.

Just place miracle plate in HOT WATER, in open (not closed), and a little washing water or Spic & Span. Your silver will clean like magic. No more tedious, painful and often dangerous scrubbing. No more tedious, painful and often dangerous scrubbing.

Do not put this plate in water on the stove. Allow only a few minutes. Keep plate clean with scouring powder.

As we understand it, this almost magical cleaning action is due to "electrolysis" and does not take a layer of silver off in rubbing cleaners or caustic cleaners do.

NEW FISH AND GAME CHIEF FULL TIME JOB

By Ken Mason

Alberta has a new fish and game chief. Mr. P. J. Smith, 47, will leave his present job as a full-time fish and game administrator in the province of Ontario to take up his new job in Alberta.

The appointment of the chief has political overtones. A prominent and well-known figure in the government has been named to the post. The government has named the person, but now apparently it has decided to yield.

Mr. Smith, who has been director of forests and fish and game administration for the past 17 years, will now devote all his time to Alberta. The appointment of the chief is a move to give the department a more professional and efficient management. Mr. Smith is a well-known figure in the government and has been a member of the cabinet for many years. He has been a member of the cabinet for many years and has been a member of the cabinet for many years.

Green Acres . . .

DOES GRASS PAY?
In recent years, many farms in this area have watched from the sidelines the production of both grain and forage crops. This is because the introduction of livestock, usually the reduction of the number of head of cattle and horses, has caused a drop in the price of grain and forage.

What have been the results? The answer was to find out to get the optimum of each acreage. The answer was to find out to get the optimum of each acreage. The answer was to find out to get the optimum of each acreage.

The Edson Leader

The Voice of Edson Constituency

Vol. 6 Edson, Alberta September 19, 1926 No. 37

VERA FRANKLIN of Marston who was chosen best offered custody of the Optimal Stagnate don't look to be having any trouble with this mount. A popular play with the small Mr.

Shorty the Shastan, put on a very delicate performance of the bush where takers were said to find an owner for him. Little Brenda Nelson was the lucky ticket holder.

Optimistic Optimists Hold Rodeo In Spite Of Rain

In spite of weather that threatened rain or worse most of the day, almost 2000 adults and kiddies from Edson and a wide surrounding district cheered the many entrants in the Edson Club's first annual rodeo. The Optimist members had been spending some of their off-work hours for the past few weeks preparing for the big game and even without fail the outstanding show they put on.

The big day started out shortly after 8 a.m. with a parade through Edson streets led by Mayor W. G. Kadenbach with red coated members of the RCMP. A team of harnessed horses were also a part of

the parade and provided a thrill later when they were driven around the crowd pulling their winner, Sam Greenwald of Glenora, Alberta, on his little two wheel horse.

Lions Hear Talk On Local Welfare Problem

At their regular meeting last Thursday the Edson Lions Club heard an interesting talk on local welfare problems by local welfare representative of the Provincial Department of Welfare, Mr. C. Helen Smith.

Mr. Helen told of some of the problems which he has run into since coming to the Edson district. He explained the great need for welfare work in the district and explained that once a welfare worker came to realize the need, there was a tremendous interest in seeing the satisfaction of our population was given a helping hand.

Dr. J. Lewis of the Edson Health Unit pointed out the work being done by Mr. Helen. The doctor compared what our welfare officer had to do with some

Leaves To Take Theology

Friends of Mr. George Winchell, who is a graduate of theological studies, will find him leaving for his home in the United States on Monday after noon, September 20, to attend an "Optimal" gathering in Edson.

Mr. Winchell left on Wednesday for Regina where he will spend a week's theological studies for the month.

During the time he has been in Edson he has been a member of the Anglican church and for the first time has been superintendent of the Sunday school.

Mr. Winchell and his family will continue to make their home in Edson until her husband has completed his studies.

J. HAROLD WILKINS

Mr. Wilkins who is a graduate of theological studies, will find him leaving for his home in the United States on Monday after noon, September 20, to attend an "Optimal" gathering in Edson.

Mr. Wilkins, who is in the "Optimal" field on Thursday, was elected to the grand jury of Optimal International and was elected.

Election Makes For Keener Town Interest Says Mayor

Mayor W. G. Kadenbach and Councilmen L. A. Mahon and M. D. Meach, indicated at the regular Council meeting, Tuesday night, that they are willing to be re-nominated for their respective positions on 1927 from Council.

Nominations will be held on September 21 and to date no have not been made. Kadenbach, however, is the leading candidate.

In a statement Mr. Kadenbach said, "I personally would like to see an election, not only for both the municipality and the Council. It means for better interest in town affairs."

Previous day, this year will be October 15. If there are more than three councillor nominations or a majority nomination.

There are four candidates on the Edson district school board out of five members. Also, Fredrick where term has not expired is Mr. J. J. Patterson.

On the other four trustees, H. Matthews and J. Kitchik have moved away from town, and the terms of Trustees G. T. Harrison and M. D. Meach are up. Two of the terms would be for two years and two for three years.

Municipal business is still in business. It is not an interest in it.

GARY CULVER of Port Arthur, who won 1st prize in the wild horse riding contest, gave a good performance on one of the horses who also deserved a lot for his performance each time he was mounted.

T.V. Expert To Speak

For the October 8 regular meeting of the Edson Board of Trade it is hoped to have Mr. Ted Meach speak on the possibilities of better TV service.

CFRN have been looking over what in the Edson area as well as in the northwest of the province.

The station has been looking in the various directions and seems to be able to tell those of us who are watching television when they speak here.

What To Do About Pacifist Hutterites?

By KEN HANSEN

EDMONTON — The housekeeping of the Hutterites is a going to come under the scrutiny of a government department.

Hutterite colonies, already have spread about as far as they can under present legislation in western Alberta, and before long they're going to be in desperate need for more land.

The government hopes to permit them to come up with a solution to the land problem by the time the Hutterites are ready to move.

With one of the highest birth rates in the world, the Hutterite population is increasing so rapidly that the Alberta government is going to have to make a decision soon.

Most of the trouble stems from the fact that the Hutterites are not self-sufficient colonies and have little or no contact with the outside world.

The main complaint against them is that they produce a large amount of food which they do not export.

But on the other hand they are very large taxpayers and they can pay more taxes than any other farmers in the province.

It is with great interest that the public is observing the Hutterite colonies in the province.

It is not necessary to admit that certain people in a department have been making a long time of it.

Some colonies have been given around the double limit by law.

The year when the Hutterite problem was discussed in the Legislature, the Hutterites were not even mentioned.

Some people have suggested a government department to look after the Hutterites with the hope of the province.

The Super '58 Holiday Rocket Coupe is one of two new body styles offered by Oldsmobile in 1958. The Oldsmobile has been completely restyled, with more than 200 new parts, new engine and a host of engineering and accessory improvements. Steering is easier, braking economy. The suspension, with up to 85 square inches more floor plate area, gives the roadster a view of surrounding traffic. The wide, low-44-in. front end, sculptured with sweep, gives full length along the body, highlighting Oldsmobile's unique two-tone styling for 1958.

national FIRE PREVENTION week October 5th to 11th

EASY COME, EASY GO?

A story story of modern fire in Canada is told by The News for Fire Prevention Week October 5-11. Both in life and property, the national loss has reached an all time high. The European nations have recently approached us, per head of population, in our modern consuming desire to burn up ourselves and our possessions. There is indeed a shameful record and badly lacking in skills in enlightened citizenship.

It is surely here that can prove our salvation in that they realize the realization that most of the fire are caused by human carelessness. Now that we are

free to face with the matter, surely we can begin to do something about it. Legislation is certainly not the answer. Education in individual responsibility, as the fire service point out, others read and taught.

Let's get rid of the notion implied by the figures that we're living on easy come, easy go way of life. This country didn't come to greatness on such one night thinking. Let's show our track, from our cities and in our thinking and habits of life. Don't give fire a place to start!

Hear Ye! Hear Ye!

CANADA

ELIZABETH THE SECOND, by the Grace of God of the United Kingdom of Great Britain and Her other Realms and Territories QUEEN, Head of the Commonwealth, In order of the Faith

To All To Whom These Presents shall come or whom the same may in anywise concern: — GREETING.

A Proclamation

WHEREAS authoritative statistics compiled and published by the Dominion Fire Commissioner show that during the past ten years six hundred and eighty thousand two hundred and two fires in Canada have destroyed property valued at nine hundred and sixty seven million dollars and that during the same period, five thousand, three hundred and thirty seven persons have lost their lives and it is estimated that at least sixteen thousand others have been seriously injured as the result of fire;

AND WHEREAS such losses are increasing year by year;

AND WHEREAS humanitarian and economic considerations imperiously demand that human life and valuable resources in Canada be so far as possible conserved in order that the nation's prosperity may be maintained;

AND WHEREAS it is desirable that the attention of the public be directed to the extent and underlying causes of the preventable loss of life and property by fire and to the best and most practicable means for its control and that a specific period of the year be set apart and properly designated for the dissemination of such information;

NOW KNOW YE THAT I, E. L. and with the advice of Our Privy Council for Canada have thought it to designate and do designate the week commencing JUNE, THE FIFTH OF OCTOBER, AND ENDING ON SATURDAY, THE ELEVENTH OF OCTOBER, IN THE PRESENT YEAR AS

Fire Prevention Week

and we do recommend to all our loving subjects that at some time during that week as may be found most practicable:—

1. All theatres, public buildings, stores, warehouses, factories, farms, stores, and houses be carefully inspected by their respective and all conditions likely to cause or promote the spread of fire removed;

2. All theatres, hotels, hospitals, institutional and assembly buildings be inspected and provision made for all changes necessary to prevent the occurrence of fire;

3. Fire drills be held for the children in all schools, for the inmates of all institutions, and for the employees in all factories, in order that a greater degree of safety be insured by acquainting the occupants with the best and most expeditious means of exit in time of danger;

4. Special instructions on the subject of fire prevention be given by the teachers and by municipal officials in the schools and that such appropriate literature as may be made available be distributed to the pupils;

5. Federal, Provincial and Municipal authorities endeavor, by means of public addresses, the press, radio broadcasts, specially prepared motion pictures or otherwise as may in their own mind fit, to improve upon the citizens the national importance of protecting life, property and national resources from loss of fire;

OF ALL WHICH Our Loving Subjects and all others whom these Presents shall concern, are hereby required to take notice and govern themselves accordingly.

the finger's on YOU!

Lots Doing Halloween

The big masquerade dance are scheduled for Halloween night, October 31. The Edson Legion are sponsoring their annual Halloween masquerade, which has been one of the big dances of the year for years.

The second dance in the Lions Club Hall at Edson, will be held on Saturday, October 30. The Lions are selling tickets for a fund drive for the fund.

In connection with the Pops do the Lions are selling tickets for a fund drive for the fund and also selling tickets for a fund drive for the fund.

The trouble with too many red fire trucks is that they are too many. Being broke is something to write home about.

The Dice Are Loaded—

Against you—if you fail to protect your home and loved ones by taking the simple steps of fire protection.

Don't overlook the electrical danger.

Don't use old dated lines. Protect your belongings. Let us check your wiring and replace the premises. Split up your circuits, put up a new service with automatic circuit breakers and get rid of fuse carriers.

NOW, IF YOU MUST — GO AHEAD

Time to Learn

If you don't understand the death difference between a 15 amp and a 25 amp fuse on your circuit, but check electrical work, then — the time to find out.

Time, get some safety checks on the battery wires and the trailer.

Don't run around in heat. If a 15 amp fuse blows, "blow" and "blow" it. Don't run your day as he looks no longer.

A Horrible Death

Death by fire is a horrible way for anyone to die, and the victims are so frequently scared in mind or body.

It is the fact that so many have lost their lives, children, who are not — protect themselves and also had tried to downsize to protect their safety.

Truth Please!...

Suppose this is a picture of your wife and child, fleeing fire in your home.

And suppose somebody asks you: Will their chance of escape be better if your wife doesn't panic? In other words, if she uses her head?

Sure, you reply.

But also suppose you are asked: What started the fire? Was somebody careless? Was it not?

WAS IT?

DESIGN AWARDS FOR HOMES for AGED

★ In an endeavor to secure the best possible type of design for the fifty houses for aged persons to be built by the Provincial Government in the rural areas of the Province, the Government of Alberta, invites residents of the Province to submit a sketch plan for such a home. THE FOLLOWING CASH AWARDS WILL BE PAID:

1st prize - \$5,000.00	2nd prize - \$2,500.00
3rd prize - \$1,000.00	4th prize - \$500.00

and 10 grams of \$100.00 each for features contained in a plan not necessarily selected for one of the first four awards.

● **Requirements**

The plan required is for a one story building, costing approximately \$200,000.00 when landscaped, furnished and ready for occupancy. The cost does not include the cost of the land.

The plan must contain provision for all services necessary to provide for the comfort and physical well-being of the inmates and the maintenance of the building.

1. Bedrooms designed for double occupancy, with a limited number for single occupancy;
2. Bathing and toilet facilities for fifty elderly persons;
3. Room for residents to meet visiting friends or relatives with some degree of privacy;

AFTER MONTHS OF INTERVIEWS AND WAIT

ING for final acceptance this swelling group of people were notified to be at Citizens Court on Friday afternoon to receive their citizenship papers. Some of them have been here for many years and others for only a comparatively short time, but each one was proud to at last be a naturalized citizen of Canada. Following the ceremony in which they renounced allegiance to their mother country and swore allegiance to the Queen, the group heard a quietly spoken address from presiding Judge T. L. Cross, who told them what their new

citizenship should mean to them. Besides the
who received their papers 24 others were in

\$200,000 Old Age Home for District Is Now Assured

In recognition of being in the geographical centre of the area west of Edmonton on Highway 16, Edson has been chosen as the site for one of the \$200,000 senior citizens homes. A meeting in Edson Friday evening with representatives from Hinton, Edson, Wildwood and Local Improvement Districts 7a and 16 was given some of the details.

Hon Norman Willison told the meeting that the Government had definitely decided to erect a senior citizens home in Edmon. He was accompanied by Mr K Austin of the Department of Public Welfare, who said that the home would be built in the neighbourhood of 5,000 (not far from the station).

Mr. Austin emphasized that the purpose in establishing these homes throughout the Province is to establish a better place to defend.

Meals would be taken together and minimal care provided he said.

Benovolent organizations should also be encouraged to help in extending facilities for our senior citizens he told the meeting. Service clubs, notably the Elms, have been active along this line in

Mr. L. A. Mahon, Edison, was named chairman of the provincial committee with F. Hanson of Hinton, W. Willsomson, of Wildwood, C. F. Irwin of Carrot Creek for

L.I.D. 78, P. West, McLeod Valley for L.I.D. 93, as members. R. C. Gregg III, Edison will act as secretary of the board. The other participating municipal units are being invited to appoint members.

The provincial board is expected to provide an approved site for the home at no expense to the Provincial Government to be moved to the property line. The building being rocky is moved into the back of the property.

The provincial board is responsible for locating a suitable site, probably in the north east section of Eden's residential area. The Government has started a competition to build a new house.

Trade Fair Coming

Something new in the way of showing what Edison district can do agriculturally is being tried by the Edison local FUA group with their sponsorship of a "Trade Fair" next Saturday, October 25.

Samples of produce from district farms will be on display in the Legation Hall during the afternoon. Small quantities of the produce will be sold on the spot and orders will be accepted by individual farmers for larger quantities.

If the market idea takes hold the event will then become an annual affair and perhaps expand into several market days after harvest time. It all depends on the turnout, say Mrs. G. Cooper and Mrs. H. Wadley, who have been the prime movers behind the organization of the fair.

John H. Garretts

Edison businessmen firms have heartily endorsed the idea and have been very generous in their donations to the project. The businessmen take the attitude of what's good for our local farmers is good for the towns too."

In Vancouver

District residents marked the passing of a physician who had practiced in Lebanon for 25 years when word was received that Dr. M. E. Tiffin had died on his 65th birthday Thanksgiving day.

Dr. F. D. Locke, whose mother-in-law, Mrs. D. Collier, is a sister of his late wife in Vancouver.

Besides his wife, he is survived by two sons, Bruce and Graham of Calgary, one daughter, Mrs. R. A. McGill of Vancouver, one daughter Jack of Lethbridge, and

Funeral services were held in the Simmonds and McBride Funeral Chapel Vancouver the Rev M Stevenson officiating. Interment was made in the Masonic cemetery Burnaby.

Friends will be sorry to learn that Dr. R. E. Johnston, a long time physician in Edison, has suffered a heart attack and is at present a patient in an Edison hospital. Dr. and Mrs. Johnston had just returned from a medical convention in Leithridge when he suffered the attack.

More Business

After moving into the Farmers' market building two years ago, Mrs. Phyllis Chapman, the local agent reports that it keeps the city people employed in this out-of-town full stream to keep up with the increasing business. Besides Mrs. Chapman, Mrs. Dorothy Martin works in the soda department, while Mr. George Beaton runs the service department on appliances.

The many resident who knew Mr. Jobsling especially neighbors on the west side were saddened to learn of the death at Hinton on Monday of Mr. S. Jobsling, 64 years old. Mr. Jobsling was long a resident of Edison district and was moving to Hinton several days ago.

NOBODY CAN SAY the Craft Centre gets all both and let the men do all the work. Here three of the members pose for the Leather Camera in the act of brightening up the Centre with a coat of paint. Caught in the act from left to right are Mrs. Iver Lewis, Mrs. Bill Perry and up on the ladder, Mrs. Roydon Mathon. The Centre have just completed a successful week of maintenance in copper heating and another of leather work under the capable direction of Mrs. Patricia Edmondson. Thursday of this week they were busy registering children who will begin after school classes shortly.

Production From Town Wells

Following a discussion on the production of water for the town, the waterworks at their regular meeting Tuesday, October 7, Council decided to purchase a 25 gallon a minute pumping unit for use No. 1 well. The well drilled some 200 yds. up on the hill above West has been found to be the best source of water. It is thought it best to hold production down to a rate the well

Experience at other town wells has indicated that this is the best method. Water experts have advised that No. 2 was not overproduced and later deteriorated as a result.

Another interesting well is an experimental one drilled by Mr. S. Slusher, School of the Commonsense School of Mines, for the purpose of production, Item No. 3, well.

Chevrolet Task Force for '59 arrives!

New might! New models! New money-saving power!

Chevrolet's mighty new line for '59 rolls in with wonderful new ways to ride high costs right out of your operation. You find a new work-whipping lineup in every weight class, from spacious new Floetride pickups and running panel bodies... through heavier series 1000 and 6000 middle-weights... to a tougher than ever team of Chevrolet heavy duty haulers. There's sturdier new frames in all models, too... tougher frames and axles, stronger suspensions to take all the punishment your toughest schedules can hand out. Chevrolet has rightly won money-saving laurels for Fifty-Nine, engineered into each one of the powerful new engine lines. From the aptly named Thirtysixer Six, through the new and vigorous V8 range, you find fresh cost cutting advantages in every model. Yes, the best sales are better than ever... combining tremendous new developments with the traditional qualities that have made Chevrolet far and away Canada's number one truck. See your Chevrolet dealer today. He has the model that was made to fill your bill better than any other truck you've ever known.

The Edison Leader

The Voice of Edison Constituency

Vol. 6 Edison, Alberta, Thursday, October 21, 1938 No. 52

ONE OF THE INTERESTING aspects of the new Government Education building under construction here is the fact that it is being built on a hillside. The building is being built on a hillside. The building is being built on a hillside.

Engineer Reports Either West End School Site As Suitable

Either the site just east of RMA Lumber Co. north of the Highway, or the block west of the Public Works Yard would be suitable for a west end school, T. H. Newton, engineer authorized by the Department of Education, reported to the School Division Board at their meeting on Thursday, Oct. 19.

It would be feasible to use either site, said the engineer, and the building would have to be constructed on the ground upon which it would stand.

It is anticipated that a new school will be needed in Edison to get the elementary classes out of the basement in the brick school and to accommodate next year's school surplus.

Present at the meeting were Trustees A. L. Jacob, B. Williams, J. H. Larkin, P. Dickinson, L. A. Voss and A. W. Leonard. Superintendent J. H. Fisher and Secretary Treasurer D. H. Blundell, Paul Henderson, Mr. Fisher advised that at the end of September there were 2100 pupils in the district.

This is an appreciable increase over last year's figures. The increase is due to the fact that the classrooms, required for the next term, it is anticipated that there will be twelve classrooms are required.

All Roads Lead to Edson for First FUA Trade Fair

All roads will be leading to Edson this Saturday as district farmers attend the FUA's first annual Trade Fair to be held at the F. J. McManis Memorial Centre during the afternoon when district farmers will display their farm produce. It is hoped that this fair should be held in Edson and that farm families should not mistakenly turn to Edson as a centre for the revenue and insurance of modern day living. Edson is the natural hub of the roads that lead in all directions from country, residential and business communities and with its central location it is the ideal place for such a fair.

We have certain for almost any thing, from and district residents require or desire. We have two beautiful new hotels and a number of other accommodations. We have churches, clubs, restaurants and temples to accommodate almost everyone.

There are numerous hotels to be had for meetings, an excellent restaurant and the public library, all ready to accommodate the fair, and more country residents are able to take part in town activities.

We are on the main highway and will be a great asset to the fair. We have a number of good hotels and a number of other accommodations. We have churches, clubs, restaurants and temples to accommodate almost everyone.

There were no district farmers here for the first time. District residents are not only a great asset to the fair, but they are also a great asset to the fair.

The cooperation and support of the FUA have received from the district residents is a great asset to the fair. The district residents are not only a great asset to the fair, but they are also a great asset to the fair.

Double Winner

All in one week your favorite Edison newspaper got two rewards that made us think the weekly routine is worth it all.

A panel of judges at the Alberta Weekly Newspaper Convention in Edmonton of the week-end, considered that we were worthy of third prize in the best all-around newspaper class in our circulation bracket of 1000 to 2000. To make it more, the committee judging newspapers for their photo-journalism content considered we were worthy of third prize in that class too.

We value the awards because it gives us a chance to compare the class we are making in our community with that of other publications in similar towns in Alberta. The committee, you know, are not known to individuals, but they are judged on three counts: circulation, the year, the dates of which are posted after they are printed. In this way there is an incentive to make the paper a particularly good one for competition purposes.

The judges are generally all newspaper editors or experts in the field outside the province. They are in a position to have been carefully judged out on the basis of which award newspapers in the province fall.

We have been especially pleased to note in those cases where we have been in the top three that we have only been a mark or two from the top award.

The important thing, you know, is that we have a good paper and that we have a good paper.

This is a very good thing. It is a very good thing. It is a very good thing. It is a very good thing. It is a very good thing.

It is the rising circulation that was our other reward this week. We are on a high note. We are on a high note. We are on a high note. We are on a high note. We are on a high note.

We are on a high note. We are on a high note. We are on a high note. We are on a high note. We are on a high note. We are on a high note. We are on a high note. We are on a high note. We are on a high note.

EDSON ALBERTA

Green Acres . . .

By DICK ROCKMAN

There is a sad and fond test service at the University of Alberta, administered by a committee of which Dr. L. W. MacGregor, Professor of Animal Behaviour, is chairman. Its purpose is to measure the ability of Alberta farmers about the state they (all) and the crops they feed.

As far as feed is concerned this is a convenient time to send in samples. During the rush season it may take five to six weeks to have an analysis completed and the results returned. Those who get in their samples early are more likely to avoid the rush.

Feed samples weighing approximately one pound are needed and high-moisture content. Send like samples should be packed in heavy polythene bags. Full instructions, application forms, and sample containers are available from my office in Edson, Alta.

Don't just send in a sample of one of your feeds. Send in samples of grain and roughage too. If you are feeding two different grains, send samples of each. If you don't, it is difficult to decide whether or not your ration is adequate. Unmixed grain may be sent either whole or ground, but if they contain many seeds, seeds they are better sent unground. Don't send ground mixed grains, and when sending hay samples avoid loss of leaves when refilling and packaging.

A routine analysis of each feed sample costs one dollar. A rapid run determination costs in value dollar. But, says Dr. MacGregor, a routine analysis on roughage for frequency returns to about as

important a thing as you can get. Vitamin A deficiency is a strong possibility in pregnant broodmares, and roughage of low carotene content.

KEEP THE BEST

There's many profits in poultry if you keep feed costs under control. Feeding non-layering and self-cleaning birds.

Although picking out undesirable and culling birds is a year-round job, major culling operations take place first, when birds go into the laying house in fall and secondly when pullets are 7 to 8 months of age. Birds that are not worth keeping. Birds if they do start later, laying will start probably in the summer.

Given the proper feed and management a flock should give an average 60-70% production. If output drops to 50% there, some rationing is needed.

Some of the most easily detected signs of a poor layer are: a flat bill of medium length and width, with a stout beak; comb-pall, waxy and bright red; cere large, prominent and bright; body-medium deep and well feathered with the back long, broad and flat. The bird should also have an overall appearance of health by being active and alert.

The most deadly of diseases is a nervous guide in this respect. Other signs are obtained by visiting the poultry branch of the Edson Veterinary Building, Edson, or from my Edson, Alta. office.

Donations Received For Piano Fund For CC Hall

Carroll Creek Community Hall Club meeting Wednesday, October 15th attracted thirty members, and guests. Mrs. Hinton acted as secretary.

Of special interest were several tentative donations toward the piano recently purchased by the CC Hall. Fifteen dollars from the CC Hall, ten dollars from the Edson Community Hall, and a piano from Mrs. Hinton.

The last piano was damaged beyond repair through deliberate destruction, as Mr. Hinton feels. The piano was damaged by the fire in the November meeting. The piano was damaged by the fire in the November meeting. The piano was damaged by the fire in the November meeting.

The meeting decided to postpone building the new room until next spring, in the hope that more help will be available.

The meeting of a ladies in the women's hall by Walter MacLean's resignation was tabled until the November meeting. The ladies group will be re-elected with that aim. This it was agreed that the ladies should be re-elected with that aim. This it was agreed that the ladies should be re-elected with that aim.

Loach was served at the close of business after which the young folks enjoyed some dancing.

Government Still Pushing Industrial Tax Idea

By KEN MASON

Edmonton.—The government may be getting ready for another of those "if and but" propositions, in the idea of a provincial industrial tax.

If the attempt is successful, there would be legislation next year to take industrial taxation out of the hands of the municipalities and to establish a uniform provincial tax.

Word has it that the government is ready and willing to go ahead but it doesn't want to leave the municipalities in the lurch. There's a possibility that the matter will be discussed this week at the annual conference in Edmonton of the Union of Alberta municipalities.

Municipal Affairs Minister Alf Bunn and Provincial Treasurer Ted Homan will both be addressing the convention. It is said that the matter will be discussed this week at the annual conference in Edmonton of the Union of Alberta municipalities.

It is thought that the government will come around to favoring the idea.

A provincial industrial tax has been discussed for some time now. It is a tax on the value of the property used in industry. It is a tax on the value of the property used in industry.

Trade Fair Calls for More of the Same

Response to the Edson PUA Local's Fair was very encouraging. All who had anything to do with the event. What is encouraging too is what the determined leaders can do to put an end to such a thing over. The two district farm wives, Mrs. J. Cooper and Mrs. H. Wadley, took it as their personal mission to prove that farm and town business people have much in common.

Police say they will investigate, but Dean is resigned to writing off his \$500,000 home as nothing more than a pile of scrap lumber. Dean shakes his head about human nature and we are inclined to agree.

The Edson Leader

The Voice of Edson Community

Vol. 6 Edson, Alberta, Thursday, November 6, 1936 No. 44

Edson President Jim Griffiths (center) holds the "Edson News"—a stuffed duck—while a team of Edson citizens, shopkeepers, delivered against a two day aggregation from the Edmonton Evening Star Sunday afternoon. Looking on

Third of Rural Wells Are Contaminated Says Health Unit Inspector

Health Unit sampling in the Edson area has shown 23 per cent of the rural wells to be contaminated, Mr. James Mundell, M.D., Health Unit Inspector for the Edson Health Unit, told the Editor of the Edson Leader, Tuesday evening.

Stressing the importance of cleanliness of water and milk supplies, Mr. Mundell said that in a district such as ours where so many people have to rely on wells for their water supply, it can perhaps be expected that a percentage would be subject to contamination.

Contributing causes to this unsafe water situation are improper location, contamination or pollution of the wells. The situation is such that the water is not pure but deserves special attention.

Mr. Mundell emphasized that this situation does not apply to the water from Edson's main mains, but rather to the rural water supplies in the district. Such diseases as typhoid fever, paratyphoid, dysentery and diarrhoea are likely to be spread through disease-producing bacteria in water. In addition, water containing large amounts of bacteria is unsuitable for use in food and drink, particularly in small children. Other diseases of local interest probably associated with water are infectious hepatitis and gastroenteritis.

Edson Clergy Holding Joint Remembrance

A jointly conducted service for the clergy of the Edson churches is being held in the Legion Memorial Centre at 10:45 a.m. on November 11th with the Rev. C. C. Armstrong taking his turn in charge this year.

In past years, a combined choir from all the Edson churches will lead the singing. Traditionally the program has included the singing of hymns and the reading of verses from the Bible.

Under the direction of Pastor Carl Johnson, a parade led by the Edson Army Cadets will take place on the main side of the Legion. The parade will move off at 10:15 down 11th Street to the highway, east to Main and then down Main to 5th Ave., returning to 5th Ave. and back to the Legion.

Following the service in the hall a supper of the day's revenues will be held at Legion Square before proceeding to the cemetery in late evening on divisional veterans' graves.

Mr. and Mrs. Jim Murray and daughter, Donna of Winnipeg are visiting at the home of Mr. and Mrs. Harry Johnson.

Mr. and Mrs. John Jones, Mr. H. Johnson and Mrs. J. Jones at the late Mr. E. E. Johnson.

If present plans of a newly formed company, G. P. Trail Development Co., Ltd., materialize, a million dollar shopping centre is scheduled for construction on the Grand Prairie Trail a quarter of a mile north-west of Edson Town limits.

Strategically located on high ground between Edson and Grimshaw, and in a position to take advantage of expected traffic to the area of oil and gas development north of Edson, the proposed shopping centre would put Edson's retail facilities in the same class as suburban developments in the larger cities.

The announcement was made by G. McLeod of Calgary, a director of the company, who has been associated with shopping centre developments in cities in Alberta and Eastern Canada. Mr. McLeod has been in Edson making surveys and states that he is impressed with Edson's retail growth and the potential growth as a result of the tremendous gas and oil resources north of town.

Other directors of the company are A. Kilburn, N. Velland and M. Kilburn. The first two men have been in Edson most of the summer and have purchased nine acres of land from Mrs. G. Johnson. Their original plans called for the construction of a housing site and recreation centre on the site. Edson's growth prospects encouraged the arrangements made for some financing and the result is the planning of the million dollar centre.

Leases are under negotiation for such businesses as a super market, hardware, men's clothing store, oil well supply stores, shoe store, drug store, furniture store, a bank, beauty parlor and the refrigerating service, in the announcement. The original plan for a housing site and recreation centre would be incorporated too, as understood.

The promoters of the deal are confident that Edson's population will surge towards the first thousand mark in the near future and they plan to be ready to operate before this happens.

It is hoped to make a start on the project in the early spring as the company representatives. A considerable amount of effort and other activity has started in the West-end and Main Hill area recently, and according to what the company's promoters think, this is only a small part of what is about to happen.

If the project comes about it will add considerably to the existing shopping facilities already available in Edson and will, in itself, provide a number of jobs for people in this area.

Gov. General To Stop Here

Gov. General Vincent Massey will stop at the Edson Hotel on his way to the north.

The Governor General has been asked to stop at the Edson Hotel on his way to the north. He will be accompanied by his wife and will be accompanied by his wife and will be accompanied by his wife.

Remembrance Day Is Holiday

In recognition of those who gave their lives in Canada's wars, official stores and places of business will be closed Tuesday, November 11, except for essential services.

Edson post office will be open from 10 to 12 for general delivery and stamps.

Local hoteliers here will be pleased to know that Mino Chirra will continue the Madeira for Portugal tour. The 28-year-old defender, who continues to score more than his share of the goals, was also unanimously appointed captain of the squad.

Still looking on the move, Frank Louren and Dave Pires have agreed to make no return to the United States. Louren, a native of Bath, Maine, has been praised and effective performer who always displays a brand of "tough" play.

It is almost certain that Brian Chirra will guard the nets for the senior club. The captain has been named as the club's first substitute of the season.

Included last year's arrivals were one of the best goalkeepers in this league, Steve A'Ho. The A'ho also has a goalkeeper in Peter Sembrant, has been consistent through the AAAA, has been named as the best goalkeeper of this in his position.

While on the radio, we will know Edman has landed with the United States Navy. Dwayne and Paul are also in the service, but do that despite their age—don't do the two weeks of their military school in the United States. They are already picked up by the military.

Blood Donors Always Needed

There cannot be too much emphasis placed on the importance of attending and donating blood if at all possible. Numerous cases right in Edison could be averted where the necessary blood was available when needed, making the recovery faster and in some cases saving the life.

the eyes that talked....

....when they were hit hard, the eyes looked at you and said: "I'm not afraid for myself, Mac. But my wife and kids! What'll happen to them? Who'll look after them?"

For thousands of widows and war orphans there are portions. But no pension or allowance can hope to provide for life's emergencies. Most of us have some form of insurance against sickness, accidents and hospital bills. But where would your wife turn for help if she were a widow or if you were disabled?

The Canadian Legion's Poppy Trust Fund is the answer for thousands of war widows, orphans and disabled veterans. It is a comrade's enduring answer to the eyes that talked!

Carrot Creek FUA Have Busy Meeting

Carrot Creek FUA Local 271
held their regular meeting
last night at the home of Mr.
and Mrs. T. S. Selt. Ten members
were present.

Business consisted of details on
the new winter big drive. The
minutes of the last meeting were
read and approved. A good attendance
at last night's meeting was noted
and it was suggested that the
members be more active in the
drive.

At present about one third of
the Carrot Creek members have
been contacted. The next meeting
will be held on the 11th, near the
end of the month, where the
drive will be discussed.

It is to be hoped that
other members, contacted
in the last meeting, will be
able to help in the drive. The
drive is being held for the benefit of
the Carrot Creek members and
their families and is being held in
the Carrot Creek FUA hall, Thursday, November 3, 1938.
The drive is being held for the
benefit of the Carrot Creek FUA
members and their families.

A resolution was passed to
have the Carrot Creek FUA
members be more active in the
drive. The resolution was passed
unanimously. The Carrot Creek
FUA members are being asked to
be more active in the drive.

When the Carrot Creek FUA
members are more active in the
drive, the Carrot Creek FUA
members will be able to help the
Carrot Creek FUA members and
their families.

Former Edson Physician Dies In Edmonton

A highly respected physician
who practiced in Edson and who
was a member of the Edson
FUA, died in Edmonton on
Monday, November 3, 1938.
The deceased was Dr. J. H.
Johnson, who had his office at
the South End corner of 2nd
Avenue and 10th Street, Edson.

A veteran of the First World
War, he served overseas with the
C.M.A. Battalion. He graduated
from the University of Alberta in
1912 and McGill University in
1914. He was the first to set up a
practice at Edson, Alberta, before
coming to Edson.

Besides Mrs. Johnson, he is
survived by two daughters, Mrs.
H. D. (Dorothy) Wicks and Mrs.
H. H. (Marjorie) Hensell of Ed-
monton, four grandchildren, a
brother, Edward of Terra, Alberta
and a sister, Mrs. John Sims
of Terra, Bay Centre.

Dr. Johnson was active in community
work and was a prominent member
of the Edson FUA for many years
and the United FUA.

Funeral services were held in
Edmonton on Thursday, November
4, and interment was made in
his old home country.

Dr. Johnson, in his community
work, had been a member of the
Edson FUA for many years and
was a prominent member of the
Edson FUA for many years.

The next FUA meeting will be
held at the home of Mr. and Mrs.
J. H. Johnson on Monday, November
14, at 8:30 p.m.

Funeral was served by Mrs. G.H.
Hensell of Mrs. G.H.

The power disposal plant at the east railway crossing is nearing completion and must be enlarged in the near future. Edison Town Council has been informed. A tentative figure of \$277,000 has been applied for to the Alberta Municipal Finance Corporation.

This round man was arrived at at the regular meeting of the Town Council Tuesday evening, Nov. 1 when the foreseeable expansion of the sewer and water system was looked into. The corporation asks the municipal authorities estimate their needs in the fall so that personnel while planning can take place for municipal finances.

Present were Mayor Hanken with councilors W. E. Westerman, W. A. Schomahl, M. D. Meade, C. H. Weber and P. W. Hill.

Letter of 14 November 1964 from the author to Alfred and Rosemary was read and referred to. Mr. and Mrs. E. J. T. Rogers from the author, all the same N. I. L. 's. Mr.

Agenda for the annual meeting

Following the business session

Mr Lambert is a witty and forceful speaker and in present

serving his second term as
Member of Parliament.

THE OLD TOWN MALL will soon become the Optimist's Boys Center. This week has seen groups of boys from 10 to 15 years of age, busily working painting brushes under Optimist supervision as they helped to put the finishing touches on the interior of the building. Fellow Optimists feel Walter Remanz deserves a big hand for his work at organizing and supervising the boys, and for the outstanding amount of time and effort he has put into the building. Adult volunteers are also being called for to put the finishing touches on things and it is hoped to start activities in the radio section of the Center next month.

Town Marks Passing of E. H. Tucker

The community marked the passing of Mr. E. H. Tucker, 70, on Tuesday as this was his 100th birthday. He died at 10:30 a.m. in an Edmonton hospital following a lengthy illness. Mr. and Mrs. Tucker had been living in North Edmonton since Mr. Tucker's retirement from the Canadian National Railway in 1934 as secretary-treasurer of the Town of North Edmonton.

Mr. Tucker first came to Edison in 1911 and following a short period in the United States Army during the war, he was appointed secretary-treasurer of the town in 1916 and served until his retirement in 1933.

During 1940's ups and downs, Mr. Tucker has the honor as the one who was chosen to carry on with the town affairs. He led Edison men through and through his efforts were always directed to Edison's greater good.

In his church St. Catherine's Anglican, he was a tongue of strength and served there for the years on the vestry as secretary, church warden and lay reader. An active man in community organizations, he has participated particularly in his lodge work with the Elks Lodge 572 & 538, being a past master and past district deputy grand master.

THE CORNER STONE of Edson's new Civic Building was laid by Mr. Tucker during a ceremony held last fall before the building's completion. Mr. Tucker had served for 37 years in the "temperance" town hall built in 1912.

A 12 room elementary school is planned for opening September 1st next year to take care of Edson pupils west of Trail. The Edson School Division Board are proposing the Main Street, Spike Island, Glenora and the Grande Prairie schools of following record of this report of the survey team from the administrative branch of the Provincial Department of Health regarding school facilities in Edson and Hurlin.

Homers Urges Farmers Take Advantage Of P.C. Payments

President of the Farmers' Union of America, Arthur J. Hays Sulzberger, urged farmers to take advantage of the P.C. payments now being made by the government.

Mr. Sulzberger said that the P.C. payments were a great help to farmers and that they should take advantage of them as soon as possible.

your plan was not thought up over night. He said the government had 200 million dollars saved up and that it would use it to get a hold of. Then he covered his audience that they were going to make sure no other party would have that privilege. He said he was concerned with the future of the government.

He said he had been given 10 million dollars to build the house for the S.C. about the same as the other building on Park of which a million was to be paid for it.

The house was to be a great one for the people to live in. He said that much to earth and planning had been done on the house. The government had tried to make money out of it but it had not been successful.

THE HUNDREDS OF SCHOOL CHILDREN who gathered in front of the school building for a group photo, were really not over to them, but were to be seen from school for them. —Leader Photo

WHEN GOVERNOR GENERAL VINCENT MASSEY passed through Edson last night, he stopped for a few minutes to meet the school children and the town officials. It wasn't a very long stop, but long enough to ask school officials, as the Queen's representative, to give the students a message from the Governor General.

All Depends on Type of Winter Work

Offers of the federal and provincial governments to provide financial aid for winter work are on the face of them very generous. In fact, they are more so because of what suitable winter projects can be carried through help out wages from the same government.

At the general meeting of Edson Council held last night, following several projects planned for the winter, the town was discussed. A water line to the Forest building on 14th Avenue West, a water and sewer line East on 21st Avenue to the west end of 11th Avenue, a sewer line to the improved new road side on 14th West.

It appeared that the construction of water lines under old winter conditions never has been so difficult that winter lines would prove more difficult.

Another project was the preparation of streets and alleys West of 51st Street between 50th and 52nd Streets. It was a project which this type of work would be ideal for winter work. These lines will have to be laid in the North West residential section as going fast.

Municipalities Seem To Favor Province Collected Industry Tax

By KEN HANSON

Edmonton. The battle lines are drawn last week as to what could be a major revenue source for the province.

In the old winter province our industry has been the backbone of the economy. At a recent meeting of the Alberta Association of Municipalities, the industry tax was discussed.

The challenge was thrown out by the Alberta Association of Municipalities, at a recent convention here, in a resolution asking the provincial government to take over the assessment of industry collection of taxes.

But even with the support of the municipal districts, the issue is loaded with political dynamics. Some strong members of the Union of Alberta Municipalities, including the mayor, are not likely to support the idea of turning over any of their taxing powers to the province.

Mr. Hanson has said in the past that both rates are inflationary. The rates are inflationary. The rates are inflationary. The rates are inflationary. The rates are inflationary. The rates are inflationary.

When it is finished, there will be a transfer of funds from the province to the municipalities. The transfer will be made in the form of a grant-in-aid.

But the province is not alone in the fight. The municipalities are also fighting. The municipalities are also fighting. The municipalities are also fighting. The municipalities are also fighting. The municipalities are also fighting.

The other side of the coin is the fact that the province is not alone in the fight. The municipalities are also fighting. The municipalities are also fighting. The municipalities are also fighting. The municipalities are also fighting. The municipalities are also fighting.

With the Churches

THROUGH THE Study Window

The church calendar begins with Advent, and Advent comes on the Sunday nearest to St. Andrew's Day, which is November 30th.

This year St. Andrew's Day falls on a Sunday, and will be at mid-harvest at the time of morning worship in the Edson United Church.

According to tradition, St. Andrew was a fisherman along the Black Sea, and as far as the Volga River he was crucified on an X-shaped cross at Patras in Achaea. A Gospel of St. Andrew was written, but declared to be

apocryphal, or doubtful authority by Pope Gelasius. The tradition goes on to say that the bones of St. Andrew were moved to Scotland, in the 16th century, and were placed in Fife where, it is now known as the Black Cross. This is now the site of the ruins of the castle of St. Andrew, which was built by James IV in 1545. The ruins are now a national monument.

St. Andrew's Day is a day of prayer and devotion. It is a day when we remember the sacrifice of St. Andrew and the love of God. It is a day when we are reminded of the importance of faith and the power of prayer.

regeneration of Christ's Church, as a member of the family of the household of God, he may be nurtured and given strength and assistance Christ's faithful servant into his life and work.

When ever a baby is born into a home parents should recognize that from the time of birth onwards they have the privilege and responsibility for the physical and spiritual welfare of the child.

We must further observe that initially December 30th was the date of a more festival and it can only be properly observed as we accept the fact that the child who is born into the world is a child of God.

Advent, however, focuses attention on the coming of Jesus Christ, the Son of God, who came to earth in human form, to bring us the gift of eternal life. It is a time of prayer and devotion, a time when we are reminded of the importance of faith and the power of prayer.

PROCEEDS RECEIVED BY ELSON LEONON from a subscription drive last fall have been invested in a patient lift by the Sisters of St. John's Hospital at Elson. Left to right Sister Superior Beauden, patient Conna Grace in the lift, Layton President CIND Jackson and Vice President Jim Lee.

After discussing what could be built at the hospital the Sisters decided a patient's litter would be put to good use to transfer patients from stretcher to bed and generally around the hospital.

Minister of Northern Affairs the Hon. Alvin Hamilton announced that an expenditure of around \$200,000 was authorized on a winter works program in Shaganappi Park this autumn.

The program will involve approximately 1,500 months of work. Recruitment of personnel will be based year by year as it proved satisfactory for the Northern Affairs department.

Ahead from getting essential work done in the first period covered is from November 1 to March 31, it is hoped that most of the men will be employed during the

The largest single transfer of real estate in Edson history was completed on Monday of this week when Mr. Matheson sold his shares in Commodore Hotel Co. Ltd., Earl Kierulder and sons, who own a chain of Alberta hotels.

The Commodore Hotel was built by Mr. Matheson in combination with a succession of partners. Recent Matheson acquired all of the shares in the company.

The new owners will take over the company on the first of the new year. Mr. Walter Fowler, the general manager, will continue to head the local staff.

In an interview with The Leader, Mr. Kuebler said that he and his sons have had their eye on Edison for some time, but look forward to doing business in this wide-awake town.

Switch to GIL DIESEL POWER

The American industry has one of Canada's most comprehensive. To meet the challenge of their competitors, Diesel power can take full advantage of the advantages and lower operating costs. One machine can do it better.

in GIL DIESEL POWER.

Not only can you lower your operating costs on your current and future plants, but GIL DIESEL can also really be relied on for your starting, running, and maintenance and repair requirements. All of these extra capabilities will give you the same benefits of every power in the world.

When a GIL diesel engine is required after switching from other engines to GIL DIESEL, POWER—Production increased 40% or more—costs less than 50% in two years. The engine has never been down for repairs. "More and on less fuel. That's a big saving operation that really means profitable logging and successful operation in any use in GIL DIESEL POWER. That is a fact proven by many case histories and testimonials on GIL DIESEL."

Final plans are being completed for the three day convention of Jewish's Wilderness to be held here December 12, 13 and 14.

Marion Schreiber, vice president of the Elson Cragg Foundation announced that the Elson Hall had been selected for the meetings. The sessions will begin on Friday evening December 13 at 7:00 P.M. The climax will come Sunday afternoon.

All meetings will be open to the public and will be patterned after those of the large international assembly held by Jehovah's Witnesses in New York City last year. The Fall will be the first gathering of this type to be held in the United States.

Deer M. Paul Grande Prairie and Peace River. Registrations in Edmonton will be taken on the Highway Building, Edmonton. In the case of trucks regarding the mail this must be done on the form provided for this purpose which can be obtained at the foregoing offices.

The Department is planning a trucking system of employing trucks to haul winter stock and promissory material, etc., established for the winter stock plan that is being undertaken on a day labor basis. In order to make this program it will be necessary to have trucks available. It is likely that there will be depletion from Edmonton to specific jobs.

An endeavor will be made to place trucks as close as possible to their homes but the local labor clause will not be followed.

the trucks from the truck yard, and the truck figure is arrived at after repairs are made on the truck laid off and another truck is delivered.

The method also reduces the necessity of trucks changing from one place to another in search of work and while it will not guarantee that the truck will make it possible for a large majority of trucks to be at least partially loaded, it will, of course, stave the winter by getting the money on a running figure on the trucks and will be a great benefit to the owner of trucks.

During last year a practice of "loan trucks" was changed, the trucks were loaned to the owner of the truck in order to qualify as a loan truck. It was so difficult to keep track of the trucks that it was not found unfair to say that the trucks should be loaned to the owner of the truck and the practice was discontinued.

The reduction will also permit the selection of one truck per owner and will thereby forestall the possibility of

Market Forces 10 Day Shutdown for NWP & P

Operations will be closed from 5:30 P. M. to 6 P. M. due to market conditions, commencing 5:30 p.m. for October 24 and continuing to 8 a.m. January 2nd.

In presenting the company's position, a general bulletin issued by Resident Manager H. R. Collins, stated: "Our sales force is still finding difficulty in getting orders." "The company's cash position continues to be difficult."

After giving the period of time involved in the shut down, the bulletin continues: "This (shutdown) will allow the Company to recover some cash from the inventory on hand which we expect to have by the 15th of December there is over a million dollars of value tied up in our pay warehouse at the present time."

Depressed marketing conditions for the pulp and paper industry, which have caused cutbacks in production throughout many points in the continent, has not vitally affected N.W.F. & P. until now. The present situation will not affect the basic operations for the second season.

By combining the shutdown with the holiday season, some operating crews will not be impacted. Maintenance work, will however, be called out, and according to the company bulletin "every effort will be made to distribute the work load fairly, having due regard to seniority." The paramilitary supervisors will advise their crews of their reporting time, after the holiday shutdown.

Largest Real Estate Operation Was Early Edison Exploitation

We were reminded by one of Edison's business associates that while the story we ran last week on Mr. Madison's disposing of his shares in the Commodore Hotel Co., Ltd., is the biggest single real estate deal in Edison's history, the early exploitation by the real estate company selling lots in a non-existent town probably totaled more.

In common with other prospective towns in the West through which the railways were going to pass, Edison's lots were promoted by private companies as fabulous and unobtainable real estate. Much of the promotion was by high pressure operators from the United States and Eastern Canada. Such phrases as "The Pittsburgh of the West" and "Chicago of the West" were typical descriptive phrases used to describe the possibilities of Edison and district.

It was during the same period that lots were sold all over the world. Thousands and thousands of dollars were turned over to the promoters by people who had never even seen the land. One of the last, however, let their knowledge be forgotten when they

found they would be valuable for many years yet. Others faithfully paid their taxes the day in Australia still pays here. The lady was annoyed several years ago when the town offered to trade her lot, which was two miles south of the U.N. depot and much in the morning, for one dollar in cash and to be more valuable in the reasonable future.

It is a common thing for Edisonians on a trip to run into people who say "Edison, eh?" "I sure lost some money there in 1910-12." "I ran into an editor from Montana who I stuck for \$5000. At the recent newspaper convention in Edmonton. When we were in Germany after the recent war, a British Army major told us about 115 lots and how much he got stuck for.

The senior government has not learned a much through the years though. New towns, recently formed in the province are being turned over to private companies for development. Although the most recent, Hinton, saw a considerable amount of provincial supervision exercised on lot prices.

Letter To The Editor

Dear Sir

Mr. Johnson, Wilfrid, pro-
posed:
A misanthropic group the
Aboriginals, Wilfrid, like you
themselves in random the cheap
of the established conventional
religion, and set themselves up
as fast as chosen people. This
group attempts the Bible in suit
it's own purpose, the power the
possibility to use on their available
followers who believe it is pos-
sible to become a Christian after
one has died.

If the Indians would admit
to be, that is, it is not pos-
sible to become a Christian, an
early that it takes years of faith
discipline and study of their world
view, they would not allow themselves
to become a part of this anti-bis-
hop.

Those who are awakened up by
faith with words, come away
discouraged and feel small. As
long as the Indian religion is the
federal path, all is well they
are the right but when the hand
were set on and the high gods
and they have and the religious
background to give the in the need
of support.

When the Indians to join, and
the Indians, back to all the
the church of our forefathers
of the church of our forefathers
that who come to be awakened
there was still to fight with
and help to be, a happy
and devoted Christian for all
time.

and long life.

Loggers Prefer McCulloch
Only McCulloch, manufacturers of the world's greatest chainsaws, could make such an outstanding use of such a low price—and then give you greater value by equipping it with LUBRIMAC, the revolutionary new system that cuts the chain directly from the fuel mixture.

Think of it: 10 more cut cuts, no more messy about running out of oil, no more manual push-button mixing. As long as you have fuel in your tank your chain saw is fed and automatically LUBRIMAC is in action with automatic oil with through the fuel. McCulloch's famous "Lubrication" and other famous McCulloch features.

Child Discipline Discussed At Niton

The meeting of the Home and School Association was held on Dec. 3 with 20 members and guests present.

It was decided to have a Christmas Auction in January. Donations will be appreciated and may be left at the school.

Mr. Kondruk spoke on the necessity of good attendance by children at school in order to keep up with their school work because of absenteeism. The need for homework is stressed as it also gives the child additional instruction and practice in the work. The school work and home

work go together and a combination of both is needed to produce a well rounded education.

A panel discussion on child discipline was held. The teachers were Mrs. Dye, Mrs. Hall and Mrs. McArthur. The parents, Mrs. Hall, Mr. Christensen and Mr. S. Phillips participating. Questions asked were: (Children discipline out later than parents allow.

What disciplinary action should a teacher take if the children do not do their homework without a valid excuse? Solution:

(a) Deprive them of recess
(b) A direct letter to the parent
(c) Bring parent, teacher and
pupil together

A general discussion followed.
Classrooms from grades 7 to 11
were open for inspection after
this, coffee was served.

Mr and Mrs Thomas Hoir of Hinton wish to announce the engagement of their daughter Jean Florence to Alexander John Tran, son of Mrs Mary Tran of Edou. The wedding will take place Saturday, December 27 at 2 pm in the Sacred Heart Church, Edou, at 2 pm.

Christmas Is Bazaar Time

The Christmas season, as well as being a busy time of preparation for family fun and holidays is also a busy time for members of church groups and other organizations who hold annual Christmas bazaars.

An especially successful one was held last Friday evening at the home of the United Church where members of the Christian Reformed Church held a dinner and evening of entertainment to help raise money for a new church organ. There were games for young and old and

prizes for the young folk. An auction sale was held at which auctioneer John van Bock rolled in a wide variety of items. There was a horse sale and tea served at which the patrons could relax and visit with their neighbors.

Despite the fact that the weather was very cold and miserable and many of their countrymen were ill, they could not afford money. In 1883 was raised for the first time.

W. Dixon Is Pears Operator

Mr. W. Dixon of Peoria is the operator running the elevator at Peoria for the United Grain Growers.

According to Mr J Fairholm and Mr C Norrison who worked with the former MP to get the elevator open it will remain open for a period of six weeks from November 1984.

Farmers who have not yet got permit books are urged to do so immediately as this area qualifies under the acreage payment plan for the Federal PYAA.

'Share Christmas' Party on Sunday

Members of the Edmon Optimist and Opit Mr. clubs and their kids will be holding a "Share Christmas" party this Sunday at 2:30pm.

The idea behind the party is for every child to bring a gift which will be turned over to an agency in touch with needy families, who would be able to distribute the gifts to boys and girls in the area.

Soccer Club Plan Training

Members of the Edison soccer club met last Friday evening to discuss plans for training.

Two possibilities are being looked into as a hall for weekly practice sessions. It is anticipated training facilities will be secured in early January.

The club's help raise funds for the club's help planned for January 18. The game will be held at the home of the club and invitations will be sent out soon.

Membership cards for 1950 are now available from secretary J. Ross Sheddall at 601 64th Avenue, Edison. Cards will be held Friday, January 9.

The newspaper men have been chosen by the Louisville Courier-Journal to interview the "Loser."

When the last members were shown to go to the Lander this week none of the several prizes was won.

Nick Voths was one of several who gave several times, including \$100.00. Several others also gave \$25 or more. Several prizes however are still up for grabs.

Newspaper editors are becoming popular all across Indiana. They are being asked to give prizes as good as any.

Glee Club To Meet After New Year

The members of the Edoon Glee Club have announced that they will be practicing this evening Monday but that the club will get down to serious business on Monday January 12. The practice time will be seven thirty as it is now and will be in the A. H. Danks School as usual.

A reorganization meeting will get things underway when club members will meet on a practice for the next year and some of the problems that have come up this fall term will be taken up.

There is still time to practice singing for the annual Christmas Festival to be held next spring at the Jubilee Auditorium, but Mr. G. E. Givens of the Edoon Post-Office has learned the Edoon group that they must leave their music well. He is willing to attend a practice once a month or more on the program made for the music is well under the track of the Edoon group.

The executive of the Glee Club would like to see more members of the club that there will be no more danger of their being locked out of their practice place as they are having a busy time to find that difficulty.

SEASON'S GREETINGS
At this happy time of year, would like to take the opportunity of wishing a very Merry Christmas and a happy and prosperous New Year to all farm families in this district. Perhaps one of the greatest rewards in this work is the friendship and association that makes the few short years I have been here so where. And as I look forward to another year of working for you and trying to be of assistance to you, I sincerely hope that 1937 will be the best year yet in all the form of this district.

ABOUT BROOD SOWS

For this winter, it appears that farrowing sows have been kept up to 40 per cent in some cases. Many sows will be starting to farrow early in March and later times run by can be farrowed even as late as May.

It is very little or no water, and more to a very poor substitute for water.

Letter to The Editor

Editor, Leader.

It is not possible to get along in this world of property to go up in flames when a fire breaks out. The use of alcohol cannot be over emphasized in some cases, as green alfalfa or fish oil is being fed to the sows to supply this work in the friendship and association that makes the few short years I have been here so where. And as I look forward to another year of working for you and trying to be of assistance to you, I sincerely hope that 1937 will be the best year yet in all the form of this district.

WHEN I WHINE

The other day upon a bus,

I saw a girl with golden hair,

I loved her—she looked so gay.

Then suddenly she rose to leave,

And I missed her as she went.

I watched her bubble down the aisle,

She had one ring, and was a smile.

And she passed—a smile,

Oh that I could see her smile.

Oh that I could see her smile.

Oh that I could see her smile.

Oh that I could see her smile.

Oh that I could see her smile.

Oh that I could see her smile.

Oh that I could see her smile.

SEASON'S TREATINGS

★ CALGARY is different—more
refreshing, more satisfying
because it's made with pure Rocky
Mountain spring water.

The illustration depicts a festive winter scene. On the left, a smiling man in a suit holds a tall stack of four Calgary Ginger Ale cans. In the center, a large, light-colored stocking hangs from a mantelpiece. To the right, a fireplace with a brick pattern is visible, with a small vase of mistletoe hanging from the mantel. In the foreground, a box of Calgary Ginger Ale is shown, featuring the brand's logo and the text 'BUY THE CASE!' and 'GET ROCKY ALE'.

Christmas Here and There

By JOHN BRADGLEY

I send Christmas, or 365 of the most of the best of the year, to the readers of the Leader. The year has been a long one, but it has been a good one. I have had many friends and many enemies, but I have had many more friends than enemies. I have had many good days and many bad days, but I have had many more good days than bad days. I have had many good nights and many bad nights, but I have had many more good nights than bad nights. I have had many good years and many bad years, but I have had many more good years than bad years. I have had many good friends and many bad friends, but I have had many more good friends than bad friends. Good Mistletoe . . .

By G. R. MONTGOMERY

Why is mistletoe so dear to Canada? It is true that you can buy sprigs of the stuff wrapped in plastic from flower stores but there is little of it around.

In England, no home is properly decorated for Christmas without a white holly sprig of mistletoe hanging from the ceiling.

It is a tradition, my girl who says, under the mistletoe can be kissed.

European mistletoe which has no holly leaves on it, does not grow in North America.

There have been rumors of mistletoe made by the British in Canada, but my friend tells me that this is not true.

If you kissed a girl under a mistletoe, she would be the happiest girl in the world.

"Mistletoe" is the big brother in Europe, it is a parasite plant which clings to trees and shrubs.

In Britain, mistletoe grows on oak trees, apple trees and other trees that shed their leaves in the autumn.

Mistletoe growing on oak trees has served as the mistletoe for the British, the French, and the Germans.

Christmas Eli Concerned With Well-Being Of Cattle

Eli Niemi was not exactly a Finnish version of Santa Claus. He was an effish little old man who lived in the area and was primarily concerned with the well-being of the cattle keeping them quiet and contented cattle for those of the stable hands neglected their duties.

Niemi's name and association with Christmas, probably stems from his legendary remedy of having a heart piece and contentment. The said he believed that if a person ruled or played all sorts of games like tricks upon the animals, they would be content.

When Father Carved The Boar's Head

What Boar's Head is a Christmas dinner today, the boar's head was to the Valdeboe family of Montreal, England.

Preparation for the feasting began during September or October when the boar's head was in its best. Hunters tracked the animal down with well trained packs of four hounds and it was dangerous sport, attacking the ferocious beast with spears or surrounding him and driving him into a net.

His car was his most valuable asset, but before the day could get a gift on it and the day done, his sharp teeth could wound sometimes even killed the hunter and his dog.

Never the less, the pluck of the year, the boar's head was being used, the master the head was being used, the master the head was being used, the master the head was being used.

New Year's Eve Festive Occasion For Native Scots

SCOTSMEN never around much enthusiasm in Scotland — but on New Year's Eve the Wensland men around, filled with gaiety and sociability, feasted.

Feasting atop the Wensland head, upon the occasion of the "apple-bowling" when boys scratched the tracks of first four persons, a good hunting crop" somewhere. The "hunts" used to be the occasion of the Wensland head is often called, a great amusement of the first of the month of 22 to the first one on doing, made the first good luck during the coming year.

Handful thinking — the Monday after New Year's, is traditionally the "day" for Scotch boys and girls, and, in addition to being the Scotch day of gift giving, it is a day of feasting and games.

Would wonder, that families and friends gather on New Year's Eve to "Drink a cup of kindness yet For Auld Lang Syne."

Now that the time has come around.

Our Service, Christ was born, The letter's full of love and peace.

The granary's full of corn, As God hath plenty in His word, Take comfort of His labors, And let it never thus repeat To meet the needy neighbors.

Wishes (Anonymous 1798)

For the Valdeboe and the coming year we with all of our many friends a full measure of happiness and health.

Mr. and Jacobs of Jacobs Machine & Supply is offering a hundred dollar reward for information leading to the recovery of \$150,000 worth of chain saws and chain saw parts sometime Tuesday night, Oct. 10, 1979.

They have with some sort of transportation entered his chain saw workshop on lower Main Street, Edison, at a side window. Taken were eight chain saws, and about 40 saw parts.

Four of the saws were ZIP in the new blue color with serial numbers B25671, B25674, B23140 and B23158.

Three were red model 17-39 with serial numbers T02099, T01682 and T01682. Another was a red model 17-39 with serial number 772936 and T029723.

In addition there were 35 Oregon chainsaws in red and white Husqvarna logs.

The Junior Auxiliary of St. Catherine's Church held their third meeting of the fall on Monday, October 8 in the Parish Hall. Fourteen members were in attendance with the girls under the supervision of Mrs. W. Bruce, Mrs. Ron Rios and Miss Sharon Street and Miss Beth Ashwell.

The girls will be working for their stripes and badges which they gain when completing different sections and activities in their books. There will be no JA next Monday, Thanksgiving Day. All girls ten years and over are welcome.

A crowd of thirty ladies gathered at the home of Mrs. John T. Davidson last Friday evening in honor of Miss Caroline Neve with a musical dance and shower. Mrs. Doug Stittler was co-hostess.

An enjoyable evening was spent in card games and contests with the highlight being the presentation of the many lovely and useful gifts. It was thanked very graciously for their thoughtfulness by Miss Neve. Her delicious luncheon served by the housewife brought the evening to a close.

Miss Neve's marriage to Mr. George Harrison will take place this Saturday.

—Teddy McLeod being a teachers' man and holding the books while they put on the suits. The other day I noticed he was stuck to the boards with five hundred books and nervous farts throughout the lecture. It seems to me I have seen this old girl holding Teddy's books from while he put on his coat.

Another of Edson's real steady crowd, wearing matching shirts and white cords to the school dance Friday night. If that isn't wearing one's heart on one's sleeve.

—All the girls reaching the doors of the school Wednesday afternoon shivering and looking out at the heavy snowfall that occurred while they sat and worked on their papers.

Plans are being made by the hockey men who are getting into the city on the long weekend while the teachers have their own convention.

—Fourteen of the boys turning out to play basketball on Wednesday. Not bad for a first tryout. It's hope this year's team lives up to what the Edison team lives up to.
